PREFACE

These 4-H horse and pony project uniform rules are written to standardize the judging and evaluation of 4-H horse shows across Michigan. The rules will be followed at the State 4-H Horse Show. For county horse and pony project rules, please contact your local MSU Extension 4-H staff. (You can find your local MSU Extension office by visiting extension.msu.edu.) We intend with this publication to provide educational information about the various types of horses and classes represented in the Michigan 4-H horse and pony project.

We appreciate the help of the US Equestrian Federation in developing this guide. USEF rules are copyrighted and are reprinted here with their permission. We thank the American Quarter Horse Association, the Pinto Horse Association of America, the Pony of the Americas Club, the National Snaffle Bit Association, the National Reining Horse Association, the Racking Horse Breeders Association of America, the International Side Saddle Organization, the Tennessee Walking Horse Breeder and Exhibitors Association, the Palomino Horse Breeders of America, the Western Dressage Association of America, and the American Ranch Horse Association for the use of excerpts from their rulebooks.

Some information in the Dressage Division is © 2015 United States Equestrian Federation Inc. (USEF). Reprinted with the permission of USEF. All rights reserved. Reproduction without permission is prohibited by law. USEF is not responsible for any errors or omissions in the publication or for the use of its copyright materials in any unauthorized manner.

This book was designed and illustrated by Valeria Gonzaga, former graphic design intern, and Abbey Warren Miller, alumni and development communications manager, ANR Communications and Marketing.

Special thanks to former Equine Extension Youth specialists Kelly Boles Chapman, Stacey Doumit, and Taylor Fabus, as well as to past and present members of the State 4-H Horse Show Rules Committee and the 4-H Horse Judges Advisory Committee for their tireless efforts. If we have left anyone out, it is unintentional, as everyone's efforts are greatly appreciated.

Karen L. Waite

Equine Extension Specialist
Department of Animal Science
Michigan State University

GENERAL RULES

1. In this book, “horse” refers to all equine, including ponies, mules, and donkeys.

SAFETY

2. The primary responsibility for the safety of the exhibitor rests with the exhibitor and with the exhibitor’s parent or legal guardian. A judge may excuse any unsafe vehicle or equipment or any unruly horse from competition.
3. **Protective headgear**—All participants in all hunter (over fences, on the flat, and bareback), dressage, bareback, saddle seat, and gymkhana classes are required to wear properly secured protective riding helmets whenever they are mounted. The helmets must meet the specifications of the American Society for Testing and Materials (ASTM), must be manufactured and distributed by a participant in the certification program of the Safety Equipment Institute (SEI), and must bear the SEI certification label (SEI F1163 or above). The exhibitor (or their parent or legal guardian if the exhibitor is a minor)—not the local show officials or judge—is solely responsible for complying with the headgear rule. Show officials reserve the right to spot-check helmets at any time to verify compliance with this rule.

It is highly recommended that all 4-H members participating in horse shows, practice events and any other riding activity wear protective headgear. There will be no discrimination against protective headgear, even if the style does not match the style of riding. Harnesses must be secured and must properly fit the head. A well-fitted helmet should stay on the rider’s head when the rider bends over at the waist and shakes their head from side to side.

4. In all western, English, and gymkhana classes, tying or securing the rider or any part of the rider in the saddle or to any other equipment is unsafe. Such action will disqualify the rider.
5. The size of a horse should be suitable to the size of its exhibitor, and the temperament of the horse should be equal to its exhibitor’s ability.

AGE POLICIES

6. “4-H age” will be determined by a young person’s age as of January 1 of the 4-H program year (which runs from September 1 through August 31). Exhibitors’ ages for statewide 4-H activities are determined by their ages on January 1 of the current calendar year.

CLOVERBUDS (5- TO 7-YEAR-OLDS)

7. All 4-H cloverbud activities (for 5- to 7-year-olds) must follow guidelines set by the State 4-H Office. Please check with your local MSU Extension 4-H staff for details. When younger children (aged 5 to 7) are involved in the 4-H horse project, all adults and older children must be aware of the youngsters’ safety. It is suggested that 5- to 7-year-olds learn about horses using activities that keep them safe and foster long-term interest in and excitement about the project. Extra adults should be on hand to help 5- to 7-year-olds before classes and as spotters during classes.

8. ASTM-SEI-approved safety helmets must be worn by youth aged 5 to 7.

9. It is important to remember that recognition of children aged 5 to 7 must be developmentally appropriate. Children aged 5 to 7 must not be put into competitive situations and must not be ranked. It is appropriate, however, to recognize the child’s participation. It is also appropriate that a caring, nurturing adult provide the child with information about the strengths of the child’s project and where the 4-H’er might improve the project. Please contact your local MSU Extension 4-H staff for copies of the Michigan 4-H Participant Age Policy (<https://bit.ly/381owgN>) and the Michigan 4-H Cloverbud Learning Guidelines (<https://bit.ly/37O5fiO>).

10. Five-year-olds may be involved with equine on a halter and lead. Each cloverbud must be directly accompanied one-on-one by a parent, guardian, or adult volunteer who is on foot holding the animal’s halter or lead to maximize safety.

11. Six-year-olds may engage in the same activities listed as appropriate for 5-year-olds, or may ride a horse unaccompanied, but only at a walk. Adult should be in the ring with the cloverbud at all times.

12. Seven-year-olds may engage in the same activities listed as appropriate for 5- and 6-year-olds or may be involved with an equine on a halter and lead, unaccompanied by an adult on the ground (for example, in a fitting and showing-type class) and may participate in walk-trot events with adult volunteers in the ring at all times.

ANIMAL OWNERSHIP

13. 4-H members are encouraged to work with horses they or their families own. Animal ownership is encouraged but not required. An animal does not have to be registered in the member’s name. However, an animal must be in the 4-H member’s continual care as much as possible and must be designated as the member’s project animal by the specified county deadline. County deadlines may not be later than May 1 for an exhibitor to be eligible for the State 4-H Horse Show.

BREED CLASS REQUIREMENTS

14. All registered horses shown in breed classes must meet the requirements of their breed associations. 4-H horse projects embrace the use of different breeds and, while 4-H has general standards, judges should recognize show ring competence that follows the standards of the breeds being shown. Judges are expected to be familiar with all breed standards.

STALLIONS

15. Stallions can only be shown during the calendar year in which they are foaled.

PERFORMANCE REQUIREMENTS

16. It is strongly recommended that judges use pattern work to place at least the top individuals in horsemanship and equitation classes. Patterns shall be worked in championship showmanship, equitation, and horsemanship classes.
17. If patterns are used, railwork is optional.

- 18.** In performance classes, judges should specify the gait to be used after calling for a reverse. If a judge does not specify a gait, riders must continue in the same gait used before the reverse. A reverse should not be called for at a canter or lope during rail work.
- 19.** In all classes where backing is required, the judge may require only finalists in the class to back their horses.
- 20.** Judges may require exhibitors (dismounted) to drop the bit for inspection before or at the conclusion of any class.
- 21.** Judges are strongly encouraged to submit score sheets for classes such as trail, western riding and reining to show management to be used for educational purposes.

EQUIPMENT BREAKDOWNS, ANIMAL LAMENESS & FALLS

- 22.** Judges will examine and check all horses brought into any class for lameness. This is essential. Obvious lameness shall be cause for disqualification. Obvious lameness is:
- Consistently observable at a trot under all circumstances.
 - Marked nodding, hitching, or shortened stride.
 - Minimal weight-bearing in motion or at rest; inability to move.
- 23.** If tack or equipment breaks or a horse loses a shoe and the exhibitor cannot safely complete the class or course, they may be disqualified. However, if the exhibitor can continue the course despite the difficulty and without cruelty to the horse and without causing a safety hazard, the exhibitor may continue and complete the class or course.
- 24.** A competitor is considered to have fallen when they are separated from the horse in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when, at the same time, its shoulder and hip on the same side have touched either the ground or an obstacle and the ground.

APPOINTMENTS OF HORSE & RIDER

- 25.** Exhibitors and judges should always remember that entries are to be judged on ability rather than on personal attire.
- 26.** Contestants must be penalized for incomplete appointments. The penalty will depend on the nature and extent of the omissions or the inappropriateness of the appointments. Formal evening clothes are inappropriate for daytime classes.
- 27.** Tack and equipment with silver ornaments is not preferred over good, solid, clean, properly fitted working equipment. Flowers (except as noted under appointments) and dangling jewelry are not acceptable. (**Note:** Female exhibitors in any riding style are permitted to wear hijab. They may not be asked to remove the hijab and may not be penalized for wearing it.)

28. Protective headgear—See General Rule 3 for complete information on protective headgear. It is highly recommended that all 4-H members participating in horse shows, practice events, and any other riding activity wear protective headgear. There will be no discrimination against protective headgear, even if the style does not match the style of riding. Helmets and helmet harnesses must be secured and must properly fit the head.

29. Footwear—4-H members should always wear boots designed for horseback riding when handling or riding horses at 4-H events. Tennis shoes, sandals, and flip-flops are not acceptable.

30. Numbers—Exhibitors must display a visible number or numbers in all classes. Shows are encouraged to use numbers only, without letters. Any exhibitor failing to display a number or displaying the wrong number will be penalized at the judge's discretion.

SPORTSMANSHIP, FAIR PLAY & HUMANE TREATMENT OF ANIMALS

- 31.** If a situation arises that is not covered specifically by this rule book, US Equestrian Federation (USEF; <https://www.usef.org>) rules may be used as a guideline. If USEF rules do not address the issue, American Quarter Horse Association (AQHA; <https://www.aqha.com>) rules may be used as a guideline.
- 32.** Good sportsmanship is to be displayed at all times by all exhibitors, their families, and spectators. Good sportsmanship is defined as respectful treatment of judges, show management, other competitors, and all horses and other animals involved. In addition, respect for the tradition of the sport and spirit of showing horses is paramount. Any individual not displaying good sportsmanship may be disqualified or excused from the event at the discretion of the judge or governing body of the event.
- 33.** Overt coaching from outside the arena will be penalized at the judge's discretion.
- 34.** No person on the show grounds may treat a horse in an inhumane manner. The show grounds include, but are not limited to, the barns, stalls, practice areas, and show arenas.
- When a report or discovery of inhumane treatment is made, show management will investigate the incident and report it to the appropriate authorities and MSU Extension staff. The standard for measuring conduct or treatment is that which a reasonable person, informed and experienced in generally accepted equine training procedures, would determine to be cruel, abusive, and inhumane.
- 35.** Exhibited animals should not be excessively thin or fat but should demonstrate a body condition score of 4 or greater, as determined by the Henneke Body Condition Scoring System. For more information on body condition scoring visit <https://horses.extension.org> and search on "horse body condition scoring."

- 36.** All equine-related state laws are to be followed at 4-H events. Counties or specific events may have additional health guidelines, and it is the responsibility of the exhibitor's family to be aware of these.

HEIGHT MEASUREMENTS

- 37.** Ponies must measure 56 inches or less at the withers. Shod ponies will be allowed $\frac{1}{2}$ inch for the thickness of the shoes.
- 38.** When measuring the height of a 4-H project horse:
- Stand the animal on a smooth, level surface so the front legs are vertical and the back of the hocks are in a vertical line with the point of the horse's hip (see fig. 1).
 - Hold the animal's head only low enough to reveal the highest point of the withers and no lower. With the horse in this position, measure the vertical distance from the highest point of the withers to the ground.
 - Place the arm of the measuring standard over the highest point of the withers; no measurement taken at any other part of the horse's body shall be accepted.

The standard shall be a straight, rigid, official measuring stick and should be provided with a plumb bob or spirit level to make sure the standard is perpendicular from the withers to the ground and that the crosspiece is parallel to the ground.

- 39.** Miniature horses will be measured in accordance with American Miniature Horse Registry guidelines (<https://www.shetlandminiature.com/rulebook>).

Figure 1. Measuring a horse.

JUDGING ETHICS*

Michigan 4-H judges should always conduct themselves as professionally as possible and should refrain from putting themselves in positions that may be perceived by others as unprofessional.

- No horse or pony that has been leased from or sold by a Michigan 4-H horse judge within 6 months of the show may be shown before said judge.
- Judges may not adjudicate classes in which any of their family members, clients, or horses or ponies are competing.
- No exhibitors, or their horses or ponies, may show before a judge with whom, within 3 months of the show, they, or their parent or guardian has had any financial transactions related to instruction or the sale, purchase, lease, board, or training of said horses or ponies. (Stud fees and broodmare board excluded.)
- Judges should not appear on the show grounds more than 30 minutes before judging is to begin. Judges may not visit in the horse barn, nor with owners or spectators, before or while judging.
- Exhibitors, family members, trainers, and others may not approach the judge before judging is done unless the ring steward or other show staff are present. All requests to speak to the judge must be made through the ring steward or show staff.
- Michigan 4-H horse judges are prohibited from smoking or chewing tobacco, or using cellular devices in the arena while a class is being judged, except for communication devices used and approved by the show committee.

*Adapted from the 2018 POAC Official Handbook (Bylaws and rules).

GUIDELINES FOR RING STEWARDS

The ring steward is best described as the judge's assistant. The steward works with the judge, the announcer, the gate person, and the exhibitors to ensure that the show runs smoothly and efficiently. A 4-H ring steward should have showing experience and should at least be a 4-H teen aged 13 and up. The duties of the ring steward include:

1. Meeting with the judge, the announcer, the show chairperson, committee members, or superintendents as soon as possible before the show begins. Any special rules applying to the show should be discussed. The number of entries at which classes will be split, and who is to be responsible for keeping track of splits, should be decided.
2. Carrying a copy of the show class list, 4-H rules (this book), and any special rules for the show. The ring steward should help keep the judge informed of the type of class being judged.
3. Knowing when all of the entrants in a class have entered the arena and checking for scratches.
4. Helping keep the ring safe by watching for unruly or unsafe horses and asking the judge to excuse them.
5. Paying special attention to young or inexperienced exhibitors and helping to keep them safe.
6. Working with the judge, the announcer, and the arena gate person to help keep classes moving.
7. Being as courteous as possible to all involved. However, the ring steward should not "visit over the fence" with spectators, with exhibitors, or with the judge.
8. Staying out of the judge's line of vision.
9. Not helping the judge place the class in any way.
10. Acting as a buffer between the judge and the exhibitors and spectators.

FITTING & SHOWING DIVISION

In judging 4-H fitting and showing classes, judges should emphasize the exhibitors' ability to handle and show their horses and to recognize breed customs, with safety as the major consideration.

The horse's conformation is not judged, since the horse is considered a means of displaying the exhibitor's abilities.

The judge or show management will designate a pattern to demonstrate the exhibitor's ability to handle and show the horse to greatest advantage. Patterns are not limited to the examples provided in this publication.

APPOINTMENTS OF HORSE—Tack must be clean, neat, supple, and properly fitted. Appointments of the horse for the various divisions follow.

- **Western**—Horse must be shown in a halter. The use of a chain end lead shank with the chain under the horse's jaw or over the horse's nose is permitted for safety reasons.
- **English (saddle seat type)**—Horse may be shown in a bridle if over age 2. (**Exception:** Arabians may be shown in a suitable show halter at any age.) The snaffle rein should be removed or secured to the mane at the withers. Whips or crops may be used with discretion.
- **English (hunter seat type)**—Horse may be shown in a bridle (snaffle, kimberwick, or pelham) if over age 2. A plain leather halter with throat latch is also acceptable.

APPOINTMENTS OF EXHIBITOR—Exhibitor appointments must be clean and neat. Appointments for the various sections follow.

- **Western**—Exhibitor must wear a western hat or protective headgear, western boots (**fashion heels are prohibited**), a long-sleeved shirt with a collar (including standup, tuxedo, oxford, button-down, turtleneck, and mock turtleneck) and long pants. If the pants have belt loops, a belt must be worn. A tie, pin, choker, necklace, or scarf is required for open-collared shirts. Gloves are optional.
- **English Saddle Seat**—Exhibitors must wear jackets in conservative colors such as black, blue, grey, or brown in fitting and showing. Riding habits for equitation classes will consist of a jacket (with collars and lapels of the same conservative color) with matching Kentucky jodhpurs (with pants straps to hold jodhpurs in place), a collared shirt, tie, vest, and gloves. A derby of matching color or protective headgear may be worn. Boots should be jodhpur boots of patent leather or leather in complementary colors. Conservative colors for informal riding habits include black, blue, grey, burgundy, green, beige, or brown, and may contain herringbone, pinstripes, or other combinations of colors that appear solid. For exhibitors riding in the pleasure division, day coats may be worn. Derby may match Kentucky jodhpurs. Whips and unrowelled spurs are optional.
- **English Hunter Seat**—Entrants must wear hunt-style jackets or blazers in conservative colors (including but not limited to black, blue, hunter green, brown). Traditional hunt shirts in conservative colors are required, including but not limited to white, ivory, pale pink, lavender, yellow, green, blue, or subtle patterns. Riding breeches and hunt boots or jodhpurs with garters or legging straps

and jodhpur boots, are required. Recommended colors for breeches include tan, rust, grey, or olive. ASTM-SEI-approved hunt caps are required when riders are mounted. Approved hunt caps are optional in fitting and showing; however, some form of hunt cap must be worn when exhibitors are wearing hunter seat attire. Regular ties or stock ties and stock pins are acceptable.

Note: Numerical breakdowns of criteria evaluated in each event will be provided throughout this book. These breakdowns don't represent every judge's scoring system, but are shared for educational purposes only.

Fitting & Showing Criteria	Points
Appearance of horse	40
Condition & thriftiness (20)	
Grooming (15)	
Tack (5)	
Showmanship	40
Actions (10)	
Leading (15)	
Posing (15)	
Exhibitor presentation	20
Attitude (5)	
Appearance (5)	
Ring deportment (10)	
Total	100

CRITERIA EXPLANATION

APPEARANCE OF HORSE (40 points)

Condition and thriftiness (20 points)

- Smooth, glossy coat and hard, rippling muscles
- Alertness and vigor
- Loose, pliable skin that is clean and healthy with fine, smooth, glossy hair
- Evidence of correct balance of nutrition, care, and exercise
- Excess fat or a thin, unthrifty condition is objectionable, and may be penalized at the judge's discretion.
- As stated in general rule 34, horses should demonstrate a body condition score of 4 or greater.

Grooming (15 points)

- Clean, well-brushed hair coat; dust, dandruff, and stains are objectionable.
- Areas around the eyes, ears, muzzle, nostrils, between the legs, under the tail, and the sheath (male animals only) must be clean.
- Mane and tail trimming and braiding should correspond to breed standards. The mane and tail must be clean and free of snarls, with the mane trained properly to fall on one side of the neck.
- Long hair should be trimmed from the fetlocks, bridle path, whiskers, throat latch, and ears to correspond to breed standards. **Hair left inside the ears to protect against insects will not be penalized.**

Tack (5 points)

- Must be clean, neat, supple, and properly fitted.

SHOWMANSHIP (40 points)

- Manners and actions in handling the horse should reflect the time and effort spent in training. Actions of the horse indicate a willing response to the exhibitor.
- Exhibitor and horse should demonstrate the ability to work calmly and quietly in the class. Figure 2 illustrates patterns that might be used in a fitting and showing class.
- The exhibitor should lead from the left side of the horse, holding the lead shank in the right hand about 8 to 12 inches from the halter. Smaller exhibitors may need a longer hold. Emphasis should be placed on light control of the horse with minimum pressure on the lead shank to allow the horse to hold its head naturally. A loose, flopping lead strap is objectionable. Any excess strap length should be held loosely in the left hand in a figure eight coil or in a loose loop for safety.
- The horse should move readily and freely at a walk and trot (or second gait for gaited horses) with very little urging by the exhibitor. Those breeds that do not trot at halter should be shown according to breed standards. The exhibitor should stay in position by the near (left) side of the horse's neck, preferably halfway between the horse's head and shoulder. A well-trained horse will move rapidly at a gait and speed equal to the speed at which the exhibitor is moving.
- The judge will designate an acceptable pattern for showing the horse's way of going. There are several points to remember when showing and moving a horse.
 - The horse should move out quickly and quietly when signaled to do so by the exhibitor.
 - When moving toward or away from the judge or ring steward, the horse should be kept in a straight line.
 - The exhibitor should move in a brisk, alert manner and allow enough slack in the lead rope for the horse's head to move freely. When walking behind another horse, the exhibitor should keep at least a horse length between themselves and the horse ahead.
 - When stopping the horse in front of the judge or ring steward, the exhibitor should stop approximately a horse length away.
 - The horse should set up quickly and stand squarely (or according to breed standards.)
 - The exhibitor should stay to one side and not block the judge's view of the horse.
 - When lining up horses, if there is not room to enter the existing line safely, exhibitors should start a new line (with help from the ring steward).
- Turns are usually made to the right. Small turns or pull turns (90 degrees or less) may be made to the left when common sense or safety applies, but collection and control of the horse are important. The horse must be under control and not free to swing its hindquarters. When a turn requires a pivot, the ideal turn should involve the horse pivoting on the right hind leg. The pivot foot should remain steady and the horse should not switch feet while turning. An exhibitor should not be penalized if the

horse pivots on the left hind leg; however, more credit should be given to the exhibitor with the more correct pivot.

- **Donkeys and Mules**—The exhibitor may use their hand on a donkey or mule’s shoulder or nose to help position its feet when posing. Turns should be a pivot on the haunches. Exhibitors should hold the lead shank in the right hand about 6 to 12 inches from the halter. A donkey exhibitor may carry a crop and have a trailer to assist at the trot.
- **Exhibitor Position**—When the horse is in the posed position (see fig. 3) and the judge walks past or around the horse, the exhibitor should be in areas A or B. A and B are to the side, but ahead of the horse. This position allows the most ease of moving from side to side with as little motion as possible. The area around the horse is divided into four quadrants as shown. The handler should be in the quadrant adjacent to the quadrant the judge is occupying, as follows:

Judge’s Position	Exhibitor’s Position
Quad 1	B
Quad 2	A
Quad 3	B
Quad 4	A

- Note the shaded “safe zones” in figure 4. These are the safe areas where the exhibitor is out of the direct line of a sudden lunge, a strike from the front legs or a kick from the back legs. In halter and fitting and showing classes the exhibitor can move to either side of the horse. This is safe if the horse is properly trained before entering the show ring. A horse acts independently on each side; therefore, it must be trained to lead, stand, and show from each side. The shaded areas in figure 4 indicate the safe areas for showing a horse from either side. Note the danger zone directly in front of the

Figure 2. Sample fitting and showing patterns.

horse. Learn to stand toward the front, not in the danger zone, but out of the direct line of action of a strike or a lunge. The exhibitor can cross the danger zone to get from one side of the horse to the other. Remaining in the danger zone, including when backing, is a major fault.

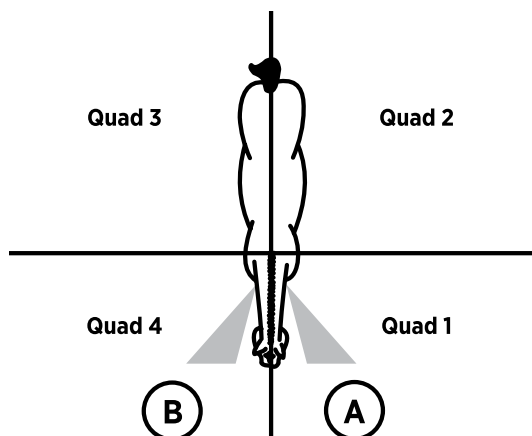

Figure 3. The quarter system of judging fitting and showing.

- When it is necessary to let the judge inspect the horse's near (left) side, step into the safe zone on the off (right) side as shown in figure 4. An exhibitor should not remain in the danger zone longer than the moment it takes to cross in front of the horse. A good exhibitor will try to use positions within the safe zones where they can watch both the horse and the judge.
- The exhibitor can pass between the judge and the horse as the judge moves around the animal. In doing so, the exhibitor should avoid blocking the judge's view longer than the moment required to step quickly and quietly between the horse and the judge.

Figure 4. Danger and safety zones for handling horses.

EXHIBITOR PRESENTATION (20 points)

- Businesslike and friendly.
- Cooperates with the judge, ring steward, and other exhibitors.
- Concentrates on showing the horse and is not distracted by people and events outside the ring.
- Is courteous, attentive, and maintains a sportsmanlike attitude toward officials, other exhibitors, and all horses.
- Portrays confidence in the horse's training and in their own ability to present the animal.

HALTER DIVISION

APPOINTMENTS OF HORSE—Tack must be clean, neat, supple, and properly fitted. Appointments of the horse for the various divisions follow.

- **Western**—Horse must be shown in halter. The use of a chain end lead shank with the chain under the horse's jaw or over the horse's nose is permitted for safety reasons.
- **English (saddle seat type)**—Horse may be shown in a bridle if over age 2. The snaffle rein should be removed or secured to the mane at the withers. Whips or crops may be used with discretion. **Exception:** Arabians may be shown in a pleasure type or fine horse show halter at any age.
- **English (hunter seat type)**—Horse may be shown in a bridle (such as a snaffle, kimberwick, or pelham) if over age 2. A plain leather halter with throat latch is also acceptable.
- **Draft**—Horse should be shown in a white rope halter or flat white nylon or leather halter with matching lead strap. Show sticks are optional, but abusive use of show sticks will be penalized.

APPOINTMENTS OF EXHIBITOR—Exhibitor appointments must be clean and neat. Appointments for the various sections follow.

- **Western**—Exhibitor must wear a western hat or protective headgear, western boots (**fashion heels are prohibited**), a long-sleeved shirt with a collar (including band, standup, tuxedo, oxford, button-down, or turtleneck) and long pants. If the pants have belt loops, a belt must be worn. One-piece equitation suits are permissible. A tie, pin, choker, or scarf is required. Gloves are optional.
- **English Saddle Seat**—Exhibitors must wear jackets in conservative colors such as black, blue, grey, or brown. Pleasure class exhibitors may wear day coats. Clothing must include Kentucky jodhpurs that match or coordinate with the jacket; a collared shirt; a tie; a derby, soft hat, or protective headgear; and jodhpur boots. Whips, gloves, and small boutonnieres are optional. Formal evening wear is inappropriate for daytime 4-H shows.
- **English Hunter Seat**—Exhibitors must wear hunt-style jackets or blazers in conservative colors (including but not limited to blue, black, hunter green, or brown). Traditional hunt shirts in conservative colors are required. Riding breeches and hunt boots, or jodhpurs with garters or legging straps and jodhpur boots are required. Recommended colors for jodhpurs include tan, rust, grey, or olive. Protective headgear is required (see General Rule 3). Regular ties or stock ties and stock pins are acceptable.

Halter Criteria	Points
Conformation	80
General appearance: Breed type & fitness (10)	
Form: Balance, correctness & appropriateness of muscle through body, shoulders, chest, arm & forearm, back, loin, croup, hindquarters, gaskin, withers (25)	
Head & neck: Style, breed character, clean-cut appearance (15)	
Feet & legs (including feet, legs, pasterns, cannons, knees, hocks): Straightness, correctness, substance (20)	
Quality: Bone, tendons & joints (10)	
Movement	20
Correctness & breed character shown at the walk & trot (20)	
Total	100

EVALUATION & CRITERIA EXPLANATION

Judges should be aware of current breed standards for horses showing at halter and conduct classes accordingly.

- Entries are to be judged on conformation, breed type, quality, and way of going.
- A judge may eliminate or severely mark down a horse showing in a specific halter section (for example, pleasure type) where, in the opinion of the judge, the animal is not a correct representative of that conformation type.
- Blemishes—such as scars, splints, and spavins—are to be marked down according to their effect on soundness. Transmissible weakness and unsoundness are to be counted strongly against the horse.
- Horses are to be shown in hand at a walk and second gait.
- For safety reasons, a judge may penalize or disqualify an exhibitor for intentionally dropping the lead during a halter class.
- In breed classes, horses may be shown with two handlers where breed custom dictates. In mixed breed classes, horses are allowed only one handler.

HUNTER IN HAND*

Hunter in Hand Criteria	Points
Horse's Performance	60
Gaits, quality of movement, suitability as a hunter, soundness	
Horse's Conformation	30
Horse's Manners	10
Total	100

In this class, the conformation and movement of hunter-type horses are judged “in hand” (that is, while the horses are being led). Horses are judged as they stand for inspection and perform individually at a walk and trot. They also may be brought back as a group for final

placing. Judges check for lameness and evaluate the horse's quality of movement (including smoothness and flow of gaits) and willingness to perform.

APPOINTMENTS OF HORSE—Tack must be clean, neat, supple, and properly fitted.

- Halters are mandatory on horses under age 1, and acceptable on horses under age 2. English bridles are mandatory on horses age 2 and up.
- Halters and lead shanks must be plain leather. Decorative bridles and halters (silver or colored) are prohibited.
- The use of a chain end lead shank with the chain under the horse's jaw or over its nose is permitted for safety reasons. Chains in the horse's mouth and lip chains are prohibited.
- English bridles must have egg-butt, D-ring, O-ring, or full-cheek snaffle bits. (Snaffle bits must meet English Riding Division specifications.) All bits must have keepers and mouthpieces that are round, oval, or egg-shaped, smooth, and made of unwrapped metal.

APPOINTMENTS OF EXHIBITOR—Exhibitor appointments must be clean and neat and permit free movement. Colors may be chosen to complement horses but should be conservative. Exhibitors must wear:

- Long-sleeved polo or dress shirts with collars in solid white or other conservative colors.
- Dress pants that are loose enough to allow exhibitor to run freely. (Jeans are prohibited.)
- Paddock or jodhpur boots.
- Vest, tie, gloves, and plain belt (all are optional; Western-style belts are prohibited).

Figure 5. 70 to 90 feet (21.34 to 27.43 m) between corner markers

*Adapted with permission from the *Official Handbook of the Appaloosa Horse Club*. (2022). Author.

COURSE DESCRIPTION

Horses will be judged as they perform the triangle pattern (see fig. 5) individually.

1. Exhibitor will enter the arena, approach the judging area (A), and set up the horse in the open position (that is, with all four legs of the horse visible to the judge from either side of the horse). The judge will inspect the horse from the front, rear, and both sides.
2. At the judge's signal, exhibitor will walk the horse around the small triangle (ABCA), then continue at the trot around the large triangle (ADEA). After completing the pattern, the exhibitor will stand the horse for inspection, then lead it away from the judging area.
3. As one horse leaves, the next will promptly enter the judging area.
4. When all horses in the class have completed the pattern, the judge or ring steward may signal the entire class to return and either stand for inspection or walk in a large circle around the judge (known as ringing) while the judge completes the placings.

CRITERIA EXPLANATION

HORSE'S PERFORMANCE—Horses are to be shown at a walk and trot. They are judged on gaits, quality of movement, manners, and suitability of horse and rider. Horses should move freely, exhibiting the gaits as described in the "Gaits" subsection of the "English Hunter Seat Classes" section.

HORSE'S CONFORMATION—Any horse showing evidence of lameness, a transmissible weakness or condition, or other unsoundness will be refused an award.

HORSE'S MANNERS—Horse must stand quietly for inspection.

FAULTS

The following faults will result in automatic disqualification:

- Going off pattern by:
 - Completing the large triangle ADEA before the small triangle ABCA.
 - Not displaying the correct gait while completing the corresponding triangle.
 - Not submitting to inspection at the end of the pattern.

The following faults will not result in automatic disqualification, but may be penalized at the judge's discretion:

- Knocking over a cone or marker (penalty in the performance or manners category).
- A fall by horse or exhibitor (penalty in the temperament or movement category).
- Breaking gait while the performing pattern.

LONGE LINE DIVISION

Only yearling and 2-year-old animals are eligible for this division. Horses shown in this division cannot be shown in any under-saddle classes.

APPOINTMENTS OF HORSE—Horses should be shown in show or work-type halters. A longe line with or without a chain must be snapped to the halter. If a chain is used, the chain should not be run under the chin, over the nose or over the poll—only snapped to halter. Longe whips are allowed, and if used, cannot touch the animal. Splint boots are optional; however, wraps or bandages of any kind are not allowed.

APPOINTMENTS OF EXHIBITOR—Western appointments as described in the Fitting and Showing Division are required, unless the horse is presented as a hunter, in which case the animal's mane and tail should be braided and the handler must wear hunt attire.

CRITERIA

HORSE'S PERFORMANCE & MANNERS—Movement of the horse should be judged as pleasurable and natural. Emphasis should be placed on how well the horse moves and on its attitude (as reflected in its ears, mouth, tail, and way of going). Minor breaks of gait and momentary lapses of attention or playing on the part of the horse should not be penalized. However, the horse should be under control at all times. The judge may penalize a horse for excessive bucking, running off, or willful disobedience. Conformation will be considered but will not count more than 20 points.

EXHIBITOR—The exhibitor's manners and actions in handling the horse on the line reflect the time and effort the exhibitor has spent training the horse. The actions of the horse should indicate a willing response to the exhibitor. The exhibitor and horse should demonstrate the ability to work calmly and quietly.

PENALTIES—Per infraction each direction.

-5 Failure to demonstrate the correct lead, jog/trot, and walk for an adequate distance to allow for proper evaluation.

DISQUALIFICATIONS—Disqualifications include:

- Evidence of lameness.
- Fall to the ground by horse (a horse is deemed to have fallen when its shoulder or hip or underline touches the ground).
- Improper equipment.
- Evidence of abuse, including but not limited to broken skin, rawness, or bleeding on the horse's chin, muzzle, or nose.
- Exhibitor disrespect to judge.
- Blatant striking of horse with longe whip to cause forward or lateral movement.
- Horse stepping over or becoming entangled in longe line.
- Failure to show at all three gaits in both directions.
- Horse becoming loose in the arena.

All rules apply when judge is present in arena until all judging is complete.

CLASS PROCEDURE

1. Exhibitors will enter the ring with their horses one at a time.
2. Exhibitors will work their horses for 90 seconds—45 seconds in each direction. (A timer should blow a whistle to notify the exhibitors to begin, at 45 seconds, and at 90 seconds.) The exhibitor may start the horse working in either direction of the ring. A horse being shown in hunter seat tack must walk, trot, or canter in both directions of the ring. A horse being shown in western tack must walk, jog, and lope in both directions of the ring. The exhibitor may determine how much time is spent at each gait. For example, if a horse is an exceptional jogger, the exhibitor may choose to showcase that ability after completing all the required gaits.
3. The longe line cannot touch the animal.
4. After all the exhibitors have longed their horses, they are to lead their horses into the ring, line up in a row, set up as in a halter class, and be judged. Exhibitors may choose to use a lead shank during this part of the class. The lead chain may be placed under the horse's chin or over its nose, as in a halter class.
5. Each exhibitor may show only one horse in each longe line class. The same exhibitor must show in both the longe and halter portions of the class.

SCORESHEETS

Suggested scoresheets are available from the National Snaffle Bit Association (<https://nsba.com/judges-forms-documents>). Scroll to and click on "LL-Score-Sheet.pdf," then follow the prompts.

ENGLISH RIDING DIVISION

ENGLISH APPOINTMENTS

APPOINTMENTS OF HORSE (ENGLISH SADDLE SEAT)—A flat English-type saddle is required. The girth may be patent leather or leather. Unconventional saddles combining characteristics of English and western styles, and forward seat saddles, are prohibited.

A full bridle consisting of a snaffle bradoon and a curb bit with a shank length that measures no more than 7.25 inches and a curb strap that allows approximately two fingers to be inserted between it and the horse's chin, is preferable. Pelhams are also acceptable. Two reins are required, one of which may be laced or braided. Tennessee walking horses may be shown in a walking horse bit with a single rein. Junior horses **in pleasure classes only** may be ridden in a single snaffle; however, in accordance with USEF rules, no martingales are allowed. No bit converters, hackamores, kimberwicks, martingales, or tie downs are allowed.

No braiding of forelocks, manes, or tails—with the exception of saddle-type horses or ponies with show ribbons—is permitted in saddle seat classes.

APPOINTMENTS OF RIDER (ENGLISH SADDLE SEAT)— Basic appointments of riders for this section are the same as for the Fitting and Showing: English Saddle Seat section. Protective headgear is required (see General Rule 3).

APPOINTMENTS OF HORSE (ENGLISH HUNTER SEAT)— Wraps or protective boots are allowed only in classes over fences. A hunting saddle of the English forward seat type is required. Unconventional saddles combining characteristics of English and western styles are prohibited.

Regulation snaffles, pelhams, kimberwicks, and full bridles, all with leather browbands and cavesson nosebands, are required. **Note:** U-shaped bit converters may be used with a bit designed for two reins to allow for control with a single rein.

Martingales are prohibited in all classes on the flat but are permitted in classes over fences. Stirrup pads are suggested. Split reins are not permitted. Unconventional and wire bits and nosebands may be penalized at the judge's discretion.

APPOINTMENTS OF RIDER (ENGLISH HUNTER SEAT)— Basic appointments of riders for this section are the same as for the Fitting and Showing: English Hunter Seat section. Protective headgear is required (see General Rule 3). Spurs of no longer than 1 inch without rowels, crop, bat, and gloves are optional. Gloves are preferred for equitation.

APPOINTMENTS OF HORSE & RIDER (GAITED HORSES)—Horses and riders should be outfitted in accordance with the rules of their breed in all classes; however, no artificial devices to enhance a horse's gait, other than standard horse shoes, are permitted.

ENGLISH CLASSES

OPEN ENGLISH PLEASURE

Open English Pleasure Criteria	Points
Horse's performance.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE—Riders shall enter the ring in a counterclockwise direction. All horses shall be worked both ways of the ring at a walk, trot (or second gait), and canter (or third gait). Extended gaits may be called for at the discretion of the judge. Horses must stand quietly and back readily in the line. Extreme speed will be penalized. Manners and suitability as a pleasure mount are paramount. Transition from one gait to another should be smooth and effortless. Horses must be obedient with prompt transitions. All seats will be given equal consideration.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

ENGLISH SADDLE SEAT CLASSES

SADDLE SEAT EQUITATION

Saddle Seat Equitation Criteria	Points
Rider's position & appointments of horse & rider	90
Horse's performance & suitability.....	10
Total	100

CRITERIA EXPLANATION

RIDER'S POSITION—Riders should establish and maintain a seat that is thoroughly efficient and comfortable for riding the type of horse called for, at any gait and for any length of time. The method of holding the reins should be consistent with the tack being used. Hands should be held in an easy position, neither perpendicular nor horizontal to the saddle, and should show sympathy, adaptability, and control. Both hands should be used and both reins must be picked up at one time. The height of the rider's hands above the horse's withers will depend on how and where the horse carries its head. The bight of the reins should be on the off (right) side. At the judge's discretion, riders will be penalized for carrying the bight of the reins on the near (left) side or for switching the bight from the near to the off side. The feet should rest with the balls of the feet on the stirrups and the heels down. No swaying of the legs should be visible.

To obtain the proper position, the rider should place themselves comfortably in the saddle and find their center of gravity by sitting with a slight bend at the knees without the use of the stirrups. While in this position, the rider should adjust the leathers to fit. Each stirrup iron should be placed under the ball of the foot (not under the toe or “home”), with even pressure on the entire width of the sole and the center of the iron. The feet should be

positioned with the toes forward, neither in nor out, and heels should be down. A vertical line drawn from the rider's shoulders downward should pass through the shoulders, hips, and heels. The upper calves of the rider's legs should have contact with the horse (see fig. 6).

With gaited horses, the rider's legs will be forward at the knee and may give the impression of a slightly reclined position to the upper torso.

When the horse is moving, the rider's position should change in the following manner:

- **Walk**—Slight motion in the saddle.
- **Trot or second gait**—Slight elevation in the saddle; hips under the body, not swinging forward and backward or moving up and down mechanically. Posting by breed standard.
- **Canter or third gait**—Close seat going with the horse.

APPOINTMENTS OF HORSE & RIDER—See “English Appointments” section in this division.

HORSE'S PERFORMANCE & SUITABILITY—Riders enter the ring counterclockwise. All riders will be worked both ways of the ring at all required gaits showing the walk, trot (or second gait), and canter (or third gait). Reversing may be either toward or away from the rail. Riders may be asked to perform individual workouts. A complete picture of the whole is of major importance. Riders should convey the impression of effective and easy control. All seats should be given equal consideration.

GENERAL GUIDELINES

Judges should note that the required equitation seat should in no way be exaggerated but should be the most efficient and comfortable seat for riding the type of horse called for, at any gait and for any length of time. In saddle seat equitation classes, the riders should convey the impression of effective and easy control.

Figure 6. Correct hands & seat for saddle seat equitation.

Mounting and dismounting—To mount, the exhibitor should take up the reins in the left hand and place that hand on the withers. The exhibitor should then grasp the stirrup leather with the right hand, insert the left foot in the stirrup, and mount. To dismount, the rider may either step down or slide down. The rider's size should be considered.

Judges should note that the required equitation seat should in no way be exaggerated but should be the most efficient and comfortable seat for riding the type of horse called for, at any gait and for any length of time. In saddle seat equitation classes, the riders should convey the impression of effective and easy control, while displaying confidence.

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Address the reins.
2. Back.
3. Individual performance on the rail.
4. Figure eight at the trot (or second gait), with a correct change of diagonals. At the left diagonal, the rider should be sitting the saddle when the horse's left front foot is on the ground. At the right diagonal, the rider should be sitting the saddle when the horse's right front foot is on the ground. When circling clockwise, the rider should be on the left diagonal. When circling counterclockwise, the rider should be on the right diagonal.
5. Figure eight at the canter with a change of lead through the walk (figures should begin in the center of the two circles so that one lead change is shown).
6. Change leads down the center of the ring or on the rail, with a change of leads through the walk.
7. Ride without stirrups (no more than 1 minute at the trot). Riders may be asked to disengage or engage stirrups at a halt or walk or any gait requested by the judge. Judges should consider the ages and skill levels of riders when using this test.
8. Answer the judge's questions. It is recommended that the same questions be asked of each rider privately. An example would be one question each about tack, anatomy and equitation.
9. Serpentine at the trot or canter demonstrating the correct diagonal or lead changes.

SADDLE SEAT PLEASURE

Saddle Seat Pleasure Criteria	Points
Horse's performance & manners.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE & MANNERS—The horse should be shown at the walk, trot (or second gait), strong or extended trot (not park trot), and canter both ways of the ring. The horse must stand quietly and back readily. Excessive speed at the strong or extended trot will be penalized. Horses are judged on manners, quality, performance, and suitability of horse to rider.

APPOINTMENTS OF HORSE & RIDER—See the "English Appointments" section in this division.

GAITED PLEASURE

JUDGING

The purpose of the gaited pleasure class is to recognize correct gaiting for the breed being shown, smoothness in the horse's gait, the horse's responsiveness to its rider, and harmony between the horse and rider. The horse and rider must work as a team. The rider should sit quietly in the saddle with little hand and leg movement. The horse should be quick to respond to changes and never break gait until another gait is called.

Failure to demonstrate a recognizable difference between the second and third gaits will be penalized. Some horses (such as the Peruvian paso and racking horses) may have the same movement in both gaits but display a noticeable difference in speed. The judge may ask an exhibitor to demonstrate their horse's three gaits if the judge has seen no noticeable difference. No artificial devices are permitted to enhance a horse's gait, other than standard horse shoes.

Gaited Pleasure Criteria	Points
Horse's performance, manner & gaits	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE & MANNERS—The horse is to be shown in the following order both ways of the ring: walk, second gait, walk, and third gait. The horse must stand quietly and back readily. The horse is to be judged as a pleasant riding horse with true road and trail qualities. Manners, performance, substance and conformation will be considered. The horse should be shown with a light rein at all gaits. "Bumping" and "pumping" of the reins will be penalized.

HORSE'S GAITS—The descriptions that follow apply to the gaits required in gaited pleasure horse classes. Many gaited horses bob or nod their heads with the rhythm of their second and third gaits, so that movement is not a clue to soreness or lameness the way it is in nongaited horses. Stiff legged front or rear motion and twisting the hocks (especially when entering the ring) are typical of the movement of a sore or lame horse, and the judge should immediately excuse any horse exhibiting this type of motion from the ring.

- **Walk**—True, square and flat with a head motion conforming to breed standards.
- **Second Gait**—Tennessee walking horses should display a smooth, gliding, overstepping four-cornered gait, with the horse having stride and head nod. Their second gait (the running walk) should be free and easy. Horses exhibiting an exaggerated, hesitating way of going with a tendency to point or strike the ground heel first with the front feet are not in form.

Racking horses should display a smooth lateral (same side) action gait with the hind foot leaving the ground first to create a true four-beat, single-foot gait with only one foot off the ground while in the rack. The hind foot should overstep and should give a full reaching stride. Slight vertical head action is desired in the show walk. The

horse should appear to be performing a broken pace when walking the stride from back legs to front legs (laterally) or the horse will appear to be performing a broken trot when the stride is viewed from the front to the back (diagonally). Some horses may pace, which can be detected by their side-to-side head motion. A pace is preferred over a trot. High hock action is not characteristic of a true rack, and will, therefore, be penalized.

- **Third Gait**—Tennessee walking horses should display the canter, smooth and straight on both leads, not walking behind but cantering on both ends with a rolling motion, comfortably in hand. Exaggerated pumping of the horse at the canter is not good form.

Rackers should display the same cadence as in the second gait, but the horse should increase its speed. The horse and rider should still not show any sign of strain at the increased speed. A gaited horse that is moving at excessive speed is apt to lose its gait and will be penalized. At no time should form be sacrificed for speed. Since this gait will not be picked up immediately from the walk, the smoothness and ease of the increase should be judged.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

ENGLISH HUNTER SEAT CLASSES

GAITS

The following gait descriptions apply in all English hunter seat classes:

- **Walk**—A true four-beat forward working gait, rhythmic and flat-footed. An extremely slow or excessively quick or jiggy walk will be penalized.
- **Trot**—A two-beat diagonal gait, that should be long, low, and ground covering with cadenced and balanced strides. Correctness is more essential than speed. Extreme speed or a jog-trot will be penalized.
- **Canter**—A smooth, free moving, relaxed, three-beat gait that is straight on both leads. The stride should be ground covering. An over-collected or four-beat gait will be penalized. Excessive speed will be penalized.
- **Hand gallop**—Performed with long, free, ground-covering strides, with the horse under control. The amount of ground covered may vary between horses due to natural differences in their stride length. The gait is not a fast canter, but a true lengthening of stride, correct and straight on both leads. Extreme speed or lack of control will be penalized.

HUNTER SEAT EQUITATION ON THE FLAT

Hunter Seat Equitation on the Flat Criteria	Points
Rider’s position (seat, hands, use of aids)	90
Horse’s performance, appointments & suitability of horse & rider ...	10
Total	100

CRITERIA EXPLANATION

RIDER’S POSITION—The method of holding the reins should be consistent with the tack being used; however, all reins must be picked up at

the same time. The rider should keep the ankles flexed in, the heels down, and the calves in contact with the horse and slightly behind the girth (see fig. 7).

HORSE’S PERFORMANCE—Riders will be instructed to have their horses walk, trot, and canter both ways around the ring. The order to reverse may be executed either toward or away from the rail. Light contact with the horse’s mouth is required. Riders may be asked to perform any appropriate tests.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

GENERAL GUIDELINES

The rider should have a workmanlike appearance, and light and supple seat and hands, conveying the impression of complete control should any emergency arise.

Mounting and Dismounting—To mount, the exhibitor should take the reins in the left hand and place that hand on the withers. The exhibitor should grasp the stirrup leather with the right hand, insert the left foot in the stirrup, and mount. To dismount, the rider may either step down or slide down. The size of the rider must be taken into consideration. The rider is permitted to lengthen the stirrup to mount.

Hands—The hands should be over and in front of the withers, with the knuckles 30 degrees inside the vertical and the hands slightly apart and making a straight line from the horse’s mouth to the rider’s elbow. The method of holding the reins is optional; however, all reins must be picked up at the same time. The bight of the reins may fall on either side. Direct contact should be maintained at all times.

Basic Position—The rider should have eyes up and shoulders back. The toes should be out at an angle best suited to the rider’s conformation. The rider should have the ankles flexed in, the heels down, and the calves in contact with the horse and slightly behind the girth. The iron must be on the ball of the foot.

Figure 7. Correct hands & seat for hunter seat equitation.

Rider's Position in Motion—At the walk and sitting trot, the rider's body should be slightly ahead of the vertical. At the posting trot, the rider's body should be inclined slightly forward, but not exaggerated. At the canter, it should be halfway between the posting trot and the walk positions. When galloping, riders should use the same inclination as at the posting trot.

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Address the reins.
2. Back.
3. Individual performance on the rail.
4. Figure eight at the trot (or second gait), with a correct change of diagonals. At the left diagonal, the rider should be sitting the saddle when the horse's left front foot is on the ground. At the right diagonal, the rider should be sitting the saddle when the horse's right front foot is on the ground. When circling clockwise at a trot, the rider should be on the left diagonal; when circling counterclockwise, the rider should be on the right diagonal.
5. Figure eight at the canter with a simple change of lead. Figures should begin in the center of the two circles so that one lead change is shown.
6. Change leads down the center of the ring or on the rail, with a change of leads through the walk.
7. Ride without stirrups (no more than 2 minutes at the trot). The class must be halted before starting this test. The riders will pick up their irons and cross them in front of the pommel for safety before the class is continued. At the end of the test the class must be halted so that riders can regain their irons. Then the class will resume.
8. Answer the judge's questions. It is recommended that the same question be asked of each rider privately. An example would be one question each about tack, anatomy, and equitation.
9. Serpentine at the trot or canter demonstrating the correct diagonal or lead changes.

HUNTER SEAT EQUITATION OVER FENCES

GENERAL RULES

1. Exhibitors will be allowed to walk the course.
2. If a warm-up fence is not provided outside the show arena, exhibitors will be allowed one practice jump designated by the show committee.
3. The course should include at least six jumps, each a minimum of 10 feet wide and not to exceed 3 feet tall, with wings at least 30 inches wide. Ground poles on the take-off side of the jump are required. When jumps are approached from both sides, ground poles are required on both sides.
4. The fall of a horse or rider will eliminate the contestant. If such a fall (or three disobediences) occurs during a rideoff, the contestant will be placed last of all those chosen for the rideoff.
5. Any rider not having their mount under control must be dismissed from the ring and disqualified from the class.

6. Class courses should be posted near the in-gate well before the class begins.
7. Horses must be serviceably sound.
8. Judges will penalize unsafe jumping and bad form over fences, whether an obstacle was touched or not.
9. Judges should review the course and make any necessary alterations before the first horse and rider enter the course.

Before placing a class, the judge must call the horses back in the order of performance merit to consider soundness. The horse must be led into the ring at a trot or second gait, with the reins in hand and the stirrups run up. Two horses more than the number of ribbons available should be called in. Horses are to be evaluated for soundness as they come into the ring and line up.

Hunter Seat Equitation Over Fences Criteria	Points
Rider's position (seat, hands & use of aids): Over & between fences, appointments & suitability of horse & rider.....	90
Horse's performance.....	10
Total	100

CRITERIA EXPLANATION

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

RIDER'S POSITION BETWEEN FENCES—See “Hunter Seat Equitation on the Flat.”

RIDER'S POSITION IN THE AIR—The rider should exhibit weight in the heel, and the rider's calf should be in contact with the horse's sides behind the girth supporting the upper body of the rider. The seat should be next to but out of the saddle, and the upper body should follow the horse's arc. The eyes should be up, the shoulders back, the back flat, and the arms and hands should ensure the freedom of the horse's head and neck. Crest release or correct automatic release is equally acceptable.

HORSE'S PERFORMANCE—The performance begins when the horse enters the ring or when the rider is given the signal to proceed after entering the ring. Except for refusals, jumping faults of the horse are not to be considered unless they are the result of the rider's ability. Each contestant may circle once if desired before approaching the first jump. They will then proceed around the course, keeping an even pace throughout. Three cumulative refusals will result in the contestant's elimination. Following the third refusal on the course, the rider must leave the arena. If a refusal occurs in a double or triple jump, the rider must rejump all elements of the combination. Any or all contestants may be called back to perform at a walk, trot (or second gait), or canter (or third gait), or to execute any appropriate tests included in the class requirements.

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Jump low fences at a walk or trot (or second gait), as well as at a canter (or third gait).
2. Jump fences on a figure eight course.

3. Jump fences in the middle of the ring at right angles to the course.
4. Any of tests 1 through 9 in the “Hunter Seat Equitation on the Flat” section.

HUNTER UNDER SADDLE (HUNTER SEAT PLEASURE)

Hunter Under Saddle Criteria	Points
Horse's performance & manners.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE & MANNERS—Horses are to be shown at the walk, trot, and canter both ways of the ring. Light contact with the horse's mouth is required. Horses are to be judged strictly on performance and soundness. They should move freely, exhibiting the gaits as described in “Gaits” in the “English Hunter Seat Classes” section. Any horse showing evidence of lameness will be refused an award. If horses are hand galloped, there should be no more than eight performing at one time. Manners are to be emphasized.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section of this division.

WORKING HUNTER OVER FENCES

Working Hunter Over Fences Criteria	Points
Horse's performance.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE—Horses should have an even hunting pace, good manners, a safe style of jumping, a correct way of moving over the course, and a correct way of moving when being judged for soundness. Extreme speed will be penalized. Correct leads in corners are preferred. Breaking gait (canter or trot) except to correct an incorrect lead or cross-canter, will be penalized.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section of this division.

HUNTER COURSE

Judges are responsible for the correctness of each course after it has been set and should call the show committee's attention to any errors that would result in unfair or inappropriate courses. Exhibitors will be allowed to walk the course after the judge has approved the course.

COURSE OR ARENA ARRANGEMENT

1. Arrangements should include a minimum of four obstacles. Horses are to make a minimum of eight jumps, and at least one change of direction is required.
2. The following types of obstacles may be used: Fences that simulate obstacles found in the hunting field, such as post and rail, brush, stone wall, white fence or gate, chicken coop, Aiken, or hedge.

3. The following jump types are prohibited: A pole over brush, triple bars, hog backs, hinged chicken coops, and square oxers.
4. The top elements of all fences must be securely placed so that a slight rub will not cause a knockdown, but so that the elements will fall if hit hard.
5. Obstacle characteristics include:
 - Single obstacles should be located at 12- to 18-foot intervals.
 - The height of obstacles must not exceed 3 feet.
 - The use of wings on obstacles in hunter classes is recommended. Ground poles placed on the take-off side of jumps are required. When jumps are approached from both sides, ground poles are required on both sides.
 - Unused jump cups and pins must be removed from jump standards.
6. A combination jump is recommended in all hunter courses. The recommended distance for combination jumps is:
 - One-stride in-and-out, 22 feet to 26 feet
 - Two-stride in-and-out, 36 feet
 - Three-stride in-and-out, 48 feet

Fences must be at least 10 feet wide, though wider fences are desirable, and wings of at least 30 inches are recommended.

SCORING HUNTER CLASSES

Horses should be sound and have an even hunting pace, good manners, and a safe style of jumping, together with a smooth way of moving over the course. Extreme speed will be penalized. Circling once when entering the ring and once when leaving is required.

Faults—Following are guidelines to use when scoring faults:

- When a horse makes two faults at one obstacle, only the major fault will be counted, except for refusals, which will count in addition to other major faults.
- When an obstacle includes two or more fences (such as an in-and-out), the faults committed at each element are considered separately. In cases of a refusal or runout at one element, the contestant must rejump all elements of the combination.
- When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
- Judges will penalize unsafe jumping and bad form over fences whether the obstacle was touched or untouched.
- Light touches are not a major consideration, but they may be scored according to the following scale in cases where elimination is difficult.
 - Touching with any part of the horse's body behind the stifle (½ fault)
 - Touching with any part of the horse's body in front of the stifle (1 fault)
 - Touching a standard or wing while jumping an obstacle with any part of the horse, rider, or equipment (1 fault)

Knockdowns—An obstacle is considered knocked down when its height is lowered by horse or rider:

- With any part of the horse's body behind the stifle (4 faults)

- With any part of the horse’s body in front of the stifle (8 faults)
- Lowering a standard or wing in jumping an obstacle with any part of the horse, rider, or equipment (8 faults)

If an obstacle is used for more than one jump and is knocked down on the first jump, the rider may pull up or circle until the judge signals that the jump is reset.

Disobediences—Disobediences are major faults that will be heavily penalized. These include the first and second refusal, runout, bolting on course, or an extra circle on entering or leaving course (8 faults).

Elimination—The following are causes for elimination:

- Third refusal, third runout, third time bolting on course
- Jumping an obstacle before it is reset
- Bolting from the ring
- Failing to stay on course
- Jumping an obstacle not included in the course
- Fall of the horse or rider

Ponies—The same rules listed for scoring hunter classes apply to scoring hunter classes for ponies. However, for ponies not exceeding 52 inches, fences should not exceed 2 feet and in-and-outs should not exceed 20 feet. For ponies over 52 inches but not exceeding 56 inches, fences should not exceed 2½ feet and in-and-outs should not exceed 22 feet.

BABY GREEN OVER FENCES

This class is suggested for horses or riders in their first year of 4-H over-fences classes. A horse and rider exhibiting in this section may not show in any other classes over fences.

Baby Green Over Fences Criteria	Points
Horse’s performance.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE’S PERFORMANCE—See the information on the horse’s performance in the “Working Hunter Over Fences” section in this division.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

COURSE ARRANGEMENTS

Minimum of four fences, all cross rails to be 12 to 18 inches high with ground poles. Courses must be arranged in a side, diagonal, side pattern. Horse in this section may not show in any other classes over fences.

HUNTER HACK

Hunter Hack Criteria	Points
Performance, way of going & manners on fence work.....	70
Performance & manners in rail work.....	30
Total	100

CRITERIA EXPLANATION

PERFORMANCE & MANNERS IN RAIL WORK—See “Hunter Under Saddle” in this division.

PERFORMANCE, WAY OF GOING & MANNERS ON INDIVIDUAL WORK—See “Working Hunter Over Fences” in this division.

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division.

CLASS CONDITIONS & RULES

Individual Work:

All horses competing will first be lined up at one side of the arena for instructions from the judge for individual work. The individual work shall consist of no less than the following:

- Separate from the lineup, canter, and proceed to jump two fences. These fences must be brush or simple post and rails, with ground poles in front of each fence. If a brush jump is used, it must be the first fence jumped. Jumps do not have to be set on a line. However, if jumps are set on a line, they must be 36 feet, 48 feet, or 60 feet apart. The height of the fences must not be higher than 2 feet 6 inches.
- Hand gallop.
- Stop and settle at a point at least halfway down the long side of the arena.
- Back and stand quietly.
- Return to lineup.

Faults over fences will be scored as in working hunter classes.

Three cumulative refusals will result in a disqualification from the class.

Rail Work:

The hunter hack must be shown at a walk, trot, and canter both ways of the ring. It is the judge’s option to require an exhibitor to extend any gait and to back easily. Emphasis shall be placed on actual suitability to purpose. Light contact with horse’s mouth is required. Horses should be obedient, alert, and responsive, and should move freely. They should not be eliminated for slight errors.

- **Walk**—True and flat-footed for pleasure classes.
- **Trot**—Brisk, smart, cadenced, and balanced without loss of form. An extended trot may be called for at the judge’s option.
- **Canter**—Smooth, three-beat, collected, and straight on both leads, with the ability to push on, if required, into a hand gallop.

BAREBACK ENGLISH EQUITATION

Bareback English Equitation Criteria	Points
Rider’s position & appointments of horse & rider	90
Horse’s performance & suitability.....	10
Total	100

CRITERIA EXPLANATION

APPOINTMENTS OF HORSE & RIDER—See the “English Appointments” section in this division. Saddles and pads are not permitted. Protective headgear is required (see General Rule 3).

RIDER’S POSITION—Riders should establish and maintain a seat that is thoroughly efficient and comfortable for riding the type of horse

called for, at any gait and for any length of time. The method of holding the reins should be consistent with the tack being used. Both hands should be used and both reins must be picked up at one time. The bight of the reins should be on the off (right) side; the hands should be in line with the bit and the elbows. The leg position should allow the heels to be lower than the toes. No swaying of the legs should be visible. A vertical line drawn from the rider's shoulder downward should pass through the shoulders, hips, and heels. The upper calves of the rider's legs should have contact with the horse.

With gaited horses, the rider's legs may be forward at the knees and will give the impression of a slightly reclined position to the upper torso.

When the horse is moving, the rider's position should change in the following manner:

- **Walk**—Slight motion.
- **Trot or second gait**—Slight elevation with the hips under the body, not swinging forward and backward or moving up and down mechanically. Posting by breed standards.
- **Canter or third gait**—Close seat going with the horse.

HORSE'S PERFORMANCE—The rider will be asked to have the horse walk, trot (or second gait), and canter (or third gait) both ways of the ring. The reverse may be executed by turning either toward or away from the rail. Light contact with the horse's mouth is required. Riders may be asked for individual workouts. The hands, seat, and legs are important aids in achieving the desired gait or movement. Use of the third gait by gaited horses will be judged on the smoothness of the transitions.

The emphasis should be on suitability to riding style, manners, and way of going. All seats should be given equal consideration.

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Address the reins.
2. Back.
3. Individual performance on the rail.
4. Figure eight at the trot (or second gait), with a correct change of diagonals. At the left diagonal, the rider should be sitting when the horse's left front foot is on the ground. At the right diagonal, the rider should be sitting when the horse's right front foot is on the ground. When circling clockwise, the rider should be on the left diagonal. When circling counterclockwise, the rider should be on the right diagonal.
5. Figure eight at the canter with a change of lead through the walk (figures should begin in the center of two circles so that one lead change is shown).
6. Change leads down the center of the ring or on the rail, with a change of leads through the walk.
7. Answer the judge's questions. It is recommended that the same questions be asked of each rider privately. An example would be one question each about tack, anatomy, and equitation.

DRESSAGE DIVISION*

APPOINTMENTS OF HORSE—Rider must use a plain snaffle bit and English snaffle bridle with cavesson, flash, figure eight, or dropped noseband. Hunt or dressage saddles are permitted. No boots or bandages are allowed. Martingales and side reins, or running reins, are prohibited. Whips measuring 4 feet or less (including the lash) are allowed. Only blunt English spurs are allowed.

APPOINTMENTS OF RIDER—ASTM-SEI helmets are required in accordance with USEF rules. ASTM-SEI-approved helmets are acceptable for any riding style. A choker or pin for girls and a tie for boys are acceptable. White stock ties and stock pins are also correct for both boys and girls. A dark hunt coat with white, grey, or light tan breeches and black boots are acceptable.

OVERVIEW

The object of dressage is the harmonious development of the physique and ability of the horse. In accordance with US Dressage Federation (USDF) recommendations, it is suggested that horses be more than 36 months of age (as measured from their foaling date) before competing in any dressage class. Dressage training makes the horse not only calm, supple, loose, and flexible, but also confident, attentive, and keen, thus allowing it to achieve perfect understanding with its rider. These qualities are revealed by the:

- Freedom and regularity of the gaits.
- Harmony, lightness, and ease of the movements.
- Lightness of the forehand and the engagement of the hindquarters, originating in a lively impulsion.
- Acceptance of the bridle, with submissiveness throughout the head, neck and body, and with no signs of tenseness or resistance.

Emphasis should be placed on suppleness, basic gaits, figures, impulsion, and transitions in the performance of the horse as produced by the rider. Conformation does not count.

Horse's Performance—The following points are considered in judging dressage classes.

- **Halt**—At the halt, the horse should stand motionless, straight, and attentively, with the weight distributed evenly over all four legs, which should be in pairs abreast with each other.
- **Working walk**—A marching gait in which the footfalls of the horse's feet follow one another in four-beat time, well-marked and maintained in all work at the walk.
- **Free walk on a loose rein**—The free walk is a relaxing gait in which the horse is allowed complete freedom to lower and stretch out its head and neck.
- **Free walk on a long rein**—This gait gives the horse freedom to lower and stretch out its head and neck, while the rider still maintains contact.

*Some information in the Dressage Division is © 2018 United States Equestrian Federation, Inc. (USEF). Reprinted with the permission of USEF. All rights reserved. Reproduction without permission is prohibited by law. USEF is not responsible for any errors or omissions in the publication or for the use of its copyright materials in any unauthorized manner.

- **Working trot**—The working trot is a two-beat gait. It should always be done with free, active, and regular steps, and it should be moved into without hesitation. The horse should maintain rhythm and balance.
- **Lengthened trot**—This trot is the same as the working trot except that the frame and stride of the horse must lengthen without a change in rhythm or speed.
- **Working canter**—The canter, at a three-beat pace, should be light and cadenced, with regular strides, and should be moved into without hesitation.
- **Lengthened canter**—Same as the working canter except that the frame and stride of the horse must lengthen without a change in rhythm or speed.
- **Transitions**—The change of gait and speed should be smooth and not abrupt. The rhythm of the pace should be maintained up to the moment when the gait is changed.
- **Direction changes**—These changes should be performed without resistance or change of gait, rhythm, or speed.
- **Rider**—The rider’s upper body should be erect yet relaxed, resting steadily on the pelvis. The lower back should be supple to absorb the motion of the horse’s stride. The legs should be steady and the thighs stretched well downward. The rider’s upper arms should remain close to the body, with the hands establishing a position over the withers of the horse so there is a straight line from the rider’s elbow to the bit. Riding with both hands is obligatory unless otherwise specified.

The seat of the saddle should always have the deepest point in the middle, and the rider should sit exactly in the middle of the saddle. In this position, the rider can apply the aids unobtrusively and can follow the activity of the horse without interfering with the horse’s movements. The position is correct when the rider can control the horse through the influence of their seat and with quiet hands and steady contact with both legs.

EXECUTION OF TESTS

- 1. Voice**—Voice signals and clicking the tongue are a 2-point penalty.
- 2. Errors**—When a rider makes an error in the course, the judge should sound a bell or whistle. The judge should then, if necessary, show the rider the point at which they must take up the test again and the next movement to be executed. The judge then leaves the rider to continue independently. A course error includes such faults as taking a wrong turn or omitting a movement.

When the rider makes an error of test (for example, rising instead of sitting), the judge does not necessarily ring the bell but should note the error.

All errors should be penalized in the following manner: 2 points for the first error, 4 points for the second, and elimination for the third (although the rider may finish the test), with the marks being awarded in the ordinary way.
- 3. Lameness**—In cases of marked lameness, the judge or show committee must eliminate the contestant.
- 4. Reading tests**—Tests may be read during the competition, but no part of a test may be read more than once. Lateness or errors in reading the ride will not relieve the rider from error penalties.

Coaching by anyone is prohibited and will result in the elimination of the rider. If part of the test is repeated, it may be scored as an error.

- 5. Falls**—In case of a fall by horse or rider, the competitor will not be eliminated. They will be penalized according to the fall’s effect on the movement being executed. The rider will also be penalized in the collective marks.
- 6.** A competitor leaving the arena at the end of a ride at any point other than “A” will be penalized with an error.
- 7.** If during the test the horse leaves the arena by placing all four feet outside the fence or line marking the perimeter of the area, the competitor is eliminated.

DRESSAGE TESTS

Dressage tests are rewritten by the US Equestrian Federation every four years. Each USEF test change is reflected in a change in tests used at Michigan 4-H horse shows. The tests and levels offered by a 4-H show are to be listed on the show’s prize list. The USDF Level 1 and 2 walk-trot tests may be used for inexperienced riders in their first year of showing or for green horses that have not yet been shown under saddle at a canter. Copies of introductory dressage tests are available at no charge from USDF (<https://usdf.org>).

SCORING DRESSAGE TESTS

Dressage tests for the State 4-H Horse Show are obtained at no charge from USEF at <https://www.usef.org>. Printed copies of current dressage tests should be used to score the ridden tests. (The local show committee must provide the judge with score sheets.) The judge should be given a table and a recording secretary. The recorder writes the judge’s numerical scores from 0 to 10 in column 4 of the test sheet. They also record the judge’s remarks in column 7. It is recommended that the judge’s comments conform to the USDF Glossary of Dressage Judging Terms.

The judge refers to “directive ideas” (column 3), which tell the judge and rider which aspects of the movement will be given heaviest consideration. The fourth column is used to record the numerical score:

10 = Excellent	6 = Satisfactory	2 = Bad
9 = Very good	5 = Marginal	1 = Very bad
8 = Good	4 = Insufficient	0 = Not executed
7 = Fairly good	3 = Fairly bad	

All half marks from 0.5–9.5 may also be used both for movements and collective marks, at the discretion of the judge, and scores given must be recorded with a decimal (that is, as 6.0 instead of 6).

“Not executed” means that practically nothing of the required movement has been performed.

The fifth column states the coefficient for the numerical score for a particular movement.

The sixth column is for the total points earned for the section (for example, the raw score multiplied by the coefficient). If no coefficient exists, the raw score should be transferred to this column.

The sixth column should be totaled, and this figure entered on the subtotal line; errors should be listed on the next line and then subtracted to obtain the “total points.” This figure will then be divided by the total number of points possible for the test to give a percentage score. This percentage score is used to place the class. Should two riders have the

same percentage score, the judge will break the tie; a plus (+) mark will be placed behind the percentage score of the preferred rider (for example, first place 58.66%+; second place 58.66%). The judge must take care when entering comments in column 7, because the descriptive words for each numerical score should only be used with that numerical score.

Except for the last section in the collective marks at the end of the test, the entire test is judged on the correctness of the horse's movements, not on the rider. The rider is judged directly only in the collective marks. Indirectly, the rider is judged throughout the test, as any interference or incorrectly applied aids will affect the correctness of the horse's movements.

It is important that the progressive nature of the tests and levels be taken into consideration in scoring and interpreting test scores. A movement that may score a "7" at training level test 1 may only score a "5" at first-level test 1. Directive ideas are given on the front of the score sheets and provide the rationale behind the particular test. Scores must be understood in relationship to the directive ideas for that test and level.

Accuracy should be a factor only if the inaccuracy avoids the difficulty of the movement, for example, completing a larger circle avoids the difficulty of completing a 10-meter circle. Movements that must be carried out at a certain point of the arena should be done when the competitor's body is above that point.

If a problem such as nodding, stumbling, or shying appears once, it may be treated lightly by the judge; if the same problem appears successively, the judge will score it more harshly each time.

Grinding of the teeth and wringing of the tail are signs of tenseness or resistance on the part of the horse and should be considered in the marks for each movement where they appear, as well as in the collective marks. Horses that get their tongues over the bit or perform with an open mouth must be marked down.

Horses that enter the arena with their tongues tied down will be eliminated.

ELIMINATION—Horse and rider will be eliminated under the following circumstances:

- Prolonged resistance from the horse that prevents the continuation of the test for longer than 20 seconds.
- Use of illegal equipment.
- Unauthorized assistance.
- Three errors of the course.
- Horse's tongue tied down.
- Late entry into the arena.
- All four of the horse's feet leave the arena with or without the rider.
- Cruelty.
- Marked lameness.
- Bandages or boots left on the horse's legs during a test.
- Fall of horse or rider—In the case of a fall of horse or rider the competitor will be eliminated. Competitors are considered to have fallen when they are separated from the horse in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when at the same time both its shoulder and quarters have touched the ground.

BITS PERMITTED IN DRESSAGE

The bits approved for dressage classes by USEF may be used (see figure 8 for examples).

1. Ordinary snaffle with single-jointed mouthpiece.
2. (2a, 2b, 2c) Double-jointed snaffles.
3. Racing snaffle (D-ring).
4. Snaffle.
 - a. with cheeks, with or without keepers.
 - b. without cheeks (egg-butt).
5. Snaffle with upper or lower cheeks.
6. Unjointed snaffle (Mullen—mouth).
7. Snaffle with cheeks. (Hanging or drop cheek; Baucher). This may be a D-ring or other ordinary snaffle as pictured in Nos. 1–6.
8. Fulmer.

Figure 8. Bits permitted in dressage.

Figure 9. Large dressage test arena layout.

9. French snaffle.

10. Snaffle with rotating mouthpiece (Myler Level 1 and Level 2).

11. Snaffle with rotating middle piece.

12. Happy Mouth with roller.

Any of the bits in this list may be made with a rubber, plastic, or leather covering, but the bit may not be modified by adding latex or other material. Bits with mouthpieces made of synthetic material are permitted, provided that the contours of the bit conform to the contours of one of the bits pictured in figure 8. Flexible rubber or synthetic mouthpieces are permitted.

DRESSAGE ARENA LAYOUT

Training level tests may be ridden in a standard 20 meter by 60 meter arena (see fig. 9) or a 20 meter by 40 meter arena (see fig. 10). First-level tests and all higher tests must be ridden in a standard 20 meter by 60 meter arena. The site chosen for the arena must be as level and quiet as possible. If there is only one judge, they are placed 5 meters from the arena behind the letter C. The public, as well as horses and riders not involved in a test, should be kept at least 20 meters away from the arena to avoid distracting the horse and rider riding a test. Corners of the arena must be clearly marked with planks or boards if regular fencing is not used.

SUITABLE TO BECOME A DRESSAGE HORSE

This class is open to horses that have not competed in any tests above the first level. The class is to be shown at a walk, trot, and canter both ways of the ring, and is to be judged on the horse's potential to become a dressage mount. Ninety percent of the judging is on the horse's gaits, impulsion, attention and confidence, harmony, lightness and ease of movements, and acceptance of the bit. Ten percent is on the appointments of the horse and rider. The horse must be serviceably sound.

- **Walk***—The walk is a marching gait in a regular and well-marked four time beat with equal intervals between each beat. This regularity combined with full relaxation must be maintained throughout all walk movements. When the foreleg and the hind leg on the same side swing forward almost synchronously, the walk has a lateral rhythm. This irregularity is a serious deterioration of the gait.
- **Trot**—The quality of the trot is judged by general impression, that is, by the regularity and elasticity of the steps, and the cadence and impulsion in both collection and extension. This quality originates from a supple back and well-engaged hindquarters, and by the ability to maintain the same rhythm and natural balance with all variations of the trot.
- **Canter**—The quality of the canter is judged by:
 - General impression, that is, by the regularity and lightness of the steps and the uphill tendency and cadence originating from the acceptance of the bridle with a supple poll and in the engagement of the hindquarters with an active hock action.
 - Ability to maintain the same rhythm and natural balance even after a transition from one canter to another.

*The three gait descriptions here are reprinted with permission from the 2022 US Equestrian Federation Rulebook.

Small Arena

1 meter = 3.3 feet

Figure 10. Small dressage test arena layout.

DRESSAGE SEAT EQUITATION

Dressage Seat Equitation Criteria	Points
Rider's position & appointments of horse & rider	100
Total	100

CRITERIA EXPLANATION

RIDER'S POSITION & PERFORMANCE—All of the movements should be obtained without apparent effort on the part of the rider. The rider should be well-balanced and hips supple, with the thighs and legs steady and well-stretched downward. The upper part of the body should be easy, free, and erect. The hands should be held low and close together without touching each other or the horse, and with the thumbs as the highest point. The elbows and arms should be held close to the body, enabling the rider to follow the movements of the horse smoothly and freely and to apply aids imperceptibly. This is the only position that makes it possible for the rider to school the horse progressively and correctly. Not only the aids of the hands and legs, but also of the seat, are of great importance in dressage.

Evaluating the Rider's Position and Performance—The basic picture (see fig. 11) includes the ear, shoulder, hip and heel being aligned with the vertically hanging stirrup leather, heels down. The trunk is upright with the chest open and the spine aligned, with the rider looking up. There is a straight line from the rider's elbow to the horse's mouth. The rider's upper arm is almost vertical.

Figure 11. Correct position of the dressage rider.

Legs:

- Centered under body.
- Heels down slightly, iron on ball of foot with weight evenly distributed. Angle to hip, knee, and ankle allows the rider to sit in balance with the horse and absorb the motion of the horse's movement.
- Knee low, thigh stretched down to adhere to horse.
- Inside of calf lying close to and lightly on horse's side.
- Quiet legs.

Seat and Upper Body:

- Sits centered on the horse.
- Sits in deepest part of the saddle, which should be more toward the front of the saddle than the cantle.
- Sits deeply in the saddle with the upper body controlled but moving with the horse.
- Hips and lower back supple, allowing them to follow the motion of the horse.
- Shoulders balanced over the hips.
- Head balanced over shoulders, with chin level.
- Rider looking over horse's ears.

Use of Aids:

- Aids invisible.
- Horse performs well, is relaxed, has rhythmic gaits, and is energetic, supple, and balanced.
- Correct timing of aids.
- Correct use of half halts.

FAULTS—The following faults will be considered in evaluating the exhibition:

Legs:

- Thigh or knee coming up.
- No contact with the horse's side.
- Lower leg gripping.
- Spur held in horse's side or constantly poking into the horse.
- Loss of stirrup.
- Slightly forward or back.
- Stirrups too short so that use of the leg is restricted.
- Stirrups too long so toe is down or there is no flexibility to ankle.
- Slight movement to legs.
- Stirrups uneven.
- Uneven weight in stirrups.
- Stirrup leather twisted.
- Stirrup on toe or "home."
- Bracing on stirrup.
- Unnecessary lifting of heel to give aid.
- Swinging legs.
- Knee off saddle.
- Toe pointed out excessively so back of calf and heel are on the horse.

- Toe pointed in excessively with all of weight on outside of stirrup.
- Rigid ankles.

Seat and Upper Body:

- Extreme crookedness.
- Rider's head dropped down.
- Unable to sit in saddle.
- Excessive motion.
- Sits to one side.
- Slightly ahead of the motion.
- Slightly behind the motion.
- One shoulder or hip higher or lower than the other.
- One shoulder or hip further forward than the other.
- Slight rigidity or stiffness.
- Rounded back.
- Excessively swayed back.
- Collapsed chest.
- Loss of rhythm with horse.
- Chin down.
- One ear lower than the other.
- Tension in buttocks, back, or shoulders.
- Hanging or pulling on horse's mouth.
- Hands constantly busy.
- Major rigidity or tension in arms and hands.
- Hands too high.
- Hands too wide apart.
- Hands too low.
- Flat hands.
- Elbows too far back.
- Elbows straight.
- Slight rigidity or tenseness.
- Loss of contact with mouth.
- Lack of following arm.

Use of Aids:

- Lack of relaxation, impulsion, rhythm, suppleness, and balance caused by the rider.
- Wrong diagonal or incorrect lead uncorrected.
- Break in gait poorly corrected.
- Loss of control and unsafe riding (including getting too close to other riders).
- Lack of preparation/poor half halts.
- Aids obvious.
- Inappropriate use of whip.
- Inappropriate use of spur.
- Horse resisting.

- Horse above or behind bit.
- No bend.
- Incorrect diagonal or lead quickly and quietly corrected.
- Break in gait quickly and quietly corrected.
- Horse lacking relaxation, impulsion, rhythm, suppleness, and balance.

APPOINTMENTS OF HORSE & RIDER—See the “Appointments” section in this division.

PERFORMANCE OF HORSE & RIDER—The class is open to horses and ponies and is to be shown on the rail at a medium walk, working trot (sitting and rising), and canter both ways of the ring. It is to be judged entirely on the rider’s position, seat, and correct use and effect of the aids as required by training and first-level dressage; however, lameness will be penalized. This class may be conducted in a large enclosed arena, an open schooling area, or in the standard (large) dressage arena. (If it is held in the dressage arena, no more than six riders may be asked to canter at the same time.)

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following movements:

- Transitions
- Leg yield
- Changes of lead through the trot
- Serpentine at the trot
- Shallow-loop serpentine with counter canter
- Trot or canter lengthening, or both
- Riding without stirrups

WESTERN DRESSAGE DIVISION

WESTERN DRESSAGE JUDGING GUIDELINES*

OVERVIEW

Western dressage is open to all breeds. The discipline combines the principles of classical dressage with the maneuvers of the stock horse. One of the main goals of western dressage is for equine athletes and riders to develop a harmonious partnership. Progressive dressage training produces horses that:

- Are physically strong, balanced, supple, and flexible.
- Have calm, confident, attentive attitudes.
- Demonstrate free-flowing, comfortable gaits with regular rhythm and consistent tempo that is consistent with their breed.
- Engage the hindquarters and use the back freely, and consequently are light on the forehand.

APPOINTMENTS OF HORSE—For more information on tack that is acceptable in western dressage, please see the Western Riding Division of this book.

Saddles—A standard western saddle as described in the “Western Appointments” section of the Western Riding Division of this book is required.

Bridles—A western headstall is required. It may include a western cavesson (pencil bosal, braided, or plain).

Bits—Any standard western bit is acceptable on horses of any age at any level and must be judged equally. For more information about bits see the “Western Bits” and “Western Snaffle Bits” sections in the Western Riding Division of this book.

- **Snaffle Bits**—Snaffle bits may be used on any horse of any age at any level. If a snaffle bit is used, split reins are required, and the rider must hold one rein in each hand (right rein, right hand; left rein, left hand).
- **Hackamores (Bosals)**—Hackamores (bosals) are permitted on horses of any age at any level. The bosal must be rounded, constructed of braided rawhide or leather, have a flexible nonmetallic core and be attached to a suitable headstall.
- **Curb Bits**—Riders using curb bits have the option of using either romal or split reins.

Reins—Riders may use either one or two hands on the reins but must be consistent throughout the test. (**Note:** The one exception to this is that at the end of the free walk or free jog, riders using either split or romal reins may use the free or off hand to pull the reins back to the desired length.)

- **Romal reins**—The rider must hold the reins in one hand with no fingers between the reins. The free hand must hold the tail and popper, rolled or straight, and must be at least 16 inches from the rein hand.
- **Split reins**—The rider must hold the reins with one hand, with the palm toward the ground. Only one finger is allowed between the reins. The tails of the reins must fall on the same side as the hand holding the rein.

*Adapted with permission from *Western Dressage Judges Guidelines: What to Expect*. Western Dressage Association of America. (2018). Author.

APPOINTMENTS OF RIDER—For information on appropriate attire for western dressage riders, please see the Western Riding Division of this book.

HORSE'S PERFORMANCE

Head Carriage

The head carriage of western dressage horses depends on their breed, conformation and style. In general, the horse's nose should be level with the point of the shoulder when the horse is maintaining uphill balance.

Gaits

No matter what breed western dressage horses are, it is essential that they exhibit a clear, four-beat walk, a two-beat jog (trot) of alternate diagonal pairs with a moment of suspension, and a three-beat lope (canter) with a moment of suspension after the third beat. This section includes specific information about each gait.

Judging western dressage tests emphasizes the purity of gaits, a connection from pushing of the hindquarters through a supple back into a soft hand. Big, suspended gaits are not to be favored because the western dressage horse is a working horse, but neither does western dressage favor the jog and lope seen in many current western pleasure classes, where suspension and purity of gaits are not consistently exhibited. Excessive speed or slowness will be penalized.

- **Walk**—Three walks are acceptable in western dressage.
 - **Working walk**—A four-beat, active, energetic gait with ground-covering strides and a confident stretch to the bit. The head and neck should swing naturally as a result of a relaxed back and free shoulders. The horse may nose out slightly or be on the vertical. The prints of the hind feet should track up to or beyond the prints of the front feet.
 - **Free walk**—A relaxed walk with unconstrained, forward reaching steps in which the prints of the hind feet are clearly in front of the prints of the front feet. The horse must be allowed complete freedom to lower the head and neck, stretching forward and then down, demonstrating length of stride, relaxation, and swing through the back.
 - **Collected walk**—The horse is on the bit and moves resolutely forward, showing upward balance and self-carriage. Hind legs are engaged with good flexion of the joints. The steps should remain regular and active, covering slightly less ground than the working walk.
- **Jog**—Four jogs are acceptable in western dressage.
 - **Working jog**—The horse travels forward with even, ground-covering, elastic steps, and shows a relaxed back and free shoulders. The hind legs step actively up under the horse, allowing it to balance properly and maintain light contact with the bit. In introductory and basic tests, the working jog may be ridden either sitting or posting. In more advanced tests (level 1 and up) it should be ridden sitting.
 - **Lengthened jog**—The horse covers more ground through lengthening its frame while maintaining the same tempo as in the working jog. Can be ridden either sitting or posting. In levels 2, 3, and 4, the horse will be allowed to lengthen the frame, drop the

head and neck slightly, and point the nose forward and down, moving forward more actively, but still maintaining light contact with the bit.

- **Free jog**—A pace that shows moderate lengthening of the horse's frame and stride. Without hurrying, the horse moves forward with impulsion and uphill balance. It is ridden on a loose rein. The neck will stretch forward and down, and the nose must be in front of the vertical. The steps must be clearly even, with the movement balanced and unconstrained. May be ridden posting or sitting.
 - **Collected jog**—The horse, remaining on the bit, moves forward with the neck raised and arched and showing clear self-carriage. The horse's head or face approaches the vertical position and light contact with the bit is maintained. The haunches are lowered; the hocks are well-engaged and flexed and maintain energetic activity. The horse's steps are shorter than in the other jogs, with clear elasticity and impulsion. The collected jog must be ridden seated.
- Gaited horses will perform an intermediate or saddle gait in place of the jog. This is a true four-beat lateral or diagonal gait, timely, and evenly performed. The tempo, rhythm, and footfalls of a gaited horse's gait must not change while riding a test. This gait should be ridden in a working, lengthened, free, and collected manner, as called for in all western dressage tests.
- **Lope**—Four lopes are acceptable in western dressage.
 - **Working lope**—In this gait the horse maintains a clear, three-beat rhythm, while moving forward with even, elastic steps. The back is relaxed, and the shoulders are free. There is obvious push from the hindquarters, and the hind legs step actively under the horse. The rider maintains light contact with the bit with the horse's nose slightly in front of the vertical.
 - **Lengthened lope**—The horse covers more ground through lengthening its frame, while maintaining the same tempo as in the working lope.
 - **Collected lope**—The horse remains on the bit and moves forward with the neck raised and arched. The haunches are lowered and the hocks are well-engaged and maintain an energetic impulsion. This enables the shoulders to move more freely, demonstrating self-carriage and an uphill tendency. The horse's strides are shorter than in the other lopes, maintaining elasticity and cadence while demonstrating a greater degree of suspension.
 - **Counter-lope**—A balancing and straightening movement in which the horse is asked to take the lead that is opposite to the direction of travel. Maintaining a correct bend is of great importance. (That is, on the left lead, the horse bends to the left. On the right lead, the horse bends to the right.)

Some gaited horse breeds (such as Tennessee walking horses) do lope. Gaited horses that don't lope should demonstrate a clear difference between their second and third gaits.

MOVEMENTS & MANEUVERS

- **Transitions**—The changes of gait and pace should be clearly shown when the rider's leg is at the prescribed marker. On a diagonal

the transition, change of rein, and change of post are made when the rider's leg is at the letter at the end of the diagonal, instead of making the change at X.

- **Turn on the haunches**—Depending on the size of the horse, this movement should be executed in a circle about 1 meter in diameter. Two methods of performing a turn on the haunches are allowed:

- **Traditional dressage**—The horse may walk a small circle with the rear feet to maintain the rhythm of the walk.
- **Traditional western stock horse**—The horse pivots the inside hind leg and steps around it with the outside hind leg. The horse pushes off with the outside hind leg. The pivot leg is allowed to pick up and reset when it reaches the point of stress.

Both methods of turning on the haunches must be judged equally. Switching from one method to the other during a test will result in a 3-point deduction from the movement. Taking a backward step with one or both hind legs will incur a 0.5-point deduction for each backward step.

- **Turn on the Forehand**—This is the inverse of the turn on the haunches, and in general should also be executed in a circle about 1 meter in diameter. It is executed out of a halt or a working walk prepared by a series of half halts to shorten the steps. The horse's hindquarters make a circle around its stationary front end while it bends slightly in the ribcage around the rider's inside leg. The horse must maintain the same rhythm, contact and activity and show willingness to be on the outside rein while performing this maneuver. Stepping back is a fault (penalty will vary depending on severity of fault).

WESTERN DRESSAGE TESTS

TEST LEVELS

Dressage tests are provided by the Western Dressage Association of America (WDAA) and according to the association, "will remain in effect and should not change for at least four years" from the cover date. Each WDAA test change will be reflected in a change in tests used at Michigan 4-H horse shows. The tests and levels offered by a 4-H show are to be listed on the show's prize list. The WDAA currently offers four tests for each test level. PDF copies of the tests are available from WDAA at www.westerndressageassociation.org.

- **Introductory level**—This walk/jog test is an introduction to the discipline of western dressage. The rider demonstrates correct basic position, use of basic aids, and understanding of figures. The horse should be visibly relaxed. Harmony of horse and rider is important. The jog or second gait should be a natural gait within the horse's scope and should be done with a relaxed back.
- **Basic level**—This test confirms that the horse is supple and moves freely forward in a clear, steady rhythm, accepting light contact with the bit. The horse demonstrates greater understanding of the aids than in the introductory level test and shows calm acceptance of them. Greater emphasis is placed on relaxation, submission, harmony, rideability, and pure gaits. The horse is beginning to develop more power and balance.
- **Level 1**—This test is designed to show the development of impulsion and improved balance. The horse begins to develop collection,

self-carriage, engagement, and lateral balance, and accepts light contact with the bit. Rideability is emphasized.

- **Level 2**—This test is designed to confirm that the horse has developed impulsion, accepts more weight on the hindquarters, moves with an uphill tendency (especially at collected gaits), is reliable on the aids and light on the bit. In the test, the horse demonstrates a greater degree of collection, engagement, lateral balance, straightness, bending, suppleness, and self-carriage. Rideability is emphasized.
- **Level 3**—This test is designed to confirm that the horse has improved on the impulsion and amount of weight it accepts on the hindquarters (collection) that were required in level 2. The horse moves with a greater degree of uphill tendency (as required in the collected gaits, especially the collected lope). The horse must maintain light contact on the bit and show the balance, self-carriage, and energy that result from improved engagement and weight-carrying by the hindquarters (as performed in the halts). The movements should be performed with greater bending, suppleness, balance, and self-carriage than in level 2.

SCORING WESTERN DRESSAGE TESTS

Printed copies of current western dressage tests (available from WDAA at www.westerndressageassociation.org) should be used to score the ridden tests. The local show committee must provide the judge with score sheets, a table, and a recording secretary (also called a recorder or scribe). This person writes the judge's numerical scores on the score sheet as the judge relays them.

ELIMINATION—Horse and rider will be eliminated under the following circumstances:

Horse and rider combinations will be eliminated for the fifth and eighth items in the following list. They will be eliminated during the current class or from the next class for which they are registered, depending on which is closest to the time the incident occurred. For all others, under the following circumstances:

- Resistance from the horse for more than 20 seconds
- Horse bucks while riding a test
- Use of illegal equipment
- Unauthorized assistance
- Three errors of the course or test
- Horses' tongue tied down
- Late entry into the arena
- All four of the horse's feet leave the arena with or without the rider
- Cruelty (including excessive spurring)
- Marked lameness
- Concern for the safety of the horse or rider, or of other exhibitors or their horses
- Blood on the horse while riding a test that has not come from environmental causes such as insect bites
- Failure to wear exhibitor number

WESTERN DRESSAGE ARENA LAYOUT

Training level tests may be ridden in a standard 20 meter by 60 meter arena (see fig. 9 in the Dressage Division of this book) or a 20 meter by 40 meter arena (see fig. 10).

First level tests and all higher tests must be ridden in a standard 20 meter by 60 meter arena (see fig. 9). The site chosen for the arena must be as level and quiet as possible. If there is only one judge, they are placed 5 meters from the arena behind marker C. The public, as well as horses and riders not involved in a test, should be kept at least 20 meters away from the arena to avoid distracting the horse and rider riding a test. Corners of the arena must be clearly marked with planks or boards if regular fencing is not used.

WESTERN RIDING DIVISION

WESTERN APPOINTMENTS

APPOINTMENTS OF HORSE—The western bit, bridle, and saddle should fit the horse and rider. Horses aged 6 and up must be ridden with standard western bits, which are bits with shanks and mouthpieces varying from straight to full spade, with a curb strap. Jointed mouthpieces are permitted so long as the bit has shanks and a curb strap (such as a Tom Thumb snaffle). The curb strap or chain should be loose enough to allow a person to insert about two stacked fingers between it and the horse's chin.

Riders whose horses are aged 5 years and under have the option of using a standard western bit (as described in the previous paragraph), a bosal, or a smooth, broken mouthpiece snaffle as listed in the "Western Snaffle Bit" section. A loose curb strap is optional but must be solid leather or nylon only and must be attached below the reins.

Hackamore bits, running martingales, tiedowns, and nosebands are prohibited in any western class other than gymkhana. Draw reins are also prohibited in the show ring. No wire curbs, regardless of how well they are padded or taped, are permitted. No curb chains or straps narrower than ½ inch are permitted. Tapaderos are discouraged. Optional equipment includes ropes, reatas, hobbles, slickers, and breast collars.

APPOINTMENTS OF RIDER—The rider must wear a western hat or protective headgear, western boots (**fashion heels are prohibited**), a long-sleeved shirt with a collar (including standup, tuxedo, oxford, button-down, turtleneck, and mock turtleneck collars), and long pants. If the pants have belt loops, a belt must be worn. A tie, pin, choker, necklace, or scarf is required for open-collared shirts. Chaps, gloves, and spurs are optional, but spurs must not harm the horse.

Contestants must be penalized for incomplete appointments. The penalty will depend on the nature and extent of the omissions or the inappropriateness of the appointments. Exhibitors and judges should always remember that entries are to be judged on ability rather than on personal attire.

WESTERN BITS

References to a standard western bit in western performance classes refers to the use of a curb bit that has a solid or broken mouthpiece, has shanks, and acts with leverage. Curb bits are always reined with one hand, and the rider may not change hands on the reins except while working the gate in trail classes. Using two hands on a curb bit will result in disqualification. All curb bits must be free of mechanical devices and should be standard western bits. A description of a legal, standard western bit includes:

1. **Shank**—The maximum length of the shank is 8½ inches. Shanks may be fixed or loose.
2. **Mouthpiece**—Bars must be round, smooth, and unwrapped metal of ⅝ inch to ¾ inch in diameter, measured 1 inch from the cheek. They may be inlaid but must be smooth or latex wrapped. Nothing (including extensions or prongs) may protrude below the mouthpiece on solid mouthpieces. The mouthpiece may be two or three pieces. A three-piece connecting ring of 1¼ inch or less in diameter,

or a connecting flat bar of $\frac{3}{8}$ inch to $\frac{3}{4}$ inch or less in diameter, or a connecting flat bar of $\frac{3}{8}$ inch to $\frac{3}{4}$ inch (measured top to bottom with a maximum length of 2 inches), which lies flat in the horse's mouth, is acceptable. (See fig. 12 for how to measure a curb bit.)

3. Port—Must be no higher than $3\frac{1}{2}$ inches, with rollers and covers acceptable. Broken mouthpieces, halfbreeds, and spades are standard.

Figure 12. How to measure a curb bit.

WESTERN SNAFFLE BIT

APPOINTMENTS OF HORSE—Horses aged 2 to 5 may be shown in a standard plain or silver mounted western headstall (browband, shaped ear, or split ear). The bridle should have a **smooth snaffle bit** (no shank) with a broken mouthpiece (egg-butt, O-ring, or D-ring, see fig. 13) with rings no larger than 4 inches and no smaller than 2 inches in diameter. From the horse's cheek to 1 inch in from the cheek, the bit must be a minimum of $\frac{3}{8}$ inch in diameter with a gradual decrease to the center of the snaffle. (See fig. 14 for how to measure a snaffle bit.)

Figure 13. Examples of acceptable bits for western snaffle bit horses.

Figure 14. How to measure a snaffle bit.

Split reins are mandatory and can be standard leather or woven. Hair reins are not permitted with snaffle bits.

A braided rawhide or leather bosal (see fig. 15) may be used instead of a snaffle bit. The bosal can be no wider than $\frac{3}{4}$ inch in diameter at the cheek, and there must be a minimum of one finger space (approximately $\frac{3}{4}$ inch) between the bosal and the horse's nose. Absolutely no metal under the jaw or noseband connected to the bosal will be allowed. The bosal should be properly fitted relative to the horse's size and conformation.

Figure 15. A properly fitted bosal.

GAITS

The following terms apply in all western classes whenever a specific gait is called for:

- **Walk**—A natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The horse must be alert with a stride of reasonable length in keeping with its size.
- **Jog-Trot or Jog**—A smooth, ground-covering, two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog-trot should be square and balanced with a straight, forward movement of the feet. Horses walking with their back feet and trotting on their front feet are not performing the required gait. When asked to extend the jog, the horse moves out with the same smooth way of going; however, the stride should be lengthened. The pace should not quicken.

- **Lope**—An easy, rhythmical, three-beat gait. Horse moving to the left should lope on the left lead. Horses moving to the right should lope on the right lead. Horses traveling at a four-beat gait are not performing a proper lope. The horse should lope with a natural stride and appear relaxed and smooth. The horse should be ridden at a speed that is natural. The head should be carried at an angle that is natural and suitable to the horse’s conformation at all gaits.
- **Reverse**—The reverse may be executed by turning either toward, or away from, the rail.

Horses that normally perform alternate second or third gaits should be considered equally and **judged according to their own breed specifications.** (Note: The gaits in the Ranch Riding Division, which are ridden in western attire and tack, are somewhat different from those described here.)

WESTERN CLASSES

STOCK SEAT EQUITATION (WESTERN HORSEMANSHIP)

Stock Seat Equitation Criteria	Points
Hands, seat, suitability & appointments of horse & rider.....	90
Horse’s performance.....	10
Total	100

CRITERIA EXPLANATION

HANDS—Both hands and arms should be held in a relaxed, easy manner with the upper arms in a straight line with the body. The arm that holds the reins should be bent at the elbow. When using a romal, the rider’s off hand should be around the romal, provided it is held a least 16 inches from the reining hand. Some movement of the arm is allowed, but excessive pumping will be penalized. Hands are to be around the reins.

One finger between the reins is permitted when using split reins, but not with a romal. The reins are to be carried immediately above or slightly in front of the saddle horn. When riding in a curb bit, only one hand should be used for reining, and that hand may not be changed. The reins should be carried so there is light contact with the horse’s mouth; at no time should the reins be carried more than a slight hand movement away from contact with the horse’s mouth.

SEAT—The rider’s body should always appear comfortable, relaxed, and flexible (see fig. 16). The stirrups should be just short enough to allow the heels to be lower than the toes. The feet should be placed in the stirrups with weight on the ball of the foot. Consideration, however, should be given to the width of the stirrups, which varies on western saddles. The rider should sit the saddle to jog and not post, even if an extended trot is called for. At the lope, the rider should be close to the saddle. All movements of the horse should be governed using undetectable aids.

APPOINTMENTS OF HORSE & RIDER—See the “Western Appointments” section in this division.

HORSE’S PERFORMANCE—The rider must have the horse walk, jog (or second gait), lope (or third gait), reverse either way, pass on the inside, and neck rein. The rider should be able to perform other routines. **In all western classes, if a horse and rider are traveling in a proper manner, they should not be penalized for safely passing another horse.**

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Individual performance on the rail.
2. Figure eight at the jog-trot (or second gait).
3. Lope and stop.
4. Figure eight at the lope on the correct lead with a simple change of lead (that is, a lead change in which the horse is brought back to a walk or jog-trot and is restarted into a lope on the opposite lead). Figures are begun in the center of two circles so that one lead change is shown. Use of the third gait by gaited horses will be judged on smoothness of transitions.
5. Ride without stirrups.
6. Figure eight at the lope on the correct lead, with a flying change of lead.
7. Change leads while moving straight down the center of the ring, with a simple change of lead.

Figure 16. Correct rider position for stock seat equitation.

8. Ride a serpentine course, with simple or flying changes of lead in each direction, as directed by the judge.
9. Sliding stop.
10. 360-degree spins.
11. One or more roll backs.
12. Counter canter 15 feet from rail.
13. Back.
14. Answer the judge's questions. It is recommended that the same questions be asked of each rider privately. An example would be one question each on tack, anatomy, and equitation.

BAREBACK WESTERN EQUITATION

Bareback Western Equitation Criteria	Points
Rider position, suitability & appointments of horse & rider.....	90
Horse's performance.....	10
Total	100

CRITERIA EXPLANATION

HANDS—Both hands and arms should be held in a relaxed, easy manner with the upper arms in a straight line with the body. The arm that holds the reins should be bent at the elbow. When using a romal, the rider's off hand should be around the romal, provided it is held at least 16 inches from the reining hand. Some movement of the arm is allowed, but excessive pumping will be penalized. Hands are to be around the reins.

One finger between the reins is permitted when using split reins, but not with a romal. Only one hand should be used for reining, and that hand should not be changed. The reins should be carried so there is light contact with the horse's mouth; at no time should the reins be carried more than a slight hand movement away from contact with the horse's mouth.

SEAT—The rider's body should always appear comfortable, relaxed and flexible. The leg position should allow the heels to be lower than the toes. The rider should sit the horse at the jog or second gait and not post, even if an extended trot is called for. At the lope or third gait, the rider should be close to the horse. All movements of the horse should be governed using undetectable aids.

APPOINTMENTS OF HORSE & RIDER—See the "Western Appointments" section in this division. Saddles and pads are not permitted. Protective headgear is required (see General Rule 3).

HORSE'S PERFORMANCE—The rider must have the horse walk, jog (or second gait), lope (or third gait), reverse either way, pass on the inside, and neck rein. The rider should be able to perform other routines. If a horse and rider are traveling in a proper manner they should not be penalized for safely passing another horse.

SAMPLE PATTERN ELEMENTS

The judge may ask riders to perform one or more of the following tests:

1. Individual performance on the rail.
2. Figure eight at the jog-trot (or second gait).

3. Lope and stop.
4. Figure eight at the lope (or third gait) on the correct lead with a simple change of lead (that is, a lead change in which the horse is brought back to a walk or jog-trot and is restarted into a lope on the opposite lead). Figures are to begin in the center of the two circles so that one lead change is shown. Use of the third gait by gaited horses will be judged on smoothness of transitions.
5. Figure eight at the lope on the correct lead, with a flying change of lead.
6. Change leads while moving straight down the center of the ring, with a simple change of lead.
7. Counter canter 15 feet from the rail.
8. Back.
9. Answer the judge's questions. It is recommended that the same questions be asked of each rider privately. An example would be one question each on tack, anatomy and equitation.

WESTERN PLEASURE

Western Pleasure Criteria	Points
Horse's performance, manners & quality of movement.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

HORSE'S PERFORMANCE & MANNERS—The rider must have the horse walk, jog (or second gait), and lope (or third gait), with light contact on the horse's mouth. Passing is to be on the inside. Extended gaits may be requested by the judge. Horses are to be judged on quality, performance, manners, and suitability to the rider. The horse must be serviceably sound.

A good pleasure horse has a stride of reasonable length in keeping with its conformation. The horse has enough angle to its pastern to give the rider a pleasant, smooth ride. The horse carries its head in a natural position consistent with its breed standard—not too high or too low, not overflexed at the poll or excessively nosed out. Credit should be given to a horse that is relaxed but has its ears alert, that looks balanced in its way of going, and is bright as well as responsive to the reins. If asked to extend the jog, it moves out with the same smooth way of going. The horse should not appear sullen, dull, lethargic, drawn, or overly tired.

APPOINTMENTS OF HORSE & RIDER—See the "Western Appointments" section of this division.

FAULTS—The following faults will be considered in evaluating the exhibition:

- Excessively slow walk.
- Trotting behind while loping, not exhibiting a three-beat lope.
- Failure to perform a two-beat jog; failure to jog both in front and behind (with the exception of gaited horses performing a second gait).

- Overflexion at the poll, indicating intimidation, or “nosing out,” indicating a lack of respect for the bit.
- Sour ears, switching tail, and lugging on the bit.
- Altered tail carriage.
- Opening the mouth, failure to change gaits, wrong leads.
- Overly canted at lope (when the outside hind foot is further to the inside of the arena than the inside foot).
- Horse appears dull, sullen, lethargic, or overly tired.

WESTERN SNAFFLE BIT

Western Snaffle Bit Criteria	Points
Horse's performance, manners & quality of movement.....	90
Appointments of horse & rider.....	10
Total	100

CRITERIA EXPLANATION

Riders must show with both hands on the reins and maintain light contact with the horse's mouth. For split reins, the right rein should pass through the right hand first, then through the left hand with the end of the rein on the left. The left rein should pass through the left hand first, then through the right hand with the end of the rein on the right (see fig. 17).

The rider's hands should be carried near the pommel and no more than 4 inches out on either side of the saddle horn. The rider's hands must be steady, with very limited movement, and should be visible to the judge at all times.

HORSE'S PERFORMANCE & MANNERS—See the “Western Pleasure” section in this division.

APPOINTMENTS OF HORSE & RIDER—See the “Western Appointments” section in this division.

Figure 17. Acceptable hand positions for riders of western snaffle bit horses.

RANCH RIDING DIVISION*

A superior ranch horse has a free-flowing stride of reasonable length in keeping with its conformation and covering a reasonable amount of ground as if the horse and rider were traveling to do a ranch task in a timely fashion. The horse should not be a runaway.

Ideally, the horse should have a balanced, flowing motion while exhibiting correct gaits with proper cadence and rhythm. The quality of movement and consistency of gaits are major considerations.

APPOINTMENTS OF HORSE—Polished hoofs, banded manes, and trimmed ears are discouraged, though meeting this guideline may be difficult or impossible, depending on show schedules. Trimming the bridle path, fetlocks, and excessive or long facial hair is allowed. Braided tails and tail extensions are prohibited.

Equipment with silver should not count over a good working rig. Excessive silver on bridles and saddles is discouraged. It is suggested that rigs include a breast collar and a rear cinch.

Snaffle bits and hackamores are acceptable under the terms of their use in the Western Riding Division of this book. When riding in a snaffle bit, the reins must be bridged with the option of carrying the bight on one side.

For more information on tack that is acceptable in this division, please see the Western Riding Division.

APPOINTMENTS OF RIDER—See the Western Riding Division of this book.

GAITS

In all gaits, the movement of the ranch horse should simulate that of a working ranch horse that needs to cover long distances softly and quietly. The horse should display a bright, attentive expression.

- **Walk**—The walk is a natural, flat-footed, four-beat gait. The gait is rhythmic and ground-covering.
- **Extended Walk**—The extended walk is an obvious lengthening of stride that will naturally increase the pace. The horse should move in a natural manner as if it were crossing a large open pasture.
- **Trot**—The trot is a natural two-beat gait demonstrating more forward motion than the western jog or jog-trot.
- **Extended Trot**—The extended trot is an obvious lengthening of the stride with a definite increase in pace. The horse should move as if it were covering a large open pasture.
- **Lope**—The lope is a three-beat gait. The lope should be relaxed and smooth with a natural, forward-moving stride.
- **Extended Lope**—The extended lope is not a run or a race but should be an obvious lengthening of the stride, demonstrating a forward working speed.

*Information in this division is adapted with permission from the “Ranchmanship” section of the *2022–2023 America Ranch Horse Association Rule Book* (<https://www.americanranchhorse.net/forms.asp>) and the “Ranch Riding” section of the AQHA website (<https://www.aqha.com/ranch-riding1>).

RANCH PLEASURE

OVERVIEW

The rider should not be penalized for picking up the reins or moving the horse's body as long as the horse is soft, willing, and free of resistance and should receive credit. The horse should be credited for softness when picking up through transitions, departures, stops, and back-ups. (This should not be confused with constant pulling and jerking around the arena, which will be faulted according to its severity).

The horse should:

- Not wring its tail or be blatantly disobedient to the rider's cues or demands.
- Drive off its hindquarters.
- Not carry its head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving the appearance of resistance.
- Have a bright expression with alert ears.
- Be mannerly.
- Not demonstrate a dull, sullen, lethargic, drawn, or overly tired attitude.
- Be shown on a reasonably loose rein, but with light contact and control.
- Be responsive yet smooth in transitions.
- Extend gaits on cue with the same flowing motion.

Maximum credit should be given to the horse that:

- Has a flowing stride.
- Is balanced.
- Gives the appearance of being willing, fit, alert, and a pleasure to ride.
- Demonstrates great athletic ability and agility.

This class will be judged on the horse's performance, athletic ability, and condition.

CLASS ROUTINE

- 1.** Horses must work both ways of the ring at all three gaits to demonstrate their ability on both leads. At the judge's option, horses may be asked to extend the walk, trot, and lope one or both ways of the ring. The extended trot is an obvious two-beat lengthening of the stride, with a definite increase in pace. Cadence, balance, and smoothness are more essential than speed. Passing is permissible and should not be penalized if the horse maintains a proper and even cadence and rhythm. Horses are required to back easily and stand quietly.
- 2.** Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or trot at the discretion of the judge but will not be asked to reverse at the lope.
- 3.** Riders will not be required to dismount unless the judge wishes to check equipment.
- 4.** Horses are to be shown at a walk, trot, and lope on a reasonably loose rein or with light contact without undue restraint.

SCORING

Faults:

Faults are to be scored according to severity:

- Excessive speed or excessive slowness at any gait.
- Incorrect lead.
- Breaking gait (including not walking when called for).
- Excessive slowness in any gait or loss of forward momentum (resulting in an animated or artificial gait at the lope).
- Failure to take the appropriate gait when called for (during transitions, excessive delay will be penalized).
- Over flexing or straining the neck so that the nose is behind the vertical.
- Excessive nosing out.
- Opening or gapping the mouth excessively.
- Stumbling.
- Spurring in front of the cinch.
- Horse appears sullen, dull, lethargic, emaciated, drawn, or overly tired.
- Quick, choppy strided or quick legged horse.
- Overly canted at the lope (horse lopes with its haunches toward the center of arena).
- Excessive head bobbing.
- Excessive tail ringing.

Credits:

- 1.** Natural, ground-covering gaits.
- 2.** Consistency at all gaits.
- 3.** Smooth upward and downward transitions.
- 4.** Working on a reasonably loose rein without excessive cueing to maintain a moderate pace.
- 5.** Giving the appearance of being able to do a day's work.
- 6.** Athletic ability and agility.
- 7.** Softness of horses' chin, poll, neck, shoulder, body, hip, and being responsive through the whole body.

Disqualifications:

- 1.** Grabbing the saddle horn or any other part of the saddle.
- 2.** Illegal use of the hands on the reins (see the Western Riding Division).
- 3.** Use of prohibited equipment (see the Western Riding Division).

RANCH RIDING

The ranch riding class measures the ability of the horse to be a pleasure to ride while carrying a rider between ranch tasks. The horse should:

- Possess the versatility, attitude, and movement of a working ranch horse.
- Be well-trained, relaxed, quiet, soft, and cadenced at all gaits. (*Cadenced* refers to the proper footfall patterns described in the "Gaits" section of this division.)

- Emphasize free-flowing, ground-covering forward movement at all gaits.
- Perform transitions at designated points smoothly and responsively.
- Be ridden with light contact or on a relatively loose rein without requiring undue restraint but also without excessive drape or length of the reins.

The overall manners and responsiveness of the ranch riding horse, and the quality of its movement, are primary considerations.

CLASS ROUTINE

Each horse and rider will work a designated pattern individually.

Ranch riding patterns are available in the “Ranchmanship” section of the *2022–2023 America Ranch Horse Association Rule Book* (<https://www.americanranchhorse.net/forms.asp>; pp. 61–65) and in the “Ranch Riding” section of the AQHA website (<https://aqha.com/ranch-riding1>).

Ranch riding scoresheets are available from the AQHA website (<https://aqha.com/forms-and-resources>).

Sitting the regular trot and lope is recommended, though standing in the stirrups or posting the extended trot and standing in the stirrups at the extended lope are acceptable. Touching or holding the saddle horn is acceptable.

The use of natural logs in any pattern is encouraged.

CRITERIA EXPLANATION

All contestants will start the class with a score of 70, which represents an average performance. The scale is from 0 to 100. The starting score will be added to or subtracted from as maneuvers are performed and penalties are added. Each maneuver should be scored according to the following scale:

-1½ = extremely poor +½ = good

-1 = very poor +1 = very good

-½ = poor +1½ = excellent

0 = correct

Maneuver scores are to be determined and assessed independently of penalty points.

PENALTIES

Maneuver evaluations and penalty applications will be determined independently. Penalties will be applied to each occurrence and deducted from the final score.

The following will result in a 1-point reduction:

- Too slow (per gait).
- Over-bridled (per maneuver).
- Out of frame (per maneuver).
- Break of gait at walk or trot for two strides or less.

The following will result in a 3-point reduction:

- Break of gait at walk or trot for more than two strides.
- Break of gait at lope, except when correcting an incorrect lead.
- Wrong lead or out of lead.
- Draped reins (per maneuver).
- Out of lead or cross-cantering more than two strides when changing leads.
- Trotting more than three strides when making a simple lead change.
- Severe disturbance of any obstacle.

The following will result in a 5-point reduction:

Blatant disobedience (such as kicking, biting, bucking, or rearing) for each refusal.

The following will result in a 10-point reduction:

Unnatural ranch horse appearance (for example, the horse’s tail is obvious and consistently carried in an unnatural manner in every maneuver).

The following off-pattern issues will result in the horse being placed below horses performing all maneuvers:

- Eliminates or adds maneuver.
- Incomplete maneuver.
- Repeated blatant disobedience.

REINING DIVISION

“To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely.” (*Jim Willoughby, quoted in the National Reining Horse Association 2022 Handbook: Rules, Regulations, and Judges Guide*)

APPOINTMENTS OF HORSE & RIDER—See the “Western Appointments” section of the Western Riding Division. Skid boots, splint boots and protective leg wraps are optional in reining classes.

The judge will indicate the length of the pattern with markers on the arena fence or wall. Markers within the area of the pattern may be used as a guide, but circles, figure eights, and other movements do not have to be performed within the markers.

REINING PATTERN 1

See figure 18 for a diagram of reining pattern 1.

1. Run with speed to the far end of the arena past the end marker and do a left rollback—no hesitation.
2. Run to the opposite end of the arena past the end marker and do a right rollback—no hesitation.
3. Run past the center marker and do a sliding stop. Back up to the center of the arena or at least 10 feet (3 meters). Hesitate.
4. Complete one spin to the right. Hesitate.
5. Complete one and one-quarter spins to the left so that the horse is facing the left wall or fence.
6. Beginning on the left lead, complete two circles to the left, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
7. Complete two circles to the right, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
8. Begin a large, fast circle to the left but do not close this circle. Run straight up the right side of the arena past the center marker and do a sliding stop at least 20 feet (6 meters) from the wall or fence. Hesitate to demonstrate you have completed the pattern.
9. Dismount and drop the bridle to the designated judge.

REINING PATTERN 2

Exhibitors may walk or trot their horses to the center of the arena. Horses must walk or stop before starting the pattern. Begin at the center of the arena facing the left wall or fence. (See fig. 19 for a diagram of reining pattern 2.)

1. Complete one spin to the right. Hesitate.
2. Complete one spin to the left. Hesitate.
3. Beginning on the left lead, complete two circles to the left, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
4. Complete two circles to the right, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
5. Begin a large fast circle to the left but do not close this circle. Run up the right side of the arena past the center marker and do a right rollback at least 20 feet (6 meters) from the wall or fence—no hesitation.
6. Continue back around the previous circle but do not close this circle. Run up the left side of the arena past the center marker and do a left rollback at least 20 feet (6 meters) from the wall or fence—no hesitation.
7. Continue back around previous circle but do not close this circle. Run up the right side of the arena past the center marker and do a sliding stop at least 20 feet (6 meters) from the wall or fence. Back up at least 10 feet (3 meters). Hesitate to demonstrate that you have completed the pattern.
8. Dismount and drop the bridle to the designated judge.

Figure 18. Reining pattern 1.

Figure 19. Reining pattern 2.

CRITERIA EXPLANATION

Judges are encouraged to score reining classes according to the National Reining Horse Association (NRHA) scoring system, which states that all riders will enter the class with a score of 70, which represents an average run. (Scoresheets are available at <https://nrha.com/media/pdf/2015/judgesscorecard.pdf>.) That score is added to or subtracted from as maneuvers are performed and penalties are added.

Each maneuver should be scored according to the following scale:

-1½ = extremely poor	+½ = good
-1 = very poor	+1 = very good
-½ = poor	+1½ = excellent
0 = correct	

Scoring will be on the basis of 60 to 80, with 70 representing an average performance.

The following will result in a disqualification from the class:

- Failure to complete the pattern as written.
- Equipment failure that delays completion of the pattern.

- Performing maneuvers other than in the specified order.
- Including maneuvers not specified, including but not limited to backing more than two strides (two strides meaning four steps with the front feet).
- A turn of more than 90 degrees where one is not specified.
- Running away or failure to guide where it becomes impossible to discern whether the entry is on pattern.
- Jogging more than one-half circle or one-half the arena while starting a circle, circling, or exiting a rollback.
- Overspins of more than ¼-turn.
- Use of illegal equipment.
- Willful abuse of the horse.
- Using the reins or romal as a whip.
- Using more than one finger between reins.
- Changing hands on the reins.
- Using two hands on the reins (except with junior horses that are ridden two-handed, or that are shown in a bosal or snaffle bit).
- Fall to the ground by horse or rider.
- Balking or refusing a command.

The following will result in a 5-point reduction:

- Spurring in front of the cinch.
- Use of the free hand to instill fear.
- Holding the saddle or touching or petting the horse with the free hand.
- Blatant disobedience of the horse, including kicking, biting, bucking, and rearing.

The following will result in a 2-point reduction:

- Failure to go beyond markers on stops or rollbacks when it is called for in the pattern.
- Break of gait.
- Freeze up in spin or rollbacks.
- On walk-in patterns, failure to stop or walk before executing a canter departure.
- On run-in patterns, failure to be in a canter before the first marker.
- Starting or performing circles out of lead will be judged as follows: Each time a horse is out of lead, a judge is required to deduct 1 point, which is cumulative. The judge will deduct 1 point for each quarter of the circumference of the circle or any part thereof that the horse is out of lead. The judge is required to deduct ½ point for a delayed change of lead by one stride.

Other faults and their penalties include:

- Starting a circle at a jog or exiting rollbacks at a jog up to two strides (½ point).
- Over- or under-spinning up to one-eighth of a turn (½ point).

- Failure to remain a minimum of 20 feet from the wall or fence when approaching a stop or rollback (½ point).
- Over- or under-spinning from one-eighth to one-quarter turn (1 point).
- Jogging beyond two strides, but less than one-half circle or one-half the length of the arena (2 points).
- When a change of lead is specified immediately before a run at the end of the arena, failure to change leads will be penalized as follows:
 - Failure to change leads by one stride (½ point).
 - Failure to change leads beyond one stride but completed before the next maneuver (1 point).

Lead Penalties*

- Each time a horse is out of lead, the judge is required to penalize it by 1 point. The penalty for being out of a lead is cumulative, and the judge will add 1 penalty point for each one-quarter circumference of a circle or any part thereof that a horse is out of lead. The judge is further required to penalize a horse ½ point for a lead change delayed by one stride where a change of lead is required by the pattern. **Note:** A gait is specified, but no lead is specified in the instance of run-downs either on the side of the arena or through the middle of the arena, and no penalty is incurred for a horse changing leads in these areas.
- In patterns where a horse is required to run around the end of arena, the horse must be on the correct lead while rounding the end of the arena. The horse is required to be on the specified lead as soon as it completes the first straight portion of the run around and begins to turn the corner of the arena. Failure to be in the correct lead beyond this point will result in the following penalties:
 - From the turn to the halfway position at the end wall (-1 point).
 - Beyond the halfway point up to the beginning of the run-down (-2 points).
 - It should be noted NRHA has determined there to be no correct lead on a straight line. Therefore, changing leads in a straight line is not to be penalized, though it may or may not demonstrate resistance to being dictated to completely, which must be dealt with in maneuver evaluation.
- Where a pattern requires a half circle before beginning a run-down to the other end of the arena, a failure to be on a specified lead should be penalized as follows:
 - Beyond one stride up to one-quarter circumference of circle (1 point).
 - Beyond one-quarter circumference of circle up to the entire half circle (2 points).
 - Lead is not changed before next maneuver (2 points)

Faults against the horse to be scored at the judge's discretion, but not to cause disqualification:

- Opening mouth excessively (when the horse is shown in a bit).
- Excessive jawing, opening mouth, or head raising on stop.
- Lack of smooth, straight stop on haunches, bouncing, or sideways stop.
- Refusing to change leads.
- Anticipating signals.
- Stumbling.
- Backing sideways.
- Knocking over markers.

Faults against the rider to be scored accordingly, but not to cause disqualification:

- Losing a stirrup.
- Any unnecessary aid given by the rider (such as talking, spurring, quirting, or jerking of reins). **Note:** If this is deemed excessive by the judge, it may fall under "willful abuse of the horse" and result in disqualification.
- Failure to go beyond markers on rollbacks and stops is considered a fault. Failure to run circles or figures eights within the markers is not considered a fault, depending on arena conditions and size.

*Lead Penalties adapted with permission from the 2022 *National Reining Horse Association Pattern Book*.

ENGLISH/WESTERN DIVISION

LEAD LINE EQUITATION

Lead Line Equitation Criteria	Points
Rider's performance & appointments of horse, rider & handler	90
Horse's performance.....	10
Total	100

CRITERIA EXPLANATION

RIDER'S PERFORMANCE—This class is recommended for 4-H cloverbud or inexperienced riders. Horses may be shown either English or western. The riders will be judged on equitation at the walk both ways of the ring and must have both feet in the stirrups at all times. Buddy stirrups are acceptable. It is highly recommended that a halter be used in addition to the bridle, and that the lead be attached to the halter and not the bridle. The handlers may assist the rider but shouldn't have sole control of the horse. In the lineup, the rider (**not the handler**) should back the horse.

APPOINTMENTS OF HORSE, RIDER & HANDLER—Appointments of horse and rider should be consistent with the seat chosen, as described in this book. Handler's appointments should be appropriate for the horse and rider's appointments.

WALK-TROT EQUITATION

Walk-Trot Equitation Criteria	Points
Rider's performance & appointments of horse & rider	90
Horse's performance.....	10
Total	100

CRITERIA EXPLANATION

RIDER'S PERFORMANCE—This class is recommended for young or inexperienced riders. Horses may be shown either English or western, and riders must have correct appointments for the chosen seat, as described in this book. The riders will be judged on equitation at the walk and the jog, trot, or second gait, both ways of the ring. Riders' feet must be in the stirrups at all times. The horse should be suitable to the rider's ability. The rider should be in control of the horse at all times.

APPOINTMENTS OF HORSE & RIDER—Appointments of horse and rider should be consistent with the seat chosen, as described in this book.

ENGLISH/WESTERN TRAIL CLASS

APPOINTMENTS OF HORSE & RIDER—The appointments of the horse and rider should be consistent with the seat chosen (such as western, saddle seat, hunter seat, or dressage) and must match. See the appropriate divisions for details on appointments. This class may not be performed bareback and requires a bridle that matches the style of riding.

HORSE'S PERFORMANCE & MANNERS

This class will be judged on the performance of the horse over the obstacles, with emphasis on manners, response to the rider, and attitude. Credit will be given to exhibitors negotiating the obstacles with style, expression, and some degree of speed—providing carefulness is not sacrificed. Credit will be given to horses showing the ability to pick their own way through courses when obstacles warrant it and willingness to respond to rider's cues on more difficult obstacles.

Horses will be penalized for any unnecessary delay while approaching the obstacles. Horses with artificial appearance over obstacles should be penalized, as should riders who stand in the stirrups and lean forward over the horse's neck in an exaggerated manner.

No horse that deviates from the posted pattern in any way or that receives a "no score" for a particular obstacle shall place above any horse that completes the pattern as written.

COURSE DESCRIPTION

Safety is extremely important when designing a trail class. Obstacles should simulate situations that are naturally encountered on the trail, not situations that are designed to trap or eliminate exhibitors. It is recommended that trail classes be held in an arena or roped off area, if possible.

Courses shall include a minimum of six and a maximum of eight obstacles. Three of the obstacles should come from the "mandatory obstacles" list and the remainder from the "optional obstacles" list. The obstacles should remain constant throughout the class.

After the obstacles have been placed on a course, it is recommended that the setup crew use marking chalk, flour or another safe material under the objects to indicate where they should be reset if a horse moves them while negotiating the course. The course must be returned to its original design after each horse has worked.

Horses shall not be required to work on the rail. Courses will be designed to require exhibitors to show their horses' three gaits (depending on the breed) for the judge to evaluate:

- Walk
- Jog, trot, or second gait—at least 30 feet
- Lope, canter, or third gait—at least 50 feet

Note: Trail courses for walk-trot riders must be adjusted so that exhibitors are not required to lope or canter.

When measuring distances and spaces between obstacles, the measurement should be taken from the inside base of one obstacle to the inside base of the next along the typical path of the horse.

The judge must walk the course and has the right and duty to alter the course in any manner to remove or change any obstacle they deem unsafe or nonnegotiable. If at any time the judge deems a trail obstacle unsafe, it shall be repaired or removed. If the obstacle can't be repaired and exhibitors have already completed the course, the score for that obstacle shall be deducted from the scores of exhibitors who have completed the course and the obstacle removed.

When possible, the trail course should be posted at least 60 minutes before the scheduled time of the class.

Mandatory obstacles (choose three):

- Sidepass
- Ride over at least four logs or poles placed on the ground. The logs can be placed in a straight line, curved, zigzag, or a combination. The recommended spacing between the logs follows:
 - Walk-overs—20 inches to 24 inches
 - Trot-overs—3 feet to 3 feet, 6 inches, or increments thereof
 - Lope-overs—6 feet to 7 feet, or increments thereof
- Ride over wooden bridge. Bridge must be at least 36 inches wide and at least 6 feet long, and must be sturdy, safe, and negotiated at a walk.
- Open, pass through, and close a gate. Course instructions should designate whether gate is to be negotiated as a right-hand push or pull or a left-hand push or pull, and the gate must be set up accordingly. The gate must not endanger horse or rider. If a rope gate is used, the rider must never flip the rope over the horse's head or change hands on the rope.

Optional obstacles (choose three to five, depending on how many mandatory obstacles are chosen):

- Back through a path built with cones spaced a minimum of 28 inches apart or rails spaced a minimum of 36 inches apart. Neither cones nor rails may be elevated, and horses may **not** be required to back over objects.
- Carry an object from one part of the arena to another. Objects may only be those that might reasonably be carried on a trail ride, such as a coat or slicker or a bucket.
- Put on and take off a slicker.
- Open and close a mailbox. Showing an object taken from inside the mailbox is optional.
- Enter, turn inside, and exit from a box. This obstacle shall consist of four logs or rails, each 5 feet to 8 feet long, laid in a square. Exhibitors will enter the square by riding over the designated log. When all four of the horse's hooves are inside the square, the rider executes the turn indicated and leaves the box.
- Any other safe and negotiable obstacle that riders could reasonably expect to encounter on a trail that the judge approves. Such obstacles may not be on the "prohibited obstacles" list.
- Dismount. May only be used as the last obstacle of the course.

Prohibited obstacles include the following:

- Tires
- Animals
- Animal hides
- PVC pipe
- Jumps higher than 12 inches
- Rocking or moving bridge
- Water box with floating or moving parts
- Flames, dry ice, fire extinguishers, and similar devices
- Logs or poles elevated in a way that allows them to roll

- Firearms, whether real or toy

SCORING GUIDELINES

Sample scoresheets for this class are online at:

- AQHA Resources (<https://aqha.com/forms-and-resources>)—Scroll to "Score Sheet."
- Appaloosa Horse Club Downloadable Forms (<https://appaloosa.com/all-forms>)—Scroll to "Judges Score Sheets."

Riders may use only one hand on the reins, except when riding junior horses with snaffle bits or bosals, and when riding an English style. Riders may not change hands on the reins when the horse is in motion. Riders may change hands on the reins when working with an obstacle (such as a gate or mailbox). English riders are permitted to put both reins in one hand when negotiating an obstacle (such as a gate or mailbox). Riders are permitted to put one finger between reins. Rider's hands must be clear of the horse and saddle while the horse is in motion.

Obstacle Scores

Each obstacle should be assigned an obstacle score on this scale:

+1½ points = excellent	-½ point = poor
+1 point = very good	-1 point = very poor
+½ point = good	-1½ points = extremely poor
0 points = correct	

Obstacle scores are to be determined and assessed independently of penalty points.

Penalty Scores

Penalties should be assessed for each occurrence as follows.

Disqualification from the class:

- Using more than one finger between the reins.
- Using two hands on the reins, except for exhibitors riding junior horses in a snaffle bit or romal or riding an English style.
- Changing hands on the reins (except when necessary to negotiate an obstacle; English riders are permitted to put both reins in one hand to negotiate an obstacle).
- Using a romal other than for reining the horse.
- Equipment failure that delays completion of the pattern.
- Touching the horse on the neck to lower the head.
- Using the free hand to instill fear or to praise.
- Falling to the ground (horse or rider).
- Riding outside the designated course boundaries.
- Willfully abusing the horse.
- Rearing, bucking, or other major disobedience by the horse.
- Performing the class with mismatched equipment and attire.
- Performing the class bareback.
- Breaking the pattern (going off course).

½-point penalty:

- Each tick of a log, pole, cone, or obstacle.

1-point penalty:

- Hitting or stepping on a log, pole, cone, or obstacle (each occurrence).
- Breaking gait at a walk or jog for two strides or less.
- Placing both front or hind feet in a single-stride slot or space.
- Skipping over or failing to step into a required space.
- Splitting pole, or having the pole between two front or hind feet, in a lope-over.

3-point penalty:

- Breaking gait at a walk or jog for more than two strides.
- Going out of lead or breaking gait at a lope, canter, or third gait (except when correcting an incorrect lead).
- Knocking down an elevated pole (such as a jump 12 inches high or less), cone, barrel, or plant obstacle, or severely disturbing an obstacle.
- Stepping outside the confines of, falling or jumping off an obstacle (such as a back-through grid, bridge, sidepass box, or water box) with one foot. Each foot will accrue additional penalties.

5-point penalty:

- Dropping a slicker or other object that is required to be carried on the course.
- Refusing, balking, or attempting to evade an obstacle by shying or backing (first time).
- Losing control or letting go of a gate.

5 or more penalty points:

- Failing to ever demonstrate a correct lead or gait, if designated.
- Failing to complete an obstacle (for example, open the gate, pass through the gate, and close the gate).
- Refusing, balking, or attempting to evade an obstacle by shying or backing (second time).

No score (for a particular obstacle only):

- Negotiating an obstacle differently than is described on the pattern.
- Missing or not attempting an obstacle.
- Refusing, balking, or attempting to evade an obstacle by shying or backing (third time).

ENGLISH/WESTERN RIDING CLASS

In this event, “the horse is judged on quality of gaits, lead changes at the lope or canter, response to the rider, manners, and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving (AQHA Handbook of Rules and Regulations, 2022, p. 159–160).

HORSE’S PERFORMANCE & MANNERS—Horses will be judged on the riding quality of gaits, changes of leads, response to the rider, manners, and disposition. Preference will be given to complete flying changes of leads midway between the markers throughout the entire class. This indicates the control of a rider over their mount and encourages youth to train for the event.

A rider will be penalized for losing a stirrup, using two hands on the reins (except where two hands are permitted), changing hands on the

reins (except when negotiating the gate), or touching any part of the saddle with the free hand. While the horse is in motion, the rider’s hands should be clear of the horse and saddle.

APPOINTMENTS OF HORSE—Appointments of horse and rider should be consistent with the seat chosen, as described elsewhere in this book. Skid boots, splint boots, and protective leg wraps are optional in English/western riding classes.

APPOINTMENTS OF RIDER—Appointments of horse and rider should be consistent with the seat chosen, as described in this book.

COURSE DESCRIPTION

Figure 20 illustrates the English/western riding course. The AQHA western riding pattern 2 is also acceptable; however, if it is to be used, copies of the pattern should be provided to judges and exhibitors well in advance of the class.

The eight small dots represent markers (cones or pylons are recommended). These should be separated by a uniform distance of not less than 30 feet and no more than 50 feet. The distances may be altered if the local arena is too small.

1. The horse will be judged on quality of gaits, changes of lead, response to the rider, manners, and disposition.
2. The horse should maintain an even cadence and change leads precisely and easily, front and rear, at the center point between markers as indicated by the shaded areas on the pattern. The horse

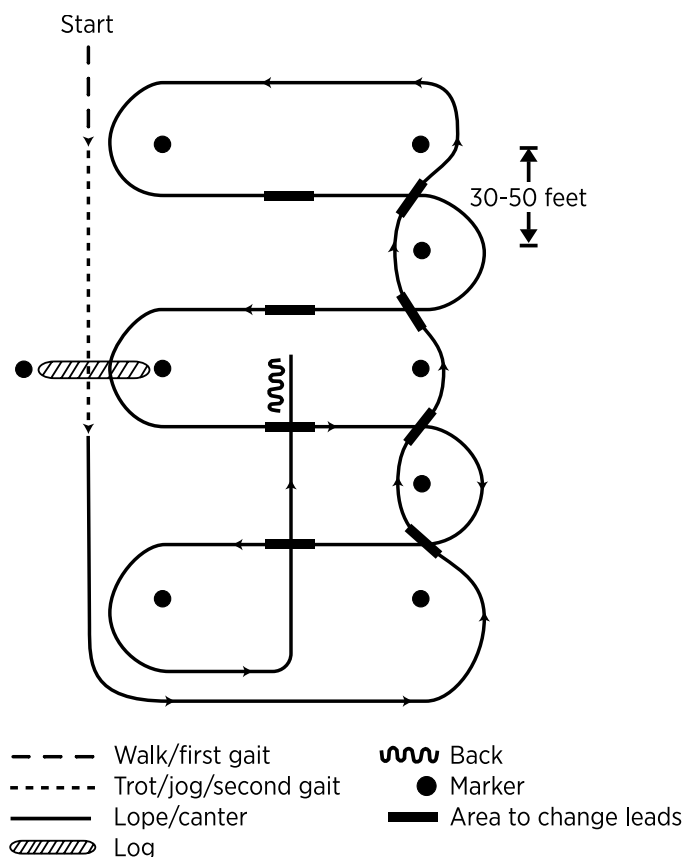

Figure 20. English/western riding pattern.

should have a relaxed head carriage showing its response to the rider's hands, with moderate flexion at the poll. The tail should remain quiet throughout the pattern. The horse should cross the log at the jog or pleasure gait and lope without breaking gait or radically changing stride.

3. Additional information about the pattern follows.

- The arrows on the lines indicate the direction of travel and the type of line indicates the gait.
- The log should be at least 8 feet long and laid on the ground.
- The markers should be cones or pylons. In the row of five markers, the markers are separated by equal distances of 30 to 50 feet. The markers in the row of three are aligned with the first, third, and fifth markers in the row of five.
- After stopping and backing at least 10 feet at the end of the pattern, the rider will report to the judge to be excused.

4. A horse going off pattern is disqualified. Off pattern is any of the following: an incomplete pattern, incorrect order of maneuvers, knocking over markers, passing on the wrong side of markers, making extra loops in the pattern, missing the log, five or more simple lead changes, and failure to change leads.

5. The judge may require an exhibitor to repeat or reverse any part of the routine.

6. Only one hand is allowed on the reins and only the index finger is allowed between the reins. Except when negotiating the gate, the hand on the rein cannot be changed. When romal reins are used they will be carried as described under "Stock Seat Equitation" in the Western Division.

7. The running walk or other pleasure gait is acceptable for any horses that do not jog.

8. Each rider will enter the ring with a score of 70, which represents an average performance. Final scores will generally fall in a range from 40 to 80 points.

- **Scoring guidelines:** Points will be added or subtracted from the eight maneuvers on the following basis.

- 1 = very poor
- ½ = poor
- 0 = correct
- +½ = good
- +1 = excellent

- Sample scoresheets are available online from:

- AQHA Resources (<https://aqha.com/forms-and-resources>)—Scroll to the "Score Sheets" section.

- Appaloosa Horse Club Downloadable Forms (<https://appaloosa.com/all-forms>)—Scroll to the "Judges Score Sheets" section.

- The maneuvers are:
 - a. Trot over the log
 - b. Trot and transition to lope
 - c. Line (side) lead changes (plus or minus 1 point per change)
 - d. First two crossing lead changes (plus or minus 1 point per change)
 - e. Lope over the log

- f. Second two crossing lead changes (plus or minus 1 point per change)

- g. Lope, stop, and back a minimum of 10 feet

- An additional score of plus or minus 1 point will be given for pattern accuracy and smoothness.

- Contestants will be penalized as follows:

5 points

- Failure to change leads where indicated in pattern.

3 to 5 points

- Using the free hand to instill fear in or to praise the horse.

3 points

- Breaking gait at a lope, including a simple lead change.

- Making extra lead changes anywhere on the course.

- Breaking gait at a walk or jog for two or more strides.

- Failure to begin lope within 30 feet after crossing log.

2 points

- Failing to take a prescribed gait at the designated point in the pattern.

- Failing to change lead behind until the next change point.

1 point

- Breaking gait at a walk or trot up to two strides.

- Hitting the log.

½ point

- Touching the log lightly.

- Failing to change lead behind from one-half stride up to a cone.

Disqualifications—Failure to perform at least four flying lead changes will result in disqualification.

- The following are considered faults and should be penalized at the judge's discretion:

- Opening mouth excessively or throwing head on maneuvers.

- Anticipating signals or early lead changes.

- Stumbling.

- Losing a stirrup or holding on.

- Any unnecessary aid given by the rider, such as talking, petting, spurring, quirting, or jerking the reins.

GREEN ENGLISH/WESTERN RIDING

This class will use the same rules, scorecard, scoring system, and evaluation criteria as English/western riding. Horses may perform simple lead changes without disqualification but will receive a 3-point penalty for each simple change performed. Riders are encouraged to advance their skill in 4-H, hence those horses who perform flying lead changes in the class will earn credit over those who perform only simple changes.

AQHA green western riding patterns 1, 2 or 4 should be used.

If a show offers English western riding and allows simple lead changes, the class should be listed on the show bill as green English/western riding. Only standard English/western riding (in which four or more simple lead changes results in disqualification) will be offered at the Michigan State 4-H Horse Show.

DRIVING DIVISION

REINSMANSHIP (DRIVING EQUITATION)

Reinsmanship Criteria	Points
Driver's performance (handling of reins & whip, control, posture & overall appearance).....	75
Appointments of horse, driver & attendant (condition & fit of harness & vehicle & neatness of attire).....	25
Total	100

CRITERIA EXPLANATION

DRIVER'S PERFORMANCE—The driver should be seated comfortably on the box so as to be relaxed and effective. The elbows and arms should be close to the body with an allowing but steady hand enabling a consistent feel with the horse's mouth. An allowing but steady hand permits the horse to move forward but maintains steady contact on the horse's mouth to facilitate cuing.

APPOINTMENTS OF HORSE—The horse is to be shown in a harness suitable to the vehicle used. The pleasure driving harness is traditionally black leather with square patent leather blinkers, snaffle bridle, overhead check, and running martingale. Brass, chrome, or hard rubber hardware is acceptable. A whip is optional.

VEHICLE—The vehicle should be an appropriate two- or four-wheeled vehicle with wire or wood wheels and in sound condition. Driver should strive to present an appropriate turnout. "Appropriate" indicates the balance and pleasing appearance of the combination of horse and vehicle. Factors determining appropriateness include compatible size, type, and weight of horse and vehicle. The way of going of the horse may also affect the overall appearance, that is, a high action horse is more suitable for a formal vehicle. A low-going, ground-covering horse presents a more pleasing appearance for a road or country type vehicle.

APPOINTMENTS OF DRIVER & ATTENDANT (HEADER)—Drivers and attendants should be dressed conservatively, according to the style of the present day. Any attempt to introduce period costumes or gaudy trappings is discouraged. Dress for the driver should conform to the type of turnout (that is, formal, park, country, or sporting) and should always be neat and clean. Suggested attire for gentleman is dress pants and shirt, coat or jacket, tie, boots, and hat or protective headgear. Suggested attire for ladies is a dress; a tailored suit; a skirt or slacks and a blouse, vest, or jacket; and boots. Hats are optional for ladies. Gloves and aprons or lap robes are optional. Attendants should wear long pants, shirts with collars, and boots.

GENERAL COMMENTS—Attendants are optional.

CLASS ROUTINE

Horses enter the ring to the right at a normal trot. All gaits will be performed in both directions of the ring. In a lineup, horses must stand quietly (square or parked), stay checked at all times and back readily. Attendants are permitted to assist in lining up the horses, wiping the horses, checking the reins and overcheck, and giving other assistance

to ensure driver safety. The attendant should step back as the judge approaches.

The gaits called for are:

- **Walk**—Flat, four-beat and brisk.
- **Normal or working trot**—A two-beat gait to be performed at medium speed with moderate collection. The trot should be mannerly, cadenced, balanced, and free moving.
- **Extended or strong trot**—A two-beat gait that is stronger and faster than the normal trot, performed with a lengthened stride. Each animal should reach the extended trot in harmony with its own maximum natural stride, showing moderate collection. The extended trot must be mannerly, cadenced, balanced, and free moving.
- **Reverse**—Drivers may use a large S turn or cross on the diagonal.

PLEASURE DRIVING

Pleasure Driving Criteria	Points
Performance, manners & way of going of horse.....	70
Condition & fit of harness & vehicle.....	20
Appointments of horse, driver & attendant (header).....	10
Total	100

CRITERIA EXPLANATION

PERFORMANCE, MANNERS & WAY OF GOING OF HORSE—To be judged on manners, suitability, performance, quality, presence, and apparent ability to give a good pleasure drive.

CONDITION AND FIT OF HARNESS & VEHICLE—See vehicle specifications for "Reinsmanship."

APPOINTMENTS OF HORSE, DRIVER & ATTENDANT (HEADER)—See appointments for "Reinsmanship."

GENERAL COMMENTS—Attendants are optional.

CLASS ROUTINE

Horses enter the ring to the right at a normal trot. All gaits will be performed in both directions of the ring. In a lineup, horses must stand quietly (square or parked), stay checked at all times, and back readily. Attendants are permitted to assist in lining up the horses, wiping the horses, checking the reins and overcheck, and giving other assistance to ensure driver safety. The attendant should step back as the judge approaches.

The gaits called for are:

- **Walk**—Flat, four-beat, and brisk.
- **Normal or Working Trot**—A two-beat gait to be performed at medium speed with moderate collection. The trot should be mannerly, cadenced, balanced, and free moving.
- **Extended or Strong Trot**—A two-beat gait that is stronger and faster than the normal trot, performed with a lengthened stride. Each animal should reach the extended trot in harmony with its own maximum natural stride, showing moderate collection. The extended trot must be mannerly, cadenced, balanced, and free moving.
- **Reverse**—Drivers may use a large S turn or cross on the diagonal.

FINE HARNESS HORSE

Fine Harness Horse Criteria	Points
Manners, suitability, quality & performance of horse	70
Condition & fit of harness & vehicle	20
Appointments of driver & attendant (header)	10
Total	100

CRITERIA EXPLANATION

MANNERS, SUITABILITY, QUALITY & PERFORMANCE OF HORSE—

The horse is to be judged on manners, suitability, performance, quality, and presence.

CONDITION & FIT OF HARNESS & VEHICLE—The horse is to be shown in a harness suitable to the vehicle used. The traditional fine harness is black leather with patent leather trim. Reins and traces should be round; reins are russet. Hardware should be brass, but black rubber covered buckles are acceptable. A snaffle bridle with overhead check, square blinkers, and a running martingale is conventional; however, an acceptable alternative is a side check bridle. This bridle has round blinkers, a liverpool or Buxton bit, and a jointed check bit. No martingale is allowed with a liverpool or Buxton bit. Horses should be bitted in the ring or half-cheek. A whip and handholds are optional. Horses are to be shown in a four-wheeled show buggy with wire wheels and without a top, in sound condition.

APPOINTMENTS OF DRIVER & ATTENDANT (HEADER)— See appointments for “Reinsmanship.”

GENERAL COMMENTS—Attendant (header) is required in the lineup.

CLASS ROUTINE

Horses enter the ring to the right at a park trot. All gaits will be performed in both directions of the ring. In a lineup, the horse must stand quietly (square or parked) and stay checked at all times. Attendants are permitted to assist in lining up the horses, wiping the horses, checking the reins and overcheck, and giving other assistance to ensure driver safety. The attendant should step back as the judge approaches.

The gaits called for are:

- **Park walk—**Performed with great style, collection, elegance, and airiness of motion. In its preferred form, however, it is still a true walk with a four-beat cadence, although a two-beat cadence may be acceptable. It should be snappy, collected, animated, elastic, and on a straight line.
- **Park trot—**A lofty, diagonal two-beat gait with emphasis on enhanced natural action and precise cadence. The trot should be executed so that the flight of the foot approaches the arc of a circle. The action and stride should be of a height and length that can be performed with rapidity, elasticity, and precision, and be continued consistently all the way around the ring. Considerable shoulder movement is desired, and rear action should be balanced with front. The overall graceful appearance of the horse in motion is more important than any single component—such as height of action—alone.
- **Show your horse—**At the judge’s discretion in an open class, the exhibitors may be asked to “show your horse” to its best advantage. Some increase or decrease in speed is permitted, but not required, and excessive speed should be penalized.
- **Reverse—**Drivers may use a large S turn or cross on the diagonal.

GYMKHANA DIVISION

APPOINTMENTS OF HORSE (WESTERN)—A standard western-type saddle must be used. The western saddle may have a slick or a swelled fork, with or without a horn, and either a high or low cantle. A rope or reata is prohibited. Use of any standard bit or conventional hackamore is optional. However, the judge may prohibit the use of bits or equipment they consider severe. If someone other than the judge is checking equipment, that person may make suggestions to the judge regarding severe equipment; however, the judge makes the final decision. Running martingales, standing martingales, or tiedowns are permitted. Bell boots, shin boots, and skid boots are permitted; however, **polo wraps are not permitted** because of the danger they would pose if they came undone. If split reins are used, they must be tied or fastened together. A single rein is recommended.

APPOINTMENTS OF HORSE (ENGLISH)—Snaffles—with or without dropped nosebands, pelhams, kimberwicks and full bridles—are acceptable. A running martingale is permitted, as are standing martingales or tiedowns. McClellan or similar saddles are considered western when western bridles are used and English when English bridles are used. Any other type of English saddle is acceptable.

APPOINTMENTS OF RIDER—The rider’s appointments may be either English or western (as described in the Fitting and Showing Division of this book) depending on the tack being used, but cannot be a combination of both. Riders must wear protective headgear throughout the class (see General Rule 3). If any appointments violate the rules, the rider will be permitted to make the necessary corrections during the time from the appointments check until the last entry has competed in that class. If the rider fails for any reason to make the necessary corrections or does not appear at the gate by the time the last entry has competed, they will be disqualified from that class. Once a competitor has been allowed to ride, they will not be disqualified because of the appointments and tack unless those items have been altered. Spurs (rowelled and unrowelled) and bats are optional but must not harm the horse. Protective equipment for the rider (such as shin guards) may be used.

GENERAL GYMKHANA RULES

1. All gymkhana events will be timed.
2. Horsemanship and sportsmanship will be stressed.
3. Judges’ decisions will be final.
4. The use of spurs, bats, or over-and-under bats is optional. Excessive or abusive use of these items may be penalized or cause disqualification at the judge’s discretion. Any unsportsmanlike behavior (such as arguing, yelling, or hooting at the judge or show management) by contestants, volunteer leaders, or family members—in or out of the arena—will result in disqualification.
5. Horses must be under control at all times.
6. Horses must be mounted when entering the ring. No assistance to either horse or rider is permitted past the arena gate.
7. After completing the course a rider **must** dismount and lead the animal from the arena. Failure to do so will result in disqualification. Mounted riders should stay clear of the exit gate to allow the dismounted rider to safely exit the arena.

Disqualifications—Any of the following infractions will disqualify an entry.

- Running through the chute or gate to enter the arena.
- Failure to begin the course within 1 minute after the ready signal is given.
- Failure of the rider to enter the arena mounted.
- A stop or willful refusal to move forward.
- Riding the horse out of the arena.
- Loss of course, which includes negotiating obstacles in other than the specified order or in the wrong direction. This includes circling, backing, or reversing the direction of movement.
- Horse behaving in an unruly manner or out of control.
- Any kind of cruelty to the horse whether or not specifically mentioned in these rules, will disqualify the competitor.
- Spurring, striking, or beating the horse in any manner whatsoever forward of the cinch after entering the arena. Touching the horse will not be considered striking or beating the horse.
- Fall of horse or rider while in the arena.
- Using rubber bands or other items to secure any part of the rider to any part of the horse or tack.

Timing Procedure—Electric timers are preferred over stopwatches. If an electric timer is used, at least one official should take the time using a stopwatch in case the electric timer fails. If an electric timer is not available, three stopwatches will be used. The median time of the three readings will be the official time. (The median time is the time indicated by two of the three stopwatches if two agree. If no two watches agree, the median time is the time indicated by the watch which indicated neither

the fastest nor the slowest time.) All stopwatches must be calibrated to at least one-tenth of a second.

- The start/finish timing line must be a minimum of 30 feet from the end of the arena.
- The timing line must be visibly marked in the arena.
- Contestants are allowed running starts.

GYMKHANA CLASSES

BARREL BENDING

The barrel bending pattern is run around six barrels. The barrels are placed in a straight line running perpendicular to the starting line and 24 feet apart from center to center. The first barrel is set 25 feet from the starting line. The barrels will be plastic 5-gallon containers with approximately 15 pounds of sand in each one.

Contestants may start on either side of the line of barrels. They will start at barrel one (see fig. 21) and bend in and out of all the barrels down and back. Jumping a barrel with either or both front or both hind legs will result in a 5-second penalty. Skipping a barrel will result in disqualification. Knocking over a barrel will result in a 5-second penalty. The judge will stand in line with the markers at the end of the row of barrels.

CLOVERLEAF BARREL RACE

Barrels should be the size of a 55-gallon drum, with no sharp edges. Each barrel should be painted so that it can be easily distinguished from the background. Protective devices around steel barrel tops are required.

Figure 21. Barrel bending course.

Figure 22. Cloverleaf barrel race (patterns A and B).

The size of the pattern (see fig. 22) should be 105 feet (35 yards) between barrels 1 and 2, 120 feet (40 yards) between barrels 2 and 3, 120 feet (40 yards) between barrels 1 and 3, and 75 feet (25 yards) from the timer to the first barrel. The course must be measured exactly.

If the course is too large for the available space, then each measurement of the pattern should be reduced 15 feet (3 yards) from the fence. If the course specified in this rule book is too big for the available space, the distance from barrel 3 to the finish line need not be reduced 15 feet at a time, as long as there is enough room for the horse to stop safely.

Riders have the option of riding course A or B.

Course A—The entry must cross the timing line, circle barrel 1 clockwise, circle barrel 2 counterclockwise, circle barrel 3 counterclockwise, and run between barrels 2 and 3 to cross the timing line.

Course B—The entry must cross the timing line, circle barrel 2 counterclockwise, circle barrel 1 clockwise, circle barrel 3 clockwise, and run between barrels 2 and 3 to cross the timing line.

A 5-second penalty will be assessed for each barrel knocked down.

INDIANA FLAG RACE

The course (see fig. 23) is set up in the same manner as for the Cloverleaf Barrel Race. Two 5-gallon buckets filled with approximately 4 inches of sand should be placed on the centers of the first and third barrels. The length of the flag sticks should be 12 inches to 16 inches above the edge of the bucket. Wooden dowelling $\frac{3}{4}$ inch in diameter, or other round suitable material, should be used for the flag.

The rider will pick up a flag at 1, ride behind 2, and place the flag in the bucket at barrel 3. Riders have the option of riding course A or B:

Course A—The entry will cross the starting line and begin following the pattern to the left.

Course B—The entry will cross the starting line and begin following the pattern to the right.

Figure 23. Indiana flag race course.

Disqualifications—Causes of disqualification include:

- Failing to pick up the flag on the first pass.
- Failing to place the flag in the bucket on the first pass.
- Hitting any part of the horse with the flag or stick.
- Dropping the flag.
- Knocking over any of the barrels or knocking the bucket off, or over, on the barrel.
- Dropping the flag into the bucket with the flag end down.

KEYHOLE RACE

The course will be laid out with a limed keyhole on the ground with the opening of the keyhole facing the starting line (see fig. 24). The center of the circle should be 100 feet from the timing line. The keyhole will

PATTERN 1

PATTERN 2

Figure 24. Keyhole race course.

be in the form of a broken circle 22 feet in diameter with a throat 5 feet wide. The angled sides are 5 feet long. The horse will cross the timing line, enter the circle of the keyhole, turn around (in either direction) entirely within the circle of the keyhole, and recross the timing line.

Disqualification—Causes of disqualification include:

- The horse stepping on or over the chalk line at any point.
- The horse turning around in the throat of the keyhole rather than in the circle.
- Failing to complete the pattern.
- Failing to start or finish between the two markers.

Figure 25. Pole bending course.

POLE BENDING

The pole bending pattern (see fig. 25) is run around six poles. The poles are placed in a straight line 21 feet apart, going away from the starting line. The first pole is to be 21 feet from the starting line. Poles are 6 feet high and set on top of the ground, with bases 10 inches to 14 inches in diameter.

Contestants may start on either side of the line of poles. They will cross the starting line, move in an approximately straight line to pole 6 (the farthest pole), make a 180-degree turn around pole 6, pass between pole 6 and pole 5, bend through the poles to pole 1, circle pole 1, bend through the poles to pole 6, make a 180-degree turn around pole 6, and cross the starting line by moving along the poles on the side opposite that on which they first approached pole 6.

A 5-second penalty will be assessed for each pole knocked down.

SPEED AND ACTION

1. Seven kegs or markers are needed (see fig. 26). Using four of the kegs or markers, form a 12-foot by 24-foot box and mark lime lines between the kegs or markers on the 24-foot side. One 12-foot side will be on the starting line. The three remaining kegs or markers are to be placed at 7-foot intervals (from center to center) in a straight line parallel to and 200 feet from the starting line. These three kegs or markers must be at least 25 feet away from any fence.
2. The horse and rider are to start and end the course completely within the box. They may also start the course by entering through the top of the box (that is, by running through the box). Timing begins when the entry leaves the box and stops when the entry re-enters the box. The rider rides through the box to the kegs or markers 200 feet away, rides through two kegs or markers, circling the center one and returning to the box. The rider must stop within the square of four kegs or markers.
3. There will be a 5-second penalty for each keg or marker knocked over.
4. Spinning to a stop more than 90 degrees in the box, as determined by the judge, will result in disqualification.

Disqualifications—Causes of disqualification include:

- Stepping over the line of the box at the end of the pattern.
- Not stopping forward motion in the box.
- Spinning to a stop (see #4 in the previous list).

Figure 26. Speed and action course.

GLOSSARY

ASTM-SEI—American Society for Testing and Materials-Safety Equipment Institute; the organization that sets specifications for safety helmets

big gaits—gaits with a high degree of animation and suspension

bit—generally a piece of metal that is attached to a bridle and runs through the horse's mouth; used to signal the horse; bits are found in many styles and degrees of severity

bosal—braided rawhide or leather noseband used in lieu of a snaffle bit on horses aged 5 and under that curves around the nose and is knotted under the jaw; it is held on by a headstall and woven horse-hair or rope reins are attached to the knotted heel of the bosal

bradoon—a small snaffle bit designed for use in a double bridle

breed standards—standards set by individual breed associations that describe the ideal representative of that breed

buddy stirrups—a piece of equipment that adds stirrups for shorter legged riders

bumping the reins—a light check and release of the reins

cadence—the beat or rhythm of a horse's footfalls

cavesson—a noseband with two independent cheek pieces on the bridle

conformation—the build of an animal; the structure, form, balance, and symmetrical arrangement of parts

cross-canter—when a horse canters on one lead on the front legs and on the other on the hind legs; an incorrect gait

cross-fire—when a horse clips the inside of a hoof or ankle with another hoof when moving at any gait

danger zone—the area directly in front of or behind a horse in which it is dangerous to stand because of the danger of being kicked, struck, or run over by the animal

diagonals—refers to the forefoot of the horse moving in unison with the opposite hind foot at the trot; when posting, the rider should rise as the forefoot on the outside of a turn comes forward

dressage—a style of riding whose object is the harmonious development of the physical ability of the horse resulting in a calm, supple, flexible animal, both longitudinally and laterally; evaluated by performing a specific performance test at the level of training the horse has accomplished

drop the bit—to remove the bit for the judge's inspection; always performed when the exhibitor is dismounted, usually before entering the ring or at the end of a class

engagement—horse flexes through the coupling and moves its hind legs under its body

fashion heels—heels on boots not designed for riding that may catch in a stirrup if a rider falls off a horse

fault—a decrease in points in an over-fences class, due to an error by horse or rider

gait—a way of going, either natural or acquired, that is characterized by a distinctive movement of feet and legs

ground poles—poles placed on the ground that a horse and rider may be called upon to go over

gymkhana—timed games on horseback with specific patterns and rules

halfbreed bit—a curb bit with a 1½- to 2-inch port that often has a roller or cricket

hunter hack—class in which a horse and rider are called upon to go over two jumps individually and then perform work on the flat as part of a group

impulsion—“Impulsion is thrust. It comes from the horse's desire to go forward with energy, willingness, and power, but without rushing. Impulsion gives the gaits liveliness and animation” (Harris, 2016, p. 65).

judge—impartial person hired or appointed by the show management to evaluate the performance of exhibitors at a 4-H horse show

jump cups—cup that holds a jump rail in place

jump pins—pin that holds a jump cup to a jump standard

kimberwick—a direct action English bit (see *snaffle*) that allows for the attachment of a curb chain, which can provide more of a leverage or curb effect

lead (loping or cantering)—the foreleg that is reaching out the furthest at a lope or canter; when circling to the right, the horse should be on the right lead, that is, the right foreleg should reach out slightly ahead of the left foreleg

lead chain—see *lead shank*

lead shank—a chain, rope, strap, or combination thereof used for leading a horse

longe—the act of exercising a horse on the end of a long line, usually in a circle

longe line—line of not more than 30 feet long that may or may not have a chain at one end; used for longeing a horse

lugging on the bit—the action of a horse that consistently pulls on the bit, against the rider or driver's hands

martingale—a device used to assist in the placement of the horse's head; a running martingale is a type of tiedown attached to the reins, a standing martingale is a type of tiedown attached to the cavesson or noseband

mullen—a bit with a straight or slightly curved mouthpiece that applies pressure across the horse's tongue and bars only

near side—the left side of a horse

nose out—horse pushes its nose out or forward

off side—the right side of a horse

on side—the left side of the horse

on the bit—horse maintains relaxed contact with the bit

open stance—a judging pose in which the front and back pairs of the horse's legs are not set side-by-side (as in the “square” pose), but instead with one foot slightly ahead of the other. This stance allows the judge to see all four legs of the horse at the same time when standing on either side of it.

- overcheck**—a short rein passing from the bit to the saddle of a harness to prevent the horse from lowering its head
- overflexion**—a head and neck position in which a horse flexes its poll such that the muzzle is carried in toward the chest in an excessive manner
- pelham**—a one-piece bit equipped to handle four reins (two snaffle reins for guiding the horse and lifting the head and two curb reins for control and for setting the head)
- progressive training**—a series of training levels in a discipline such as dressage that horse and rider work through together.
- pumping the reins**—using the arms to pull heavily on the reins
- pylons**—markers or traffic cones used to designate a pattern; often bright orange
- ratcatcher**—a tie worn at the neck in English apparel; generally wraps around the collar and may be held in place with a pin
- ring steward**—the judge's assistant; person who works with the judge, announcer, gate person, and exhibitors to help ensure that a horse show runs smoothly
- romal**—an extension of braided material or smooth leather attached to closed reins
- rowels**—multipointed metal spur attachment that revolves
- safe/safety zone**—the area in front, but off to one side, of a horse; area where an exhibitor is not likely to be struck if the horse rears or lunges forward
- scratch**—when an exhibitor withdraws from a previously entered class before the class begins
- self-carriage**—a horse's ability to maintain balance with a rider on its back
- snaffle**—a very mild bit with a jointed or solid mouthpiece that works on direct pressure to the corners of the mouth (as opposed to a leverage bit such as a curb) and does not have shanks or curb straps
- snaffle rein**—the leather straps that attach to the snaffle bit and allow the rider to guide the horse; when used in a pelham or full bridle the snaffle rein is the heavier rein that is used for guiding
- sour ears**—a sign of agitation in a horse in which the animal pins its ears back
- spirit level (plumb bob)**—a device used for determining true horizontal or vertical directions by the centering of a bubble in a slight curved glass tube or tubes filled with alcohol or ether; used to ensure that jumps are level; also called level
- splint boots**—protective boots worn on the horse's front legs to prevent injury to the cannon bones
- stock tie (or pin)**—a tie or pin worn at the neck in western or English riding apparel
- supple back**—a horse that is relaxed through the back
- suspended gaits**—gaits that have a lift of the legs through the phase when the legs are in the air
- tack**—riding equipment or gear for the animal such as a saddle, bridle, halter
- traces**—the parts of a harness that run from the collar to the singletree
- trailer**—an assistant to the exhibitor in a halter class who encourages draft horses and donkeys to move out energetically

Pole Bending: In-Hand.....pg. 15

Speed and Action: In-Hand.....pg. 16

Cones Class.....pg. 17

Acknowledgments.....pg. 18

General Rules

1. A miniature horse 38 inches or under when measured at the last few hairs of the mane.

The height of a miniature horse is the vertical distance from the last hairs of the mane to the ground when the animal is standing squarely on a level area.

2. Horses do not need to be registered to show at Michigan 4-H Shows or the Michigan 4-H State Miniature Horse Show.
3. Stallions are not allowed unless it is the year in which they were born.
4. Horses may be body clipped or shown in full coat.
5. A driving horse must be 3 Years or older.
6. Horses must be at least 2 years old to participate in Ground Driven Obstacle.
7. Hunter/Jumper Horse (Age) - A hunter/jumper horse must be 3 years and older.
8. Horses must be at least 1 year old to participate in Liberty, In-Hand Obstacle/Tail, In-Hand Gymkhana classes and costume.
9. Any exhibitor may wear protective headgear (Certified ASTM/SEI Equine Helmet) in any division or class without penalty from the judge(s). Headgear harness must be secured and properly fitted. Helmets are required in Driven Barrels, and Cones Class.
10. Headers: It is required that youth exhibitors in any driving class have a header 16 years or older. Headers are to enter the ring when the line-up is called, may assist in setting up the animal and then step back two paces where they are to remain, except in an emergency, until the judge's card is turned in. Headers apparel should be ring appropriate.
11. An exhibitor's outfit should not be the dividing factor in placings.

Halter

Horses show in halter at a walk and trot. Judge to ask for the horse to walk past them and trot away; horse to turn 90 degrees making an “L” and continue to trot into the line up. This allows the judge to view the movement from the front, back, and side.

X Judge

Walk -----

Trot

1. The Miniature Horse is to be shown to its best advantage, with a preference that the horse stand square. The Judge at his or her discretion may ask to have the horse stand square, which means all four feet are flat on the ground and at least one front and one rear cannon bone perpendicular to the ground.
2. Horses may be shown with or without polished hooves.
3. Horses must be serviceably sound, in good condition, and well-groomed. Transmissible weakness and unsoundness to be penalized.

Color Class

Color class is judged 100% on color. The classes should be divided in to solid color and multi-color.

1. Horses are to walk in a circle around the judge, then reverse and walk. Follow directions of ring steward.

Showmanship:

Showmanship is designed to evaluate the exhibitor’s ability to execute, in concert with a well-groomed and conditioned horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence and maintaining a balanced appearance.

Appointments of Exhibitor: See Fitting and Showing Division of the Michigan 4-H Rulebook starting on page 9.

Appointments of the Horse:

1. Horses to be shown in a halter with an appropriate lead, chain on lead permitted under the chin or over the nose of the horse. A chain is optional. Western, Cable and Draft style halters are permitted. A bridle is acceptable when showing in English attire (unless specified otherwise).
2. Judges should specify if the HALF or QUARTER system will be used in the class. The HALF system is preferred.

Half System to be used in exhibiting your pony or horse.

Exhibitor must be on the opposite half of the pony/horse from the judge. When Judge is in position 1 then exhibitor should be in position 1, when Judge is in position 2 then exhibitor should be in position 2, etc.

Minor Faults (deduction of 5 points)

- Break of gait at walk or trot for up to two strides
- Over or under turning up to 1/8 turn
- Ticking or hitting a cone
- Sliding a pivot foot
- Lifting a pivot foot during pivot and replacing it in the same place.

Major Faults (deduction of 10 points)

- Not performing the gait or not stopping within 10 feet of the designated area
- Break of gait at work or trot for more than 2 strides
- Splitting the cone (cone between horse and handler)
- Horse stepping out of or moving the hind end significantly during pivot or turn
- Horse stepping out of set-up during the presentation
- Over/under turning 1/8 to 1/4 turn.

Severe faults avoid disqualification but should be placed below other exhibitors that do not incur a severe fault (deduction of 20 points).

- Exhibitor not in required position during inspection
- Exhibitor touches the horse.
- Exhibitor kicking or pointing to horse's feet during the set-up
- Standing directly in front of the horse

- Loss of lead shank, holding chain, or two hands on shank
- Severe disobedience including rearing or pawing; horse continually circling exhibitor
- Off pattern

In Hand Trail/Obstacle

The class is judged on the performance of the horse over the obstacles, with emphasis on manners, response to the handler and attitude. Credit is given to exhibitors negotiating the obstacles with style, expression and some degree of speed, providing carefulness is not sacrificed.

Appointments of Exhibitor: See Fitting and Showing Division of the Michigan 4-H Rulebook starting on page 9.

1. Horses must be at least 1 Year old.
2. Horses to be shown in a halter with an appropriate lead, chain on lead permitted under the chin or over the nose of the horse. A chain is optional. A bridle cannot be used.
3. Horse to be penalized for any unnecessary delay or excessive time at an object. Judge(s) can advance an exhibitor to the next obstacle if a horse is taking excessive time at an obstacle. Maximum time of sixty (60) seconds per obstacle.
4. This class is strongly judged on manners.
5. Edible treats to encourage an animal to perform one of the obstacles are not allowed.
6. Obstacle requirements: See pg. 83 English/Western Trail Section.
 - a. A teeter-totter/rocking bridge and is legal for miniatures only.
 - b. Jumps are prohibited.
7. Carrying a whip or crop is prohibited.

The following are minimum obstacle dimensions:

Walk overs (width) 16"

Trot overs 20"

Back throughs (width) 24"

Cones should be set at least 6 feet apart.

Measurements to be taken from the inside width of the poles, and on curved or fan type obstacles, the measurement should be taken from the approximate center of the poles.

Liberty

Liberty is demonstrating the natural beauty of the horse. Horses are to be judged on style, grace, animation, gaits, presence, and ease of catching. The liberty animal is expected to perform at both a canter and a trot.

Be sure to have a safe space with low enough fence rails to prevent the possibility of a horse escaping.

1. Horses will be judged beginning when the halter is removed by the exhibitor (the individual wearing the number) and until caught and haltered by the exhibitor. Time of liberty shall be 1½ minutes; time to catch shall be 2 minutes.
2. It is the steward's responsibility to time Liberty classes and to be in possession of a timer. The steward should be in the same location as the judge(s) to adjudicate the class. Timing will begin when the **halter is removed**, not when the music starts, and the show announcer will announce

TIME when the 1½ minutes performance has ended to signal the exhibitor that they can begin the catch. The horse cannot be touched during the performance (includes whips, etc). The catch should be timed and recorded. When the 2-minute catch time has elapsed, the show announcer will announce TIME to signal the end of the catch if the animal has not been caught. If the catch is not completed in the 2-minute allotted time frame, the exhibitor is disqualified.

3. Only the exhibitor can touch the animal during the catch. The horse must be caught and haltered by the exhibitor only within 2 minutes or be disqualified. **The assistant may not touch the horse at any time.** There will be “No Baiting” (no use of hay, grain, clickers, etc.) of Liberty horses during the catch by the exhibitor, assistant or spectators on the rail or the horse will be disqualified.

4. Music is required.

5. No deliberate interference with the horse from outside the ring or it will result in disqualification. An announcement is to be made before the class to specify that no outside assistance is allowed.

6. Horses entered in the Liberty class must be at least one year old.

7. Exhibitor and assistant should wear appropriate, tasteful attire. A safe costume or theme outfit is allowed for the exhibitor and assistant only. The horse is allowed to wear anything once the halter has been removed: no costume, ribbons or glitter.

8. If a horse should fall or roll during its performance, the entry is disqualified. Stopping, standing or eating grass is not a disqualification.

9. Entry will be disqualified if the horse leaves the ring during competition or catch time.

Jumper In-Hand

The Jumper In-Hand class is designed to test the athletic ability of the horse. The class is judged on speed and accuracy.

1. Horses must be three years old or older.
2. Horses to be shown in a halter with an appropriate lead, chain on lead permitted under the chin of the horse. Bridles are not allowed.
3. Hunters and Jumpers may show with braided manes and tails in the manner of their larger counterparts.
4. Jumpers are scored mathematically on accumulated faults only unless there is a tie, in which case there will be a jump-off (described below).
5. Exhibitors not permitted to go over jumps.
6. A whip may be carried.
7. Tennis shoes may be worn instead of boots. Hats are optional.

Course:

1. There will be a minimum of 4 fences and a maximum of 6 fences.
2. All jumps must have a ground pole.
3. Jump standards may not be taller than 40”.

4. No wings or additions are allowed outside the jump standards.
5. All jumps must be collapsible.
6. Jumps should be of attractive design but constructed of a material so as not to cause danger to the horse. Obstacles may simulate those found in hunting, such as natural post and rail, brush, stone wall, white board gate, hedge, oxer, etc.
 - (a) The jumps can range in height from 12 to 24 inches (in the jump-off this will change to a minimum of 12 to a maximum of 30 inches). All jumps must be at least 5 feet in width, no wider than 6 feet, with a minimum of 20 feet between jumps, with the exceptions of an in and out.
 - (b) The distance between the two jumps of an In and Out Jump should be 10-12 feet. An In and Out Jump should never be the first jump in the course.
7. An In and Out Jump is considered one obstacle and scored as such. Refusal of one element of an In and Out Jump requires the retaking of both elements.

Faults

- Knockdowns – an obstacle is considered knocked down when in jumping an obstacle, a horse or handler, by contact, lowers the established height of the fence in any way – 4 faults.
- Refusals – stopping at an obstacle without knocking it down and without backing, followed by jumping from a standstill is not penalized. However, if the halt continues or if the horse backs even a single step, side steps or circles to retake the fence, a refusal is incurred:

1st refusal	4 faults
2nd refusal.....	4 faults
3rd refusal	Disqualification
- Circling – any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles, stops advancing toward the next obstacle, or turn away from the next obstacle, except to retake an obstacle after a disobedience. Crossing your own path (i.e., circling between fences, NOT retaking a fence from a refusal) – 3 faults.
- Elimination: (1) Three (3) refusals (2) Off course (3) Fall of horse and/or exhibitor.

Jump Offs/Breaking Ties:

1. A jump-off is to occur for those horses with clean rounds. All other ties will be jumped-off for concurrent place.
2. The Jump-off will be held over the original course.
3. Only two jumps in the Jump-off will be raised. The height of the jumps shall be increased not less than 1 inch and not more than 6 inches in height.
4. The Jump-off will be timed by the Steward with a stopwatch and the horse that has the fastest time and the fewest faults in the Jump-off round will be declared the winner. An elimination Jump-off does not eliminate the pony from the final placing.

In-Hand Hunter

In-Hand Hunter is judged on style, manners, and way of going. Preference given to those horses that cover the course at an even pace, with free-flowing strides, such as a brisk trot or canter, must maintain the same gait throughout the entire course.

1. Horses must be three years old or older.
2. Circling once upon entering the ring and once upon leaving the ring is permissible.
3. Charging fences or not maintaining the same gait throughout the entire class should be penalized.
4. A whip may not be carried.

Course:

1. The course design for hunters should follow the same requirements as the course for jumpers.
2. The judge may request a trot through for soundness before the final placing.

Causes for Elimination:

- Three (3) refusals
- Off Course
- Crossing your own path (as in circling between fences, not as in retaking a fence from a refusal or when following a course design).
- Fall of horse or exhibitor
- Jumping of an obstacle by exhibitor
- Carrying a whip
- An unsound horse

Major faults to be scored:

- Knockdowns
- Touches
- Refusals
- Bucking or Kicking
- Spooking or shying
- Wringing of tail
- Showing an obstacle to horse
- Not maintaining an even pace

Costume:

Costume classes are to be judged 75% on originality of costume and 25% on presentation.

1. The class may be divided as Individual (1-2 people/ 1 horse), or as a Group (2 people or more/1 horse or more).
2. To be shown at a walk both ways of the arena and lined up in the middle of the arena for final judging.
3. Costume entries may be led or driven. Entries may utilize one or more handlers, horses.

4. All youth are encouraged to wear protective headgear (Certified ASTM/SEI Equine Helmet) if driving their entry. Headgear harness must be secured and properly fitted.
5. For safety reasons, attendants 16 years of age and older may be allowed in the ring during Costume. The attendant must not interfere with or influence the individuals or equines performance.
6. Costumes must be considered safe.

General Driving Rules

1. Driving horses must be 3 years of age or older.
2. Helmets are encouraged in driving classes.
3. Helmets are required in and driven speed event such as Driven Barrels or Cones Class.
4. Reins must be connected/buckled together so that in the event a line is dropped it can be easily recovered.
5. It is recommended that driving reins buckle to the bit instead of snap.
6. Harnesses and vehicle should be safe and in good working order.

Appointments of Driver:

There are a variety of different styles of driving, and the driver's attire should coordinate with the driving style. Driving aprons and gloves are permitted but optional. Closed toe shoes or boots are required. Attire should be conservative. Sleeves (short, $\frac{3}{4}$ or long) are required on shirts/blouses/dresses for ladies. Skirts/Dresses if worn should end below the knee. Jackets are allowed. Gentlemen should wear long sleeves. Jackets or vests are optional. Additional information on attire can be found on pg. 253 of the American Miniature Horse Registry (AMHR) Rule Book.

Pleasure Driving

Class Conditions:

To be shown both ways of the arena at a walk, trot, and extended trot. To stand quietly and to rein back. To be judged 60% on performance, manners, and way of going; 30% on the condition, fit and appropriateness of harness and vehicle; and 10% on neatness, appropriateness of attire, and overall impression. Excessive speed will be penalized.

1. Walk: A free, regular and forward moving four beat gait. The horse should walk energetically, but calmly, with even and determined pace.
2. Trot: The horse should maintain forward impulsion while showing submission to the bit. The trot is slower and more collected, but the horse should indicate a willingness to be driven on the bit while maintaining a steady cadence.
3. Extended Trot: This is a clear, but not excessive, increase in gait and length of stride. The horse goes forward freely, engaging the hind legs, on a taut but light rein, the position balanced and unconstrained.

Reference pg. 253 to 270 of the AMHR rulebook for more information on different styles of driving.

General Rules:

1. The only person to handle the reins, under penalty of elimination, is the driver. No change of driver is permitted during any class.
2. Horses must be serviceably sound.
3. Horses may be shown with a full mane or mane with bridle path clipped and full tail.

4. Driving whips, if used, must be of suitable style, and the tip of the lash must not reach past the shoulder of the horse.

Equipment:

1. Caveseons or nosebands are optional in the Driving Division.
2. Boots, wraps, etc. of any description are prohibited.
3. The vehicle and harness must be safe. 2 or 4 wheeled carts are acceptable. Harnesses of any style are acceptable if they are safe.
4. Blinders are required.
 - a. Round or square blinders are permissible.
5. Side or over-checks are required.
6. The check must be hooked.
7. Breeching is optional.
8. Bits specific to driving are acceptable. Overcheck bits are allowed.
9. Martingales are optional.

Reinsmanship:

This class is designed to test the knowledge and ability of the driver. To be shown at a walk, trot, and extended trot. To be judged primarily on the ability and skill of the driver. To be judged 75% on the handling of the reins and whip, control, posture and overall appearance of the driver and 25% on the condition of the harness and vehicle and the neatness of attire. The class can be completed fully on the rail, with rail work and a pattern or with only a pattern at the judge's discretion.

Suggested Pattern Components:

1. Back.
2. Drive a circle of a designated size, at judge's discretion.
3. Drive a figure eight.
4. Extended trot.
5. Negotiate simple obstacles, e.g., drive between two obstacles.
6. Stop and stand.
7. Drive with one hand.

Unsafe animals or equipment can be disqualified from the class at the judge's discretion.

Versatility Class

The purpose of the versatility class is to showcase the skill set of the miniature horse and their handler through three different events: Showmanship, driving and in-hand hunter.

1. The horse will be shown as a driving horse, in showmanship (patterns should be appropriate and posted 2 hours ahead of time), and as a hunter, in that order.
2. Two grooms/headers allowed in at the end of driving. The announcer will specify when to begin.
3. **For purposes of safety, the cart must be removed from the horse before the horse is unbridled.**
4. Before un-tack and grooming it shall be announced that horses are to remain in the same order for the rest of the class as they go on the rail, both for Showmanship and Hunter portions.
5. At the end of the two-minute un-tack grooming period, grooms shall leave the arena with the carts and all tack. They do not have to be out of the arena in 2 minutes, only finished with the horse.

6. Exhibitors are to follow the direction of the Ringmaster and line up in preparation for showmanship.
7. After showmanship inspections are completed, exhibitors are to follow the Ringmaster and proceed to the hunter course.
8. The hunter requirements for judging are the same as specified under the "Hunter" Rules.
9. There shall be a minimum of 2 (two) but not more than 4 (four) fences.
10. Horses do not leave the arena between divisions.
11. All three divisions to count equally.
12. Horses must complete all three divisions, without disqualification, to be eligible for a ribbon.

Ground Driven Obstacle

The purpose of Ground Driven Obstacle is to test the skill of the driver and the obedience and handiness of the animal without being hooked to a cart.

1. Horses must be at least 2 Years old.
2. Horses to be shown in a harness or other appropriate driving tack. Blinders are not required.
3. Horse to be penalized for any unnecessary delay or excessive time at an object. Judge(s) can advance an exhibitor to the next obstacle if a pony/horse is taking excessive time at an obstacle. Maximum time of sixty (60) seconds per obstacle.
4. Obstacles should reflect what a horse and driver might experience when driving on a trail. Examples include: Bridges, mailboxes, tarps, cones, etc. The course should include maneuvers that would be used while hooked to a vehicle such as: Backing, serpentines, figure eights, sharp turns, etc.

Obstacle Driving

The purpose of Driven Obstacle is to test the skill of the driver and the obedience and handiness of the animal when hooked to a cart. Helmets not required but encouraged. See appointments of driver section on pg. 10.

To be judged:

1. Judged 100 % on the basis of performance and manners.
2. Tack and Equipment: The harness and vehicle must be safe and in serviceable condition.
3. Each entry will work individually through an obstacle course designed to test the performance and manners of a good working animal.
4. The judge will dismiss any unsafe entry whether due to equipment or behavior of the animal.
5. Cantering is penalized in obstacle driving.
6. There is a sixty-second-time limit to complete each obstacle. After time is used, the exhibitor will be directed to the next obstacle. Refusals of three (3) obstacles shall be cause for disqualification.
7. The following will result in elimination from the class and no points, ribbons or awards will be presented. a. Off course – defined as: (1) Taking an obstacle from the wrong side. (2) Negotiating an obstacle from the wrong direction. (3) Skipping an obstacle unless directed by the judge. (4) Negotiating in the wrong sequence. (5) Animal leaving the course.

Driven Dressage

The purpose of driven dressage is the harmonious development of the physique and ability of the horse. Emphasis should be placed on suppleness, basic gaits, figures, impulsion and transitions in the performance of the horse as produced by the driver. Conformation does not count. Information on judging dressage can be found on pg. 43 of the Michigan 4-H Horse and Pony Project Show Rules and Regulations Book. Tests should be selected from the American Driving Society.

General Rules:

1. Tests may be read during the competition, but no part of a test may be read more than once. Lateness or errors in reading the test will not relieve the driver from error penalties. Coaching by anyone is prohibited and will result in the elimination of the driver. If part of the test is repeated, it may be scored as an error.
2. Fine, draft and carriage style harnesses are acceptable.
3. A competitor leaving the arena at the end of a drive at any point other than "A" will be penalized with an error.
4. Drivers have 90 seconds to enter the arena after the starting signal (bell, whistle, etc.).
5. Lap robes/aprons are optional.
6. An overcheck is required.

Disqualifications

- Prolonged resistance from the horse that prevents the continuation of the test for longer than 20 seconds.
- Use of illegal equipment.
- Unauthorized assistance.
- Three errors on the course.
- Horse's tongue tied down.
- Late entry into the arena.
- All four of the horse's feet leave the arena with or without the vehicle/driver.
- Cruelty.
- Marked lameness.
- Bandages or boots left on the horse's legs during a test.
- Fall of horse or driver – In the case of a fall of horse or driver, the competitor will be eliminated.

General Miniature Gymkhana Rules

1. All gymkhana events will be timed.
2. Horsemanship and sportsmanship will be stressed.
3. Judges' decisions will be final.
4. Any unsportsmanlike behavior (such as arguing, yelling, hooting at the judge or show management) by contestants, volunteer leaders or family members – in or out of the arena – will result in disqualification.
5. **Horses must be under control at all times.**
6. Horses must be at least 1 year old for in-hand or 3 years old for driving.
7. Horses to be shown in a halter with appropriate lead (when in-hand), chain on lead permitted under the chin or over the nose of the horse. A chain is optional. Western, Cable, nylon and Draft style halters are permitted. Bridles are not allowed.

8. Horses can trot, canter or gallop for in-hand events. For driven events, horses can only walk and trot.
9. Tennis shoes are allowed instead of boots.

Disqualifications – Any of the following infractions will disqualify an entry.

- Running through the chute or gate to enter the arena.
- Failure to begin the course within 1 minute after the ready signal is given.
- A stop or willful refusal to move forward (loss of forward motion).
- Off course, which includes negotiating obstacles in other than the specified order or in the wrong direction. This includes circling, backing or reversing the direction of movement.
- Horse is behaving in an unruly manner or out of control.
- Any kind of cruelty to the horse whether or not specifically mentioned in these rules will disqualify the competitor.
- Striking or beating the horse in any manner whatsoever after entering the arena. Touching the horse will not be considered striking or beating the horse.
- Fall of horse or exhibitor while in the arena.
- If driving, cantering more than 3 strides will result in disqualification.
- Carrying a whip for in-hand events. A whip is allowed for driven events.

Timing Procedure – Electric timers are preferred over stopwatches. If an electric timer is used, at least one official should take the time using a stopwatch in case the electric timer fails. If an electric timer is not available, three stopwatches will be used. The median time of the three readings will be the official time. (The median time is the time indicated by two of the three stopwatches if two agree. If no two watches agree, the median time is the time indicated by the watch which indicated neither the fastest nor the slowest time.) All stopwatches must be calibrated to at least one-tenth of a second.

- The start/finish timing line must be a minimum of 10 feet from the end of the arena.
- The timing line must be visibly marked in the arena.
- Contestants are allowed running starts.

Driven and In-Hand Barrel Racing

1. Barrel racing classes can be performed in-hand or driven. These are to be separate classes. Three 55-gallon barrels in safe, usable condition should be used.
2. The size of the pattern (see fig. 22) should be 35 feet between barrels 1 and 2, 40 feet between barrels 2 and 3, 40 feet between barrels 1 and 3, and 25 feet from the timer to the first barrel. The course must be measured exactly. If the course is too large for the available space, then each measurement of the pattern should be reduced 5 feet from the fence. If the course specified in this rule book is too big for the available space, the distance from barrel 3 to the finish line need not be reduced 15 feet at a time, as long as there is enough room for the horse to stop safely.
3. Knocking Down a barrel will result in a 5 second penalty.
4. If driving, cantering more than three strides will result in a disqualification.

Figure 22. Cloverleaf barrel race (pattern A and B)

Pole Bending In-Hand

1. The pole bending pattern (see fig. 25) is run around six poles. **The poles are placed in a straight line 10 feet apart. The first pole is to be 10 feet from the starting line. Poles are 6 feet high and set on top of the ground, with bases 10 inches to 14 inches in diameter.**
2. Contestants may start on either side of the line of poles. They will cross the starting line, move in an approximately straight line to pole 6 (the farthest pole), make a 180-degree turn around pole 6, pass between pole 6 and pole 5, bend through the poles to pole 1, circle pole 1, bend through the poles to pole 6, make a 180-degree turn around pole 6, and cross the starting line by moving along the poles on the side opposite that on which they first approached pole 6.
3. A 5-second penalty will be assessed for each pole knocked down.

Figure 25. Pole bending course.

Speed and Action In-Hand

1. Seven kegs or markers are needed (see fig. 26). Using four of the kegs or markers, form an 8-foot by 12-foot box and mark lime lines between the kegs or markers on the 12-foot side. One 8-foot side will be on the starting line. The three remaining kegs or markers are to be placed at 5-foot intervals (from center to center) in a straight line parallel to and 100 feet from the starting line. These three kegs or markers must be at least 15 feet away from any fence.
2. The horse and exhibitor are to start and end the course completely within the box. They may also start the course by entering through the top of the box (that is, by running through the box). Timing begins when the entry leaves the box and stops when the entry re-enters the box. The entry runs through the box to the kegs or markers 100 feet away, runs through two kegs or markers, circling the center one and returning to the box. The entry must stop within the square of four kegs or markers.
3. There will be a 5-second penalty for each keg or marker knocked over.
4. Spinning to a stop more than 90 degrees in the box, as determined by the judge, will result in disqualification.

Figure 26. Speed and action course.

Cones Class

Cones Class is a timed event designed to test accuracy, speed, and obedience. The driver negotiates up to 15 sets of cones. The pattern should be posted a minimum of 2 hours before the class. Courses should be laid out so that drivers have a chance to maintain a reasonably fast pace throughout most of the course.

General Requirements

1. Cones should be placed 67 inches apart (interior width).
2. Drivers must start and end by driving through the start/finish cones.
3. A number should be attached to each obstacle.
4. A Certified ASTM/SEI Equine Helmet is required.

Penalties:

- If the driver has entered the arena but fails to start by passing through the start line within 45 seconds of the starting signal.
- Failing to go through the start/finish cones at the beginning and end of the pattern-20 second penalty.
- Knocking over a cone-10 second penalty

MI 4-H Miniature Horse Show Guidelines 2019

- Cantering more than three strides will result in disqualification.
- If the driver is off course or takes a set of cones from the wrong direction, they will be disqualified.
- Loss of forward motion or backing up will result in disqualification
- Major disobedience of the horse such as rearing, bucking, or running away will result in disqualification at the judge's discretion.
- Any kind of cruelty to the horse whether or not specifically mentioned in these rules will disqualify the competitor.

Acknowledgements

Many of the rules and regulations in this rulebook are incorporated from the American Miniature Horse Registry (AMHR) Rulebook. We want to thank the AMHR for allowing MI 4-H to use their information. This rule book was developed with the help of Lori Wilson, Abbie-Jo Wilcox, Barb Schember, Michelle Goshorn, Ted Goshorn, Cassie Lewis, and Amy Wertenberger.
