4-H AND ETHICS: JUST DO THE RIGHT THING!!

One of the most difficult challenges when involved in competitive events, such as a fair, is remaining true to what we know is right. It can be awfully tempting to do something that isn't quite right but might not be exactly "wrong". This is the true challenge of behaving ethically- doing what's right when we're most tempted not to do so.

Although no one can argue that earning a blue ribbon is a great feeling, the ribbon should never be the goal. Instead, fair should be looked at as a means to demonstrate to one another and to the general public what has been learned through a year of hard work in a given project area. Our fair is an educational opportunity for youth, and for the public.

The Tuscola County 4-H members are expected to be sincere, honest and to act in a sportsmanlike manner at all times. Every individual member represents the entire 4-H program and their behavior reflects not only on themselves but also their parents, leaders, club, and the entire county. All adults working with 4-H youth, including parents, judges, superintendents, and club leaders, are expected to serve as positive role models by what they say and by what they do.

4-H youth are expected to do their own work to a quality that is appropriate for their developmental level, following the guidelines and rules provided in the Tuscola County Fair Book each year. Adults should guide and support, not do the work for youth.

4-H animal exhibitors are expected to provide appropriate care for their animals and to treat them in a humane manner. Youth who participate in livestock auctions must ensure that the animals that they sell have been raised using agricultural best practices and are safe for consumers to eat.

Most importantly, 4-H members should participate in fair because they are excited about 4-H, about their project areas, want to show what they've learned, and want to share in their peers' accomplishments as well.

YOUTH LARGE LIVESTOCK REGULATIONS

1. **All exhibitors are expected to know and follow the Youth General Regulations in the fair entry book.**
2. A top record book will be chosen from the Beginner, Intermediate and Advanced categories. From the chosen 3, the best overall record book will be chosen and awarded \$50, and the other 2 will be awarded \$25 each respectively. This is for all Large Livestock species (beef, swine, sheep, feeders and dairy).
3. A committee will judge all Record Books at 3 p.m. on Monday of fair and select winners. ***No additions to the regular paper record book will be allowed (example: adding scrap book border, adding an extra art page, adding "bling", etc.). If additions are attached the exhibitor will be disqualified from receiving an incentive. Photos and pictures will be allowed on the original space allotted in the record books.***
4. Ownership is required for market livestock projects. The exhibitor must own the animal he or she is exhibiting.

All exhibitors must check with the appropriate superintendent before stalling and exhibits must remain in the assigned stall. **Sunday Arrival:** Any Tuscola County 4-H participant that is attending both MLE and the TCF will be granted late arrival for check-in on Sunday of the TCF. 8. This policy and wording is applicable to all large livestock species that have homegrown division to offer consistency and fairness to all participants. All species shown at the Tuscola County Fair must follow the homegrown guidelines set forth in the fairbook and Tuscola County Large Livestock Handbook. Homegrown **MUST** be declared at beginning weigh-in/tagging. Please contact the MSUE office for the Large Livestock Committee's contact information if you have any questions about the policy or the wording.
