

Tuscola County 4-H Beef, Dairy Steer, Feeder & Breeding Stock Recordsheet

Grade 9

Name: _____ 4-H Club: _____

Use Chapter 12 to answer the following questions:

1. What is extra-label drug usage? When is it allowed? Who can prescribe or order it?

2. It is June 1 and your 1200 lb. steer that you registered for the fair has an infection. You have been instructed to give 2ml per 100 lbs. not exceeding the maximum dose for 3 days. Use the medication insert on page 199 in your beef manual to complete the following chart.

Treatment Date & Time	Animal ID Species Description	Condition Being Treated	Estimated Weight	Treatment Given and dose (Medicine)	Print Name of Person Who Gave Treatment	Instructed Withdrawal	Results Comments	Date & Time Withdrawal Complete (meat)	Vet Name address Phone

3. It is difficult for some to understand why it is necessary for 4-H members to know and abide by withdrawal times when they “just want to show at the 4-H fair.” Why do you think it is important for 4-H members to understand and follow withdrawal time? Can you show the above animal at the county 4-H fair? Be sure to consider whether 4-H beef has an impact on the beef market.

4. Think of a beef health concern you have dealt with either this year or in the past. How did you ensure that you provided care in a way that was safe and by disease maintenance standards?

5. List some benefits you have gained from your past show ring experiences.

6. Describe what you feel is appropriate behavior when you win.

7. What behavior is appropriate when you don't place where you had hoped?

8. Chapter 8 identifies 2 different categories of beef by-products. Use that information to match the by-products to beef part it comes from.
