STATEWIDE 4-H NEWS

Wild Spartans series is back!

The ever popular 4-H Wild Spartans series is back for a new season! Join 4-H staff as they meet scientists from across MSU Extension, the MSU Department of Fisheries and Wildlife, the Michigan Department of Natural Resources, and more!

Follow along as we climb through bogs, peer into bear dens, mist net songbirds, snorkel for fish, or perhaps even tag deer. Meet researchers, learn about their field work, and the education and career path they've followed to get there. Sessions last approximately 30 minutes and will feature 1-2 guest researchers. Following presentations, youth will be encouraged to ask questions to learn more through a live Q&A with scientists.

Suggested audience age is 12-19 years. Viewers are encouraged to watch together with their families. This free series is open to both 4-H members and non-4-H members. Monthly sessions will be held on the second Tuesday of the month at 6:30 p.m. ET, October through March.

For more information and registration, visit www.canr.msu.edu/environmental_outdoor_education/wild-spartans-series.

Join the 4-H Future Squad!

Figuring all this "adulthood" out can be hard! If you are a 12-19 year-old youth in Michigan, join 4-H Future Squad in learning more about important life skills for YOUR future.

4-H Future Squad was inspired by Generation Z youth seeking life skill development for a better future for themselves and their peers. This will be the fourth year of the program, which is designed to help youth feel prepared and ready to take on the future and adulthood.

The club will meet twice a month October 2024 through May 2025, virtually through Zoom. Meetings will involve team-building and will cover areas such as money management, career readiness, stress management, goal setting, time management, communication, politics, food safety and basic household tasks.

Club meetings for the 2024-2025 year will take place on a variety of days of the week. Current meeting dates and times will be communicated via e-mail and on the upcoming programs webpage.

"I like the community I've met. We share some similar interests, and it's a great place to discuss topics that are important life skills, in a place with other people that care about learning also."
