MARKETING

One of the most important parts of any market animal project is marketing. This may include writing letters and talking to prospective buyers. Color in the face, a smiling face is a good action; a frowning face is a bad action. (see the example)

Good Marketing Practice

Poor Marketing Practice

	Send a picture to your potential buyers	
	Send reminders to attend the auction	
	Go with an adult to speak with your potential buyers and try to answer their questions	
	Know what kind of feed you use if asked	
	Only go to the grocery stores or the bank	
	Only thank those who agree to be listed as a potential buyer	

ANIMAL CARE AND MANAGEMENT

Your project requires regular care and management. List the things necessary to take care of your project animal(s).

Include the following:

- ✓ Feeding and watering practices
- ✓ Grooming (clipping, toenail trimming, etc.)
- ✓ Health practices and medicines
- ✓ General Management (cleaning cages/living area, etc.)

Daily- Things done once or twice a day
Weekly- Things done once or twice a week
Monthly- Things done once a month
Yearly- Things done one time or occasionally throughout the year

COST OF YOUR PROJECT

INVENTORY- EQUIPMENT/SUPPLIES/MISCELLANEOUS

**** have your parent, leader or an older teen in your club work with you to help you understand this portion of your notebook- expenses, etc. ****

At the beginning of the project year take an inventory of what equipment & supplies are on hand.

Add new equipment or supplies you purchase to the list. Estimate a cost value for any shared equipment (ex: 1 set of nail clippers shared between 3 members $\$21.00 \div 3 = \7.00 each.)

Amount & Kind	Already Owned Or Purchased	Purchase Price
<i>Example: rabbit pen</i>	<i>Already Owned</i>	
<i>1 feed bowl</i>	<i>Purchased</i>	<i>\$3.00</i>
Miscellaneous Expenses- if any (ex: breeding fees, cost of does, bucks, bunnies, medicines, etc.)		
<i>Example: 4 bunnies</i>	<i>Purchased</i>	<i>\$40.00</i>
Total (A)		\$

FEED RECORDS & EXPENSES

Keeping good feed records is important. Good records show your expenses for feed and what kind of feed you use for your project. A good practice is to enter your feed expenses when you buy feed. Home-raised feeds should be valued at market price- what it can be sold for.

Date of Purchase	Amount Purchased (lbs.)	Cost or Value
TOTAL (B)	Lbs.	\$

MISCELLANEOUS INCOME

List any income received. Examples: Selling additional offspring, fur, premiums from shows, etc.) If none just write NONE.
