Dear Friends,

It's county fair season, Michigan! Grab your family and friends and head down to one of Michigan's 80+ county fairs happening in communities across our state during the 2026 fair season.

From the grandstand concerts at the Ionia Free Fair, one the nation's largest free-admission fairs, to classic livestock shows and agricultural exhibits at the Hillsdale County Fair, Michigan's county fairs feature learning and fun for the whole family.

There's something special about our communities coming together each year for their county fairs and celebrating what makes Michigan such a great place to live—our vibrant communities, rich agricultural heritage, and hardworking families. Whether you're enjoying local foods, cheering on the next generation of 4-H stars and future leaders of Michigan's agricultural industry, or just soaking in the excitement, I have no doubt that you will have a great time at your local county fair.

As your Governor, I am proud of the hard work and passion that goes into the exhibits and projects showcased at our county fairs. I want to thank all the sponsors, exhibitors, or fairgoers for supporting your community.

Sincerely,

A handwritten signature in blue ink that reads "Gretchen Whitmer".

DEPARTMENT OF AGRICULTURE
AND RURAL DEVELOPMENT

DR. TIM BORING
DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2026 county fair season!

Millions of people attend Michigan's county fairs each year, enjoying the sights, sounds, and activities that have become an annual tradition across the state.

Michigan's county fairs are cornerstones of social and cultural community identity. These annual events bring people together and maintain essential connections to rural traditions at a time when people are increasingly disconnected from agriculture and food production. Our state's more than 80 local, county, and state fairs provide safe, family-friendly entertainment and celebrate our important agricultural heritage.

County fairs also support nearly 50,000 Michigan youth who participate in livestock and community art exhibitions each year. These youth activities are meaningful educational and professional development opportunities and build lifelong connections with agriculture. The support provided by local businesses and families also provides meaningful resources for continuing education.

Since 2019, MDARD has delivered more than \$7.9 million in grants to help county fairs build grandstands, livestock barns, and other infrastructure and to support livestock and commodity exhibitions. For 2026, MDARD launched a new grant program to help county fairs invest in water infrastructure upgrades including water lines, wells, and filtration systems. And MDARD continues to support the safety and success of county fairs by licensing and inspecting food vendors, performing animal health inspections, and delivering educational programming.

Whether you are here as a sponsor, exhibitor, or fairgoer, many family memories await you. I wish you great adventures during the 2026 fair season.

Sincerely,

A handwritten signature in black ink that reads "Tim Boring".

2. When said drug testing is needed it will be done by a licensed veterinary appointed by the Fair Board.
3. Testing supplies provided by Michigan Department of Agriculture, Laboratory Division will be used.
4. Testing will be done and samples will be handled in accordance with livestock sample collection procedures provided by Michigan Department of Agriculture as follows:
 - A. Verify the animal you are about to test. Identify any tattoos, ear tag or ear notches that are on the animal. Whenever possible use USDA official identification vs. farm identification. Be sure to include this information on the “Sample Tag.”
 - B. Present the container for examination to the animal representative/exhibitor, making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory. **Note:** The animal representative must remain with the animal at all times during the sample collection process.
 - C. Record the seal # in the top right box of the Sample Transmittal Packing List.
 - D. Open the container by pressing upward on the tab marked open, breaking the seal.
 - E. Place the container in the catching stick; fold the lid back and anchor it under the metal finger welded onto the handle.
 - F. If a urine sample cannot be obtained, a Michigan Licensed Veterinarian/Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the “Sample Tag.” Place the five labeled blood tubes inside a plastic sample container and seal as described below.
 - G. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down sides of the container.
 - H. Complete the information on a “Sample Tag” substituting the name of the fair for “Track,” the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for “Horse” and the ear tag number or other unique identification number for “Tattoo.” After the animal representative has watched the sample collection and sealing, they must sign under “Witness” on the sample tag. The person collecting the sample must sign under the “Sampled By” on the sample tag.
 - I. Place one completed large sticker tag from the top of the “Sample Tag” on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed “Sample Tag” must be kept and NOT returned to the lab.
 - J. Lock the sealed and labeled sample container in a metal can. **Note:** Once the can is locked it cannot be opened until it reaches the lab.
 - K. Samples must be held secure and cold until transferred to the laboratory. **Note:** Urine may be frozen; blood must be kept refrigerated and never be frozen.
 - L. Any discarded needles should be placed in an approved “Sharps” container by the veterinarian/veterinarian technician.
 - M. When all sample collection has been completed, fill out the “Sample Transmittal Packing List.” The packing list must identify the tag number of all samples included in the case. Enclose the completed “Sample Transmittal Packing List,” and unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After Sample Collection is Completed

1. Transport samples to the lab either in person or by overnight express. Arrange samples to arrive at the lab during normal business hours (7:30 am-5:00 pm, Monday through Friday). The lab is located on the campus of Michigan State University at: 1615 South Harrison Road, East Lansing, MI 48823.
2. Collect and retain signed Animal Certification Forms and the remaining portion of the completed “Sample Tag.” **Note:** Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of a positive result these documents must be kept as evidence.

All costs of said testing will be charged as follows:

1. In the case of negative results all costs to be paid by complainant.
2. In the case of positive results all costs to be paid by owner of animal in question.

4-H AND ETHICS: JUST DO THE RIGHT THING!

One of the most difficult challenges when involved in competitive events, such as fair, is remaining true to what we know is right. It can be awfully tempting to do something that isn't quite right, but might not be exactly "wrong". This is the true challenge of behaving ethically—doing what's right when we're most tempted not to do so.

Although no one can argue that earning a blue ribbon is a great feeling, the ribbon should never be the goal. Instead, fair should be looked at as a means to demonstrate to one another and to the general public what has been learned through a year of hard work in a given project area. Our fair is an educational opportunity for youth, and for the public.

Tuscola County 4-H members are expected to be sincere, honest and to act in a sportsmanlike manner at all times. Every individual member represents the entire 4-H program and their behavior reflects not only on themselves but also their parents, leaders, club, and the entire county. All adults working with 4-H youth, including parents, judges, superintendents, and club leaders, are expected to serve as positive role models by what they say and by what they do.

4-H youth are expected to do their own work to a quality that is appropriate for their developmental level, following the guidelines and rules provided in the Tuscola County Fair Book each year. Adults should guide and support, not do the work for youth.

4-H animal exhibitors are expected to provide appropriate care for their animals and to treat them in a humane manner. Youth who participate in livestock auctions must ensure that the animals that they sell have been raised using agricultural best practices and are safe for consumers to eat.

Most importantly, 4-H members should participate in fair because they are excited about 4-H, about their project areas, want to show what they've learned, and want to share in their peers' accomplishments as well.

YOUTH GENERAL REGULATIONS CLASSES & PRIZES

1. Entry in classes at the Tuscola County Fair is suggested for the combined exhibits of the work of youth enrolled in 4-H Youth Programming or in FFA Vocational Agriculture classes during the current program year (September 1st – August 31st).
2. These general regulations apply to all 4-H and FFA exhibitors. All 4-H and FFA exhibitors must abide by all the project, class, section, division, and department regulations and deadlines for the project(s) as well as the general regulations established jointly by the 4-H Council and FFA Advisors.
3. **All exhibits are entered with the understanding that the fair association and Tuscola County 4-H accept no responsibility for loss, damage, sickness, injury or death of any animal or other item exhibited. The exhibitor assumes all risk and is responsible for any expenses incurred as a result of such loss or damage.** See also “Rules Governing Entries, Exhibits, Awards and Business of the Association” Section 1, Rule 4.
4. To be eligible to exhibit in 4-H classes, the member must be properly enrolled in the Tuscola County 4-H Program no later than close of business on January 5, 2024 for returning members or the project deadline date for new members. Youth residing outside of Tuscola County **MUST** be properly enrolled in 4-H prior to their projects deadline date to be eligible to exhibit in 4-H classes.
5. Members exhibiting in livestock, horse, dog, or shooting sports events must be enrolled in a 4-H Club that has a registered leader in the project area in which they are exhibiting.
6. 4-H age is determined by the child’s age on January 1st of the current year. 4-H members must be between the ages of 8 and 19 to exhibit in 4-H classes at the Tuscola County Fair.
7. Cloverbuds must be between the ages of 5 and 7 on January 1st of the current year to exhibit in Cloverbud activities at the Tuscola County Fair. Cloverbud classes are non-competitive (not placed or ranked A, B, C, and/or 1, 2, 3) and promote participation as well as education.
8. All non-animal exhibits must have an entry tag attached. Entry tags are pre-printed and will be made available through the MSU Extension office the week prior to fair, at the fairgrounds on the day of Community Building check-in/judging, or through project superintendents.
9. Projects belonging to exhibitors with special needs that should be brought to the judges’ attention can be marked by writing 4-H in the top right corner of the exhibitor card and drawing a circle around it.
10. Exhibitors are limited to entering one project per class regardless of the fact that they may be enrolled in both 4-H and FFA.
11. Entries must be made online in their respective departments / divisions in ShoWorks and any additional required forms must be submitted to the MSU Extension office by end of business day **Friday, June 19, 2026. NO ENTRIES WILL BE ACCEPTED AFTER THIS DATE.** Changes or additions will not be allowed after the deadline.
12. In the event it appears there will be a conflict in exhibiting times, it is the responsibility of the 4-H exhibitor to notify the superintendent in advance.
13. Exhibits will be judged on a blue, red and white ribbon (A, B, and C) basis. Any exhibit that does not meet the requirements listed for the project will automatically receive one ranking lower.
14. Fair Premiums will no longer be paid by the Fair Board. In Lieu of Premiums for 2012 and beyond, any 4-H or FFA youth who exhibit in (5) or more divisions shall receive a free grandstand pass for the week of fair. Exhibitors must have a card signed by superintendents to verify projects. Exhibitors must present a complete signed card and 4-H pass to the Midway Hall on Monday, July 27th and/or Tuesday, July 28th, 2026 to receive the free grandstand stamp. This decision will be reviewed annually. Projects must be deemed worthy, such as with a B rating or better, and not misrepresented in any way.
15. All awards shall be forfeited if any 4-H or FFA person is involved in improper conduct in any exhibit or activity area during the fair. If deemed necessary, the person(s) will be sent home. The decision is to be made by the Executive officers of the 4-H Council, one Fair Board member, and the involved superintendent.
16. All livestock exhibitors must abide by the bio-security policy, which is available through the MSU Extension office.
17. All fair exhibits must remain at the Tuscola County Fair until the published release time. Each exhibitor is responsible for picking up, or making arrangements for the pick-up of, their exhibits at this time. If necessary, exhibits in the Community Building may be picked up the following week at the MSU Extension office. **Projects not picked up within 2 weeks after fair will be discarded. PROJECTS LEAVING EARLY WILL FORFEIT PRIZES.**
18. All final decisions pertaining to fair policy will be made jointly by the Tuscola County 4-H Council and the Tuscola County Fair Board.
19. 4-H and FFA members are NOT allowed to sleep in barns, trucks, or cars. All overnight stays **MUST** be at an approved campsite with proper adult supervision. No running or smoking in the barns. All project areas will set up at 6:00 p.m. on the Wednesday before fair week unless indicated otherwise in the 4-H newsletter. Clean up will be during release time on Sunday between the hours of 6:00 a.m. to 12:00 p.m.
21. Each 4-H club is responsible for providing help for the 4-H Diner at least once during fair week. The 4-H Diner relies on 4-H youth, parents, and leaders to volunteer during the week of the fair. Failure to comply will result in suspension of any scholarship awards for members of that club for the following enrollment year.

2. A top Large Livestock record sheet will be chosen from each grade level and species (beef, dairy, feeders, sheep & swine). The 4-H member submitting the selected record sheet will receive \$25. All cloverbud record book participants will receive a \$5 gift card to the 4-H Diner.

You **MUST** contact the record book Superintendent if an extenuating circumstance applies.
A committee will judge all Record Books at 3 p.m. on Monday of Fair and select winners. *No additions to the regular paper record book will be allowed. Photos and pictures will be allowed on the original space allotted in the record books*****
4. Ownership is required for market livestock projects. The exhibitor must own the animal he or she is exhibiting.
5. Market livestock projects must be tagged according to the procedure specified by the superintendent for each species. There will be no exceptions to this rule; all market animals must be tagged. At the time of tagging, an exhibitor may elect to weigh-in for entry into rate of gain contests if applicable.
6. Each Large Livestock Exhibitor, showing a market livestock project at the Tuscola County Fair, is required to fulfill one (1) educational requirement each year. Please get the form from the MSU Extension Office. The educational requirement must be completed, and the form turned in by the fair paperwork deadline of each fair year. If an exhibitor has not completed their requirement or their paperwork has not been turned into the MSU Extension Office by the paperwork deadline, the exhibitor will only be able to exhibit their project in showmanship. The MLE participants shall arrive NO later than (5) hours after the final show/class concludes. 8. This policy and wording is applicable to all Large Livestock species that have homegrown divisions to offer consistency and fairness to all participants. All species shown at the Tuscola County Fair must follow the home-grown guidelines set forth in the fair book and the Tuscola County Large Livestock Handbook. Homegrown **MUST** be declared at beginning weigh-in / tagging. Please contact the MSU Extension office for the Large Livestock Committee's contact information if you have any questions about the policy or the wording. **POLICY:** Homegrown animals will be defined as an animal born on the participant's immediate family's owned and operated farm, in which the participant has an active part in the care of said animal for the duration of the project. 11. No exhibitor may exhibit more than five (5) market livestock species. All Grand & Reserve Champions must sell. In the event of more than three (3) Grand &/or Reserve Livestock, the monetary amount above market price for the excess animals will be donated to the Large Livestock Committee. The exhibitor will choose which projects the monetary amount will be donated.

13. There shall be only one (1) official weigh-in per exhibited market livestock animal.
14. Bedding and feed are to be provided by each exhibitor. No bedding or food shall be provided.
15. By submitting livestock entries to the fair, exhibitors agree to abide by the Tuscola County 4-H Livestock Cleanliness Policy (pg # 22). All livestock exhibitors must comply with the online verification in ShoWorks™ with their fair entries. Any exhibitor who fails to keep livestock properly fed and watered as well as maintain a neat stall will be subject to the penalties noted in the Livestock Cleanliness Policy.
16. The animal is the sole responsibility of the exhibitor from time of arrival to departure on the closing Sunday of the fair. Swine waterers may not be removed until exhibitor's hogs leave their pens on Sunday morning. If the Large Livestock exhibitor and/or an immediate family member does not attend one (1) meeting, the exhibitor will only be able to exhibit their project in a Showmanship class. They will not be able to participate in any Market classes, making them ineligible to sell their project during the fair. Please check your emailed newsletters or contact the MSU Extension office for the meeting dates and times.
23. All Large Livestock animals are to remain stalled in their designated stall during the Tuscola County Fair. No Animals are to be taken off the Fairgrounds during the week. CLASS

15 Market Swine Record Book

Affidavit for non-Ractopamine Usage in Swine

Announcements have been made from several commercial pork processing plants indicating that they will be eliminating the purchase of pigs that have been fed ractopamine from their markets. This decision is driven by the restrictions placed on pork products destined for export markets. Due to these new stipulations, the Tuscola Large Livestock committee has decided to make some changes to their rules for exhibition at the Tuscola County Fair. Pigs that have been fed a ractopamine product at any time will not be allowed to exhibit at the fair. These changes will continue to allow buyers of the pork projects at the fair access to resale markets for this year and hopefully beyond.

Rules Governing Entries, Exhibits, Awards and Business of the Association:

As stated in the fair book (year 2026) located on page 10, Section 1:

3. Disregard of any rule by the exhibitor or concessionaire forfeits all rights and privileges without recourse.

As stated in the fair book (year 2026) located on page 10, Section 3:

6. Any person using deception in entering any animal or article shall not be awarded a prize and shall be disbarred from exhibiting for a period of three years.

As stated in the fair book (year 2026) located on page 20, Youth Swine Department, Youth Swine Regulations:

2. The use of Ractopamine under any label will be prohibited in any exhibitor's animal feed for the Tuscola County Fair.

Ractopamine is a beta-agonist commonly used in production that mimics the effects of adrenalin and promotes lean muscle growth, and even though it can be fed any time, is typically fed a few weeks prior to slaughter. This feed additive has been approved for use in swine diets for several years, with domestic markets setting tolerance guidelines. Common names include **Paylean, Explode, XXL and Lean Maximer, among others**. Beth Ferry, MSU Extension swine specialist, states "with our exported pork sales reflecting over 25% of our markets commercial processors need to reduce the risk of distributing a product that does not meet the export markets guideline. By eliminating the use of ractopamine products in swine diets, they have done just that."

Ractopamine may be mixed in feed, or top-dressed, so be sure to talk to your Feed dealer to see exactly what is in your feed program. It is important that youth exhibitors are aware of what is in the feed that they are purchasing for their projects. Reading the ingredient label and having conversations with your feed supplier will help identify any feed additives that may not be allowed.

I have read the above information on ractopamine and by checking the box in ShoWorks™ when signing up for the Tuscola County Fair, understanding and agree therefore, that I cannot use Ractopamine in any circumstance when feeding my pig.

DAIRY

As a 4-H / FFA Livestock Exhibitor, I agree to maintain a clean pen and provide appropriate care for my animal(s) from their arrival to the fairgrounds until their departure from the fairgrounds. At 10:00 a.m. each morning the project area superintendent will do a barn check and a yellow warning tag will be issued at this time if pen(s) and care are found to be unsatisfactory. The 10:00 a.m. check will be the first of many checks throughout the day and the ONLY announced / scheduled animal check. Any pen that was issued a yellow warning tag at either the 10:00 a.m. check or any subsequent pen checks will be given two (2) hours maximum to make the pen(s) and animal care satisfactory. If the pen is still unsatisfactory after two (2) hours, a red tag will be issued and will result in a \$25.00 fine for the exhibitor. Two(2) superintendents will examine the pen(s) and sign the red tag before it is issued. Also, the project area superintendent will attempt to notify the 4-H member's leader before fines are assessed. An additional \$25.00 fine will be assessed every day thereafter that pen(s) and care are found to be unsatisfactory, no yellow warning tag will be given. After THREE Red Tags, the exhibitor will forfeit sale monies and will be asked to remove the animal from the grounds. Fines shall be deducted from monies earned in the Livestock Sale and from exhibitors directly if an animal is not listed in the sale. Fines will be issued only after agreement by the project area superintendent and a member of the Tuscola County 4-H Large Livestock Committee. Notice of fines issued will be sent to the President of the 4-H Council as well.

I will also ensure that my pen(s) are cleaned and disassembled on the satisfaction of the project area superintendent by 12:00 p.m. the last Sunday of the fair.

All Exhibitors must consent to the Large Livestock Cleanliness Agreement with the exhibitors' fair entries in ShoWorks™ to exhibit 4-H / FFA livestock animals at the fair. - D. Failure to lead or be handled safely by exhibitor in or out of the show ring.

By checking "yes" in ShoWorks™, I hereby acknowledge that my livestock that I am entering and exhibiting at the Tuscola County Fair is to my knowledge healthy and free from the above listed ailments and has not been in contact with other sick animals. Upon visible inspection at weigh in, if you are in violation of any of the above statements, you will be required to remove your livestock from the Tuscola County Fairgrounds and not be eligible to exhibit or participate in the sale of that livestock.

By Checking "yes" in ShoWorks™, I hereby acknowledge that by unloading my livestock on Sunday, July 20, 2025, at the Tuscola County Fair that my animal is perfectly healthy and accept the fact that the privilege of exhibiting and selling may be revoked if my animal is not healthy or deemed sane.

SMALL LIVESTOCK SALE

1. The small livestock sale takes place on Friday of fair week starting at 8:45 a.m.
2. Any 4-H member selling an animal in the sale is required to complete a W-9 form that can be located at: <https://www.irs.gov/forms-pubs/about-form-w-9> No more than two (2) items per exhibitor to be sold at the livestock sale. Animals must be designated in ShoWorks™.
3. All small livestock market projects must meet all species-specific regulations to be eligible for the livestock sale.
4. Accurate record sheets must be completed for each market livestock project. All record sheets are to be turned in to the Small Livestock barn by 10:00 p.m. on Monday evening of Fair. They will be judged on neatness, content, answers to questions, age of exhibitor, and year in project.
5. Only "A" animals or poultry will be sold. All Grand and Reserve market animals must be sold if eligible.
6. All exhibitors participating in the livestock sale must participate in the showmanship class for the species they wish to sell. Market Animals are **NOT** allowed to be used for Showmanship Classes with the exception of market goats.

The whole flock must be tested and cleared before any of the flock birds will be allowed in the barn. It is highly recommended that any family exhibiting more than ten (10) birds; have their flock pullorum tested at the farm prior to the fair. Contact the superintendent for further pullorum information and testing. Birds for exhibit will still have to be examined for parasites and tagged during check-in day. If any poultry shows signs of disease or parasites, the whole flock and any birds transported with or housed with the diseased bird will be sent home.
11. Exhibitors should be present while the judge is examining their poultry. If the judge requests, exhibitors may handle their own birds when the market animals are judged.

TUSCOLA COUNTY 4-H SMALL LIVESTOCK CLEANLINESS AGREEMENT – 2026

ONE PER EXHIBITOR

EXHIBITOR’S EXPECTATIONS: BY 10 A.M. AND AGAIN AT 6:00 P.M.

- Pen must be clean at both checks.
- Feed Dishes need to be full at both checks. **EXCEPTION:** Rabbits may be given regular feed at one meal and hay, hay cubes, or similar snack items at the other check (but must have a food source of some sort at both checks).
- Water container must be clean and filled with fresh water at all times; the exhibitor is expected to ensure a constant supply of water in each pen through the day.

YELLOW TAG:

- Superintendents and / or designated Fair Board representatives will do barn checks at approximately 10:00 A.M. and 6:00 P.M. and periodically throughout the day.
- A yellow tag will automatically be issued if the pen, water or food dishes are found in an unsatisfactory condition at the morning and/or evening checks, and if water is found to be lacking at any time throughout the day. Yellow tags will be signed by two (2) of the representatives described above.
- When a yellow tag is given, one (1) attempt to contact the exhibitor and/or parent/guardian will be made in using the phone number provided by the exhibitor in ShoWorks™. It is the exhibitor’s responsibility to ensure an accurate number is available and that the phone is answered. Failure to receive the call does not invalidate the yellow tag.

RED TAG:

- A yellow-tagged pen will be re-checked two (2) hours after being tagged.
- If the pen is still in an unsatisfactory condition, a red tag will be issued and signed by three (3) of the representatives described above.
- One attempt will be made to notify the exhibitor and/or parent /guardian using the phone number provided in ShoWorks™.

ADDITIONAL CONDITIONS:

- Situations do occur in which animals and pens require care outside of the morning and evening checks (for example: a goat might defecate into its water dish after a satisfactory morning check by the superintendent.) In such cases, the superintendent or other representative will attempt a courtesy call to have the exhibitor fix the problem; the exhibitor will be given a timeline to remedy the problem. If the problem is resolved as agreed, no further action will be taken. If not, a yellow tag will be given as described above, with potential for a red tag being given if the problem remains unresolved.

FINES / PENALTIES:

- A \$15 fine will be assessed when a red tag is issued.
- The fines will be deducted from the exhibitor’s proceeds from the small animal sale or his /her premium check.
- Exhibits that have been red-tagged and do not receive appropriate care in a reasonable amount of time may be sent home at the discretion of a team consisting of the representatives described above. If the animal is sent home, all premiums and awards will be forfeited .
- Exhibitors who are repeatedly non-compliant may be prohibited from exhibiting in the small livestock area in next year’s fair, at the discretion of the representatives listed above.

EXHIBITOR DIVISIONS

A rider who enters a division is able to ride in any and all classes offered in that division. Each class is judged independently of the others. Each division will have a Highpoint and a Reserve Highpoint award based on the points earned in the four best classes from the division. Points are based on the number of exhibitors in each class up to 6. If a class does not have a least 6 exhibitors, placings will not earn full points.

Points from every class (Age division & Open) will be used to determine the Overall & Reserve Grand Champion for the fair. Novice exhibitors are not eligible for this award.

Some divisions may be split or combined based on the number of entries received.

NOVICE

Rail Classes are Walk/Trot. Novice members are eligible for Showmanship and Trail Championships. In Loving Memory of Terry Lenz
Beloved Broadcaster, Community Voice, and Family Man
August 18, 1950 – August 6, 2025

Terry Lenz, a treasured voice of Saginaw and a lifelong advocate for community, music, and sports, passed away peacefully on August 6th, 2025 at the age of 74. His warm voice, kind heart, and steadfast spirit left an indelible mark on all who knew him.

For 25+ years, Terry brought stories, games, and music to life as a respected radio broadcaster. His voice became a familiar comfort to many—narrating not just the play-by-play of games, but the rhythm of a community. Whether behind the mic or in front of a crowd, he had a remarkable gift for connecting people. Terry did the Public Service

Announcements at the Tuscola County Fair for many a year.

His deep passion for music found expression as the longtime emcee of the Saginaw Eddy Concert Band, where he brought energy, history, and humor to every performance. A true sports enthusiast, he proudly announced countless local sporting events—ranging from high school March Madness and Friday night football to collegiate matchups and even Saginaw Spirit hockey games. His excitement was infectious, and he had an uncanny ability to make every moment feel like the big one.

Terry gave his voice to the world—and in doing so, gave it heart. He will be deeply missed and forever remembered.

In Loving Memory of Janet M. Lucius.
February 26, 1946 – April 6, 2026

Janet passed away on Monday, April 6, 2026, at her home in Silverwood, Michigan. Janet graduated from Millington High school in 1964. Janet was a member of Tuscola County 4-H growing up. Showing her sheep at the Tuscola County Fair is where she met John, her husband. She and John were married for over 60 years. Together she and John had 4 children; Robin, Lynnette, Mary and Jason.

Janet loved teaching children, and was a 4-H leader with the Silverwood Road Runners 4-H club for over 53 years. Over those 53 years, she taught numerous youths about sheep, poultry, gardening, sewing, and other crafts. She volunteered as the sheep superintendent for a few years and was the Small Livestock Committee treasurer for many, many years. Her expertise in both areas was greatly appreciated. Janet handled the Small Livestock Auction clerking duties at the Tuscola County Fair for a number of years too.

Janet was also a Sunday school teacher, the church secretary and treasurer. Janet would start plants for her garden in the house in late February. She loved working in her garden. She had a passion for sewing. Janet used to make her children's clothes. She was a sewing supervisor for a fashion designer named, Beccas. She even made clothes for Dolly Pardon. Janet sold Avon for 44 years. She loved babysitting her grandchildren. She touched the lives of so many and will be missed.
