

Kalamazoo County 4-H

Feeder Calf Project Guidelines

Project Superintendents: Greg Baker - 269-535-0936, Sara VanDyk - 269-720-7215

Project Social Media: <https://www.facebook.com/groups/264639983534>

Project Objectives & Life Skills*

- Learn basic principles of animal science and gain life skills, such as responsibility, by owning, caring for and keeping records on one or more heads of livestock.
- Gain knowledge of sound breeding, feeding and management practices.
- Start your own herd with breeding animals or raise a market animal that produces a meat product for human consumption.
- Demonstrate knowledge in the care, management and science related to the beef industry.
- **Head**
 - Record keeping
 - Wise use of resources
 - Goal setting
 - Decision making
- **Heart**
 - Nurturing relationships
 - Empathy
 - Concern for others
 - Cooperation
- **Hands**
 - Responsible citizenship
 - Marketable skills
 - Leadership
 - Teamwork
- **Health**
 - Self-responsibility
 - Character
 - Disease prevention
 - Personal safety

**note these life skills are just some examples of what 4-H members will learn in this project*

Issued in furtherance of MSU Extension work, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Quentin Tyler, Director, MSU Extension, East Lansing, MI 48824. This information is for educational purposes only. Reference to commercial products or trade names does not imply endorsement by MSU Extension or bias against those not mentioned.

Michigan State University is committed to providing equal opportunity for participation in all programs, services and activities. Accommodations for persons with disabilities may be requested by contacting the event contact Kalamazoo County 4-H two weeks before the start of events at 269-383-8830 or msue.kalamazoo@msu.edu. Requests received after this date will be honored whenever possible.

Feeder Calf Project

- This project is open to all exhibitors 5-19 years old.
- 5–7-year-olds will participate in non- competitive classes and will NOT sell in the auction.
- Pictures of each calf (must include one side & front view of the calf as well as a picture of the calf's RFID tag) must be posted to the Kalamazoo County 4-H Feeder Calf Facebook page by dates listed below.
- Mandatory: The calf must be vaccinated, dehorned, castrated, and have an electronic (RFID) ear tag in the calf's ear. An educational exhibit is required (see Educational Exhibit section below)- it can be combined with the beef project.
- In compliance with the Michigan Department of Agriculture & Rural Development (MDARD), all animals must have an electronic (RFID) tag (USDA approved official identification) to come to the fair.
- A total of 6 feeder calves may be brought to the fair: (2) Dairy Feeder, (2) Beef Feeder, (2) Beef/Dairy Cross Feeder.

Fair

Calves must stay on the fairgrounds in a designated area for the duration of the fair. The calf/pen/tack area must be clean, and chores done daily before 9am and between 4pm-6pm. Exhibitors will participate in barn duty/public education/submit thank you notes as outlined by the superintendent.

Section P - Dairy Feeder Steer

- Calves must be 100% Dairy Breeds that are any of the following: Holstein, Brown Swiss, Ayrshire, Guernsey, Jersey or a combination of the listed breeds, born between January 1 and February 28 (Feb. 29, if applicable) and in the exhibitors' possession by June 1.
- **Calves must be de-horned, castrated and vaccinated.**
- A picture of the calf with the RFID tag must be submitted to the superintendent by June 1 .
- **Cloverbud** (5–7-year-old 4-H members): calves must be born between January 1 and March 31 of the current year. All Cloverbud classes will be non-competitive. **Calves must be de-horned, castrated and vaccinated.** A picture of the calf with the RFID tag must be submitted to the superintendent by June 1.

Section Q - Beef Feeder Calf

- Beef calves can be purebred or mixed beef breed.
- Calves must be born between January 1 and May 30 of the current year and can either be a heifer or a steer.
- **Calves must be de-horned, castrated and vaccinated.**
- The calf must be in the exhibitor's possession by June 1. A picture of the calf with the RFID tag number must be submitted to the superintendent by June 1.
- **Cloverbud** (5–8-year-old 4-H members): calves must be born between January 1 and May 30 of the current year. All Cloverbud classes will be non-competitive. **Calves must be de-horned, castrated and vaccinated.** A picture of the calf with the RFID tag must be submitted to the superintendent by June 1

Section R - Beef/Dairy Cross Feeder Calf

- A beef/dairy cross is any beef breed crossed with Holstein, Brown Swiss, Ayrshire, Guernsey, or Jersey. Calves must be born between January 1 and May 30 of the current year and can either be a heifer or a steer. **Calves must be de-horned, castrated and vaccinated.** The calf must be in the exhibitor's possession by June 1. A picture of the calf with the RFID tag number must be submitted to

the superintendent by June 1.

- **Cloverbud** (5–7-year-old 4-H members): calves must be born between January 1 and May 30 of the current year. All Cloverbud classes will be non-competitive. **Calves must be de-horned, castrated and vaccinated.** A picture of the calf with the RFID tag must be submitted to the superintendent by June 1.

Section S – Showmanship

- All exhibitors must participate in Feeder Calf Showmanship.
- 4-H exhibitors must show their own animals with an exception for Cloverbud members.
- All feeder calves will compete together in showmanship.
- The Top Showman will be eligible for Master Showmanship.
- All Cloverbud classes will be non-competitive and will be entered under Dept 90.

Section T - Educational Exhibit

- Learning objective: To demonstrate knowledge in the care, management and sciences related to the dairy feeder calf.
- The educational exhibit with a profit/loss statement for **each feeder calf** must include the following record book (http://msue.anr.msu.edu/resources/4_h_market_animal_record_book) this will be considered a **minimum**. The market journal must be presented in a 3-ring binder or portfolio. Loose pages will not be accepted.
- The member may submit a poster, video, or any other creative idea in addition to the record book. Exhibitors may combine the feeder calf educational exhibit with a market steer notebook.
- The exhibit must be turned in the Saturday before the fair during still project judging.
- Exhibitors must be knowledgeable of all aspects of their project and be able and available to speak with the general public in the barn during fair week.

Auction -

- Owners of the Grand and Reserve Champion calves for each class (Dairy Feeder Steer, Beef Feeder Calf, Dairy/Beef Cross Feeder Calf) have the option of selling during the 4-H livestock auction, or they may take them home to bring them back as a finished project the following year.
- The calf must have an average daily gain of 1 ¾ pounds per day to go through the auction.
- Exhibitors must let the superintendents know immediately after the feeder calf show if their calf will be sold through the auction.
- The exhibitor's name, calf tag number, RFID tag number, and a (2) pictures of the side view of a clean calf with the exhibitor must be given to the superintendent if the calf is going through the auction.
