UNIVERSITY | **Extension**

Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or Veteran status.

4-H Project Record Book

This Project Record Book has been created specifically for 4-H members enrolled in a poultry 4-H project. Keeping a record book is an important part of the project. It will help you set goals for the project year, record your accomplishments, and provide a place to keep important records on your poultry.

What is a 4-H project? A project is a subject or topic that you learn about in 4-H. In this case, your project is poultry. You learn about your project by attending club meetings and educational workshops and working with adult leaders and other 4-H members. You can also learn from field trips and by participating in shows and competitions.

Why complete a record book? A record book is not meant to be a chore. Instead, it is a way for you to learn about your project, as well as other valuable skills such as setting goals, collecting information, evaluating information, tracking costs and expenses, organization, and others.

Completing your 4-H Poultry Project Record Book. At the beginning of the 4-H year you should select one/several of your animals to be your 4-H project animal(s) for the year. Then begin recording all the relevant information on your animal in your record book monthly. It is important to keep your record book up to date, so that completing it doesn't become a chore at the end of the year.

What are your goals for this year's poultry project? _____

Summary of Accomplishments: _____

Member Signature _____ Leader Signature _____

Poultry Project Details

Beginning Project Picture Here

Name of Animal: _____ Identification: _____

Breed: _____ Variety: _____

Date of Hatch: _____ Age: _____

Select Proper Term:

____ Cockerel ____ Pullet ____ Hen ____ Cock ____ Drake ____ Tom

Other: _____

Years in Poultry Project: _____

How did you acquire your animal?

- I purchased my animal (farm / breeder name):

- My project was born on our family farm

- Other:

Purchase Price or beginning estimated value of animal:

\$ _____

Poultry Project Details

How many birds are in your flock? _____ Number of Layers _____

What are their breeds? _____

What is the main purpose for your project's breed?

What plans do you have for your poultry project?

Why did you choose this project?

Did your club or County host any poultry project meetings/workshops?

Number of project meetings held _____ Number I attended _____

If your club/county hosted any poultry project meetings/workshops, what was your favorite part, or what was your biggest takeaway?

Egg Record

Choose one or more birds in your flock to answer the following questions

Age when bird started laying: _____ Egg Color: _____

Throughout the month, roughly how many eggs do they lay? _____

If you have multiple layers, what are some ways you can tell the difference between each hen's eggs? _____

What observations did you make overall?

What challenges did you have?

General Management

Draw a picture or write out a description of your brooding area/coop, light/heat sources, feed/water area, and any other details you would like to add:

How often do you clean the coop? How long does it take?

Do you give your project animals treats, supplements, or are they on a special diet? If so, write out what you give them and why.

Feed Tags
