## Update your bookmarks: Website Update

If you have visited our website in the last week, you may have noticed that it has a new look! Our county website, along with other MSU Extension webpages, have gotten a fresh new look and redesign. Things may look a bit different and may be located in different places than you are used to finding them as we take time this fall to update content on the site, so be sure to visit the site so you are familiar with where the content is now located (this may change throughout the fall as we work on the site). If you notice any broken links, please contact the Extension office so that we can fix them. If there is content that you would like to see on our 4-H page, be sure to also let us know so that we can keep the site updated with the information that you need!

The URL for the website has also been updated in this process. The old URL will redirect to the new site, but please update your bookmarks and saved links to the new one. The new URL is:

### Reminder of upcoming changes to Michigan 4-H Age Policy

The new 4-H programming year is finally here, and with it comes changes to the Michigan 4-H Age Policy. Beginning September 1, the Michigan 4-H Participant Age Policy reflects a younger beginning age for 4-H members. The new age for 4-H members is 8 to 19 years old, continuing to use January 1 of the program year as the date of calculation. The 4-H Cloverbud experience will remain available to youth ages 5-7.

Youth ages 8 to 19 as of January 1 of the program year are eligible to be Michigan 4-H members.

This policy change has been implemented by MSU Extension after lengthy consultation with early childhood and Michigan 4-H youth development staff, as well as careful consideration of research regarding youth and competition. Furthermore, it moves Michigan 4-H into alignment with counterparts across the country, including National 4-H.

As always, age appropriateness and safety remain a top consideration for 4-H programming areas and Michigan 4-H continues to support minimum age limits for certain learning environments that may not be appropriate for children 8 years of age. Additionally, individual county 4-H programs with MSU Extension also retain their right to determine the beginning age for 4-H involvement within that county.

Furthermore, Michigan 4-H partners such as fairs and exhibitions may choose to implement age limits for certain projects where they feel 8-year-old participation (or older age groups) may not be safe or appropriate (for example, market beef projects). Alternatively, fairs and exhibitions may offer activities that are not consistent with 4-H Cloverbud policies, such as competition for youth below age 8. These are not considered a Michigan 4-H Youth Development activity and participation is the decision of the young person and his or her family.

For more information on the 4-H Participant Age Policy, visit [http://msue.anr.msu.edu/resources/michigan\\_4\\_h\\_participant\\_age\\_policy](http://msue.anr.msu.edu/resources/michigan_4_h_participant_age_policy). For questions regarding the Cloverbud age, visit [http://msue.anr.msu.edu/resources/michigan\\_4\\_h\\_cloverbud\\_frequently\\_asked\\_questions](http://msue.anr.msu.edu/resources/michigan_4_h_cloverbud_frequently_asked_questions).

### Michigan 4-H Foundation Annual Membership Meeting

All Michigan 4-H Foundation members (those who have donated \$25 or more in the past year) are invited to attend and vote at the Michigan 4-H Foundation Annual Membership Meeting. This meeting will be held on Friday, Oct. 5, at 2:30 p.m. at the MSU Kellogg Center in East Lansing.

Agenda items include trustee elections, audited financial statement report, 2018 president's report and recognition of major donors to Michigan 4-H within the past year. Michigan 4-H donors are encouraged to attend. Admission to the annual membership meeting is complimentary.

Register by Sept. 20 at <https://mi4hfdtn.org/event/michigan-4-h-foundation-annual-membership-meeting/>.

## 4-H Age Guidelines:

Michigan 4-H Youth Development programs are open to young people aged 5-19 years of age. ## Reenrollment in 4-H

The 4-H program year runs September 1—August 31. Each year, 4-H members and volunteers must reenroll in the program. Detailed instructions regarding reenrollment will be given at the Fall Leader Update Meeting and sent out via email in September. All 4-H members and volunteers must reenroll via 4-H Online. A brief overview of the reenrollment process this year:

- After September 1, member and volunteer profiles will automatically roll over to inactive in the system.
- All members and volunteers that wish to reenroll in 4-H for the 2018-2019 program year will need to log into the account they created and update any necessary information for each person's profile that is reenrolling for the new year.
  - All information currently in the system will carry over to the new year, with the exception of the agreement signatures and health information, which have to be recompleted each year.
- DO NOT create a new account if you have ever enrolled in 4-H Online. You will be required to log into your existing account. There is an option to reset the password to the email on file! If you need to check which email you used or change your email, please contact the office.
- If any information has changed, please update the info (including any club changes or project changes!) and then resubmit your profile for approval.
- You will receive one automated email from the system when you submit your profile. You will receive another automated email once your profile has been accepted and marked active. Members and leaders are not official until their profile has been accepted by the Extension office.
- The \$20 participation fees for youth members (maximum of \$60 per family) will still be collected by administrative leaders and at the Extension office, you will not be able to pay online.
- Your reenrollment in 4-H will not be complete until youth participation fees have been turned in and profiles are determined to be completed correctly by the Extension office. All reenrollments will need to be submitted (including participation fees) by November 15.
