### Rural Mail Buggy

The buggy on back, was used by Mr. Henry Clark of Oscoda, Michigan from 1900 to 1911, when he purchased the first automobile. Due to the poor roads of the area and Mr. Clark continued to use the buggy and although the money earned by Mr. Clark was from selling mail in the area of Oscoda, Michigan. Some of the mail was made to his father's mill. Some of the mail was in the form of parcels which were because they didn't think that the post office was important and all deliveries were made to the South Line, Michigan post office. Mr. Clark carried mail for over 80 years, starting in 1900. At the time of his retirement, Mr. Clark was the biggest letter carrier in the country.

Germaine the Magician

And now take note about  
appearances

1. The first appearance of Germaine the Magician was in 1891 at the Grand Opera House, New York City. She was the first woman to perform magic in a top-hat and tailcoat. Her act was a combination of magic and comedy, and she was a great success. She toured the United States and Europe, and was a favorite of the public. She was also a pioneer in the use of the top-hat and tailcoat in magic. Her act was a combination of magic and comedy, and she was a great success.
