Summary of Business

Current and Historical Reports and Data

Interactive Summary of Business

Access data from 1989 to present and:

- View premade reports
- Create custom reports
- Compare data over time

Summary of Business App

Downloadable Data Files & Formatted Reports

Get summary of business reports:

National Summary of Business Reports

Current and historical summary of business reports from the Risk Management Agency.

Step #2: Click on the Summary of Business App (green button)

Cost Estimator

County Crop Programs

Crop Indemnity Maps +

FTP File Access

Livestock Reports (LRP and LGM)

Access data from 1989 to present and:

- View premade reports
- Create custom reports
- Compare data over time

Summary of Business App

Step #3: Choose the “Report Generator” Option

Summary of Business
Risk Management Agency

Home | Summary of Business | **Report Generator** | Prepared Reports | Historical Reports | Help

You are: Home > Summary of Business

Summary of Business Data As of January 12, 2026

Report Summary of Business (SOB) application includes multiple components:

- Report Generator**, is an interactive report generator that allows the user to customize reports based on desired criteria. Users can select data for customized reports by various insurance elements. Users can download customized reports into a spreadsheet or a delimited file for further analysis.
- Prepared Reports**, allows the user to access previously prepared national summary reports.
- Historical Reports**, allows the user to access prepared reports from previous points in time.

RMA refreshes data each Monday morning for the most recent five years and includes all business data accepted through the Policy Acceptance and Storage System from the preceding week. RMA data prior to the most recent five years remains static.
