WHO SHOULD ATTEND

Michigan State University Extension, Michigan Farm Bureau, and Michigan Corn Marketing Program are sponsoring grain bin rescue training programs for first responders. Personnel from the National Education Center for Agricultural Safety (NECAS) will provide the training.

DESCRIPTION

Participants will learn about grain bin design and structure, as well as the four most common ways that people become entrapped in grain bins. The hands-on portion of the training covers lockout/tagout procedures and extrication of a fully engulfed and partially engulfed victim. Full NFPA compliant gear, hearing protection, and safety glasses are required to participate in the hands-on portion of this training.

HOW TO REGISTER

There is no registration fee for this program, but because of the nature of hands-on training offered, classes will be limited to 30 participants. Registration is required. To register go to <https://events.anr.msu.edu/2025RescueProgram/>. Accommodations for persons with disabilities may be requested by contacting Charles Gould at 616-834-2812 by May 27 to make arrangements. Requests received after this date will be fulfilled when possible.

MSU is an affirmative-action, equal-opportunity employer, committed to achieving excellence through a diverse workforce and inclusive culture that encourages all people to reach their full potential. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
