July 1, 2025

Dear Friends,

It's that time of the year again, Michigan—time to grab your family and friends and enjoy a Michigan county fair. From the expansive livestock barns of the Allegan County Fair to the demolition derby at the Armada Fair, Michigan's county fairs are full of educational opportunities and entertainment for the whole family.

There's something truly special about our communities coming together each year for their county fairs and celebrating what makes Michigan such a great place to live—our vibrant communities, rich agricultural heritage, and hardworking families. Whether you're enjoying local foods, cheering on the next generation of 4-H stars and future leaders of Michigan's agricultural industry, or just soaking in the excitement, I have no doubt that you will have a great time at your local county fair.

As your Governor, I am proud of the hard work and passion that goes into the exhibits and projects showcased at our county fairs. Whether you are a sponsor, exhibitor, or fairgoer, thank you for supporting your community and I hope you enjoy one of Michigan's many county fairs this summer!

Sincerely,

DR. TIM BORING
DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2025 county fair season!

Millions of people attend Michigan's county fairs each year, enjoying the sights, sounds, and activities that have become an annual tradition across the state.

Michigan's county fairs are cornerstones of social and cultural community identity. These annual events bring people together and maintain essential connections to rural traditions at a time when people are increasingly disconnected from agriculture and food production. Our state's 85 local, county, and state fairs provide safe, family-friendly entertainment and celebrate our important agricultural heritage.

County fairs also support nearly 50,000 Michigan youth who participate in livestock and community art exhibitions each year. These youth activities are meaningful educational and professional development opportunities and build lifelong connections with agriculture. The support provided by local businesses and families also provides meaningful resources for continuing education.

Whether you are here as a sponsor, exhibitor, or fairgoer, many family memories await you. I wish you great adventures during the 2025 fair season.

Sincerely,

A handwritten signature in black ink that reads "Tim Boring".

On behalf of the Monroe County Fair board of directors, I would like to invite you to attend the 78th Monroe County Fair. This year's fair is July 27th – August 2nd.

As a board, we take great pride in our fair being known as Michigan's Finest. This fair would not be what it is without the countless hours from our members, volunteers, staff, 4-H partners, sponsors and exhibitors. We thank all of you!

When you come to the fair, be sure to check out all the great entertainment we have lined up again this year. As you stroll through our grounds, you'll be sure to find tasty food choices, local business displays, our top-notch midway with plenty to see and do. Don't forget to visit the 4-H barns--we're proud to have one of the largest and best quality exhibits in the state.

We're looking forward to a great fun filled week! We thank you for attending and hope you have a memorable experience.

The support of our community is what makes the Monroe County Fair "Michigan's Finest" and we thank you!

Sincerely,

Ryan Pittman,

IAFE – CODE OF SHOW RING ETHICS

All Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and

livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. **All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.**
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events, where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.
5. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the same taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.
6. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
7. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the

animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

8. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
9. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
10. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
11. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
12. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including "Fairs and Expos:" and any special notices to members.
13. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

JUNIOR LIVESTOCK SHOW AND AUCTION SALE PROGRAM

4-H members may sell only two species units of market livestock at the Fair Market Livestock Auction. 4-H members may choose the following options:

A member may enter either sheep or swine. The member must declare the species (sheep or swine) in June Fair Entry registration. They can show two animals in whichever species they choose but they CANNOT show both sheep and hogs. A member who is 8 or older may show up to two steers in addition to their sheep or hogs. A unit, for the sale consists of 2 hogs, 2 sheep or 1 steer. A member

selling 2 steers cannot sell sheep or hogs. JLA reserves the right to limit the sale of animals if tagged animals greatly exceed local custom processing availability.

If the owner feels there is a mistake in the weigh-in, it must be brought to the attention of the Species Supt. and the Livestock General Supt. **IMMEDIATELY**. After the animal crosses the scale an exhibitor will be allowed a reweigh if they feel a mistake was made before they leave the scale area.

Market beef, market hogs and market lambs, designated by the judge or a committee appointed by the Board of Directors, as being too low a grade for selling will not be accepted for the sale.

Members not wanting their lambs or steers sold in the Livestock Auction must notify in writing the superintendent according to the following schedule:

Lambs – two hours after completion of the sheep show

Steers – two hours after completion of the steer show

Superintendents must have their completed sale bill to the Sale Tech Committee by 6 p.m. the day of their respective shows. Regarding the sale list, all announcements made from the announcers stand prior to the start of the auction will take precedent over printed materials.

No animal is accepted that has been offered for sale at any previous sale.

Members with animals properly consigned who later refuse to sell their animals will be dropped from membership in the Association for the present and ensuing year. Project credits and premium awards will also be forfeited and the member is not entitled to attend the Annual Program under any circumstances.

Members selling by private treaty after the Species show of the Fair will be considered the same as members consigning and refusing to sell as far as the rules are concerned.

The exhibitors of the animals sold at the Monroe County Fair will turn over to the Association 4% of the sale price of the animals.

Members who own and sell the champion animals will provide 4% of the sale price to the JLA. This includes market beef placing 3rd and 4th.

The funds of the Association thus collected will be used to pay for Association events (Banquets, State Training Sessions and Workshops, sponsoring Livestock delegates to various livestock events).

Any animal not placing Grand Champion or Reserve Grand Champion of the entire show will be placed in the sale order according to placing.

The Association will do everything possible to insure an honest sale. The payment for all animals is to be made to the Monroe Junior Livestock Show Association. Purchasers must check with sale officials before leaving Fairgrounds or removing animals.

Any question regarding the ownership, identification, or qualification of an animal for the show must be filed in writing by 5:00 p.m. the day before Show Day and submitted to the Extension 4-H Program Coordinator in charge. In turn this question will be filed with the Board of Directors who will call in all parties involved and make a decision which will be considered final.

No tranquilizers of any kind may be used on project animals.

All swine exhibitors auction checks will be withheld until all testing and results have been received. In the event of positive ractopamine test(s) and results cannot be determined as individual, a prorated percentage of each exhibitors hog will be assessed toward the total fine. If positive ractopamine test(s) are found to be traced to an individual exhibitor, that exhibitor will be responsible for all associated fines.

The Board of Directors shall have the authority to assess members up to \$5.00 per head on beef project animals sold at the

livestock sale and up to \$2.50 per head on sheep and swine sold at the livestock sale in order to establish a supplemental fund if necessary.

Exhibiting requirements found in the Market Livestock Divisions of the Fair Premium book may be changed by a majority vote of the Junior Livestock Show Association Board of Directors.

Livestock donated by the original buyer for resale shall be resold through a commercial stockyard.

If an animal is unsafe at any time during fair week, it may be sent home by decision of the general superintendent.

ALL exhibitor auction checks MUST be picked up AND cashed **within 60 days** from the JLA or SAA banquet, whichever is appropriate.

It is MANDATORY that exhibitors of any market livestock (small or large animals) annually obtain a Youth for the Quality Care of Animals-YQCA-certificate in order to exhibit at the current year's Monroe County Fair. Failing to obtain this certificate will result in the exhibitor's inability to have any large or small animal entries present at that year's Monroe County Fair. In the case of a first year JLA exhibitor in any species Market Animals, that exhibitor is required to attend an in-person, species-specific workshop through the JLA by **June 9, 2025**. SAA exhibitors are required to attend one (1) clinic annually by June 9, 2025.

Release of Animals and Tack

Animals which go through the sale will be shipped, according to the Buyers directions, by the Monroe County Junior Livestock Association. Any carcass or animal condemned or not accepted by the packer remains the responsibility of the owner/exhibitor. The auction sales and placing on that animal would be void. The final decision on release will be up to the discretion of the species's superintendent after fair closes. **No tack will be released prior to 5am the next day.**

Livestock that is identified as ill, diseased, injured or dangerous, or any other animal, can be released at the discretion of the Monroe County Fair designated veterinarian or at the discretion of the Monroe County Fair General Livestock Superintendent or Monroe County Fair designee 4-H Program Coordinator, the 4-H General Livestock Superintendent and two other species superintendents. Exhibitors who violate the release rules will forfeit all premiums and awards won and will be banned from showing any livestock species for a period of two (2) years at the Monroe County Fair. In reference to small animals sold through the SAA Auction, animals sold will be released to the buyers after **6:00 a.m. Sunday THE DAY AFTER THE SALE.**

Suit coats can be worn but are not required, especially in hot weather. When wearing a tie, a tie tack should be worn, to hold the tie close to the shirt, so it doesn't get in the way. Clothing or jewelry that draws undue attention to one's self or clothing that may distract from other handlers is unacceptable. **THESE RULES ALSO APPLY TO THE RALLY RING.** If shorts are worn during demonstrations at the tent, they **MUST** be (**mid-thigh**) length, and tops **MUST** have sleeves. If these rules are not followed, the exhibitor will receive an automatic 10 point deduction, unless other attire can be found. No badges, club jackets, coats with club names or ribbon prizes shall be worn or displayed, nor other visible means of identification used, by an individual, when exhibiting a dog in the ring.
- K. For Agility athletic attire including shorts that are at least **Mid thigh** length, polo shirts or t-shirts free from club name, personal identification, or logos or other printed words or sayings are acceptable. Clothing should be neat and free from wrinkles.
- L. The High Competitor trophy will be awarded to a 4-Her who has shown the same dog in Showmanship, Agility, Obedience and Rally. The High Competitor trophy will be awarded at the Dog Banquet.
- M. The Judge must disqualify any dog that attempts to attack any person or other dog in the ring. They shall mark the dog "Disqualified" or "Excused" and state the reason on the score sheet. The score sheet shall be given to the Dog Superintendent. The superintendent may call a meeting of the Aggressive Dog Committee. (See by laws) A dog that has been excused on two (2) occasions by a Judge for attacking or attempting to attack in the ring will no longer be eligible to compete in 4-H Trials.
- N. A dog that is lame may not compete and shall not receive any score for the class. Lame is defined as walking with an "unnatural gait" due to pain or discomfort. If in the Judge's opinion a dog is lame, they shall not score such a dog, and shall mark the score sheet "Excused-Lame" "No dog shall be eligible to compete in any event if it is taped or bandaged in any way or if it has anything attached to it for medical or connective purposes. Such a dog must immediately be excused and under no circumstances may it be returned later for judging after the tape, bandage or attachment has been removed.
- O. Any dog whose hair is over its eyes and interferes with its vision, may have the hair tied back with either a neutral-colored rubber band or a small plain barrette. No dog shall be eligible to compete if it appears to have been dyed or colored in any way or if the coat shows evidence of chalk or powder, if it has anything attached to it for protection or adornment. Such a dog may, at the Judge's sole discretion, be judged later if the offending condition has been corrected.

- P. The Judge must remove from competition any dog which its handler cannot control, any handler who interferes willfully with another competitor or their dog, any handler who abuses their dog on the grounds, or any dog which they consider unfit to compete. If a handler is expelled or excused by a Judge, the reason shall be stated on the score sheet, or on a separate report, and given to the 4-H Dog Superintendent.
- Q. The owner or 4-H handler of a dog entered at a 4-H event does so at their own risk and agrees to abide by the 4-H and Monroe County Fair rules and regulations.
- R. At all events, the decision of the Judge shall be final in all matters affecting the scoring and the working of the dogs and their handlers. The 4-H Superintendents shall decide all other matters arising at the event, including protest against dogs, subject, to the Rules and Regulations of the Monroe County Fair.

SECTION 682 – DOG RALLY OBEDIENCE (TROPHIES)

(Except When Designated Otherwise)**
1st \$3.00 2nd \$2.00 3rd \$1.00

GENERAL RALLY OBEDIENCE RULES – READ CAREFULLY

Per State dog show dress code: No bare midriffs. Flat shoes, such as tennis shoes are recommended. No flip flops or open toed shoes. No Denim of any color or Spandex! Skirts/dresses should be **Mid-thigh length**. Dress slacks may also be worn. Dress shirts, ties, and dress slacks are acceptable. Suit coats can be worn but are not required, especially in hot weather. When wearing a tie, a tie tack should be worn, to hold the tie close to the shirt, so it doesn't get in the way.

- A. **Placement of Signs.** Signs will be placed to the right of the handler's path except for those indicating a change in direction, in which case the sign will be directly in front of the handler to aid in that change. Exercises using cones may require entry with the sign on the left. Exact placement of signs is made by the judge while walking the course along the path that will be taken by the handlers. The course for each class will be posted at the ring prior to the familiarization time (see Section 7). If possible, copies will be given to exhibitors at check-in.
- B. **Location of Performance in Relation to signs.** Exercises are performed near the designated signs, either directly in front or in front and to the left of the signs. For Stations where the handler and the dog are required to make a sidestep to the right, the sign shall be placed in the initial path of the handler and dog, thus requiring the team to make a sufficient size sidestep to the right in order to pass the sign on the right.
- C. **Familiarization Time.** A 10-minute walkthrough for each class will be allowed for handlers without their dogs. When

the same course is used for A and B classes, the judge may choose to combine the walkthrough times. The judge must be available in the ring during this period to answer any questions the handlers might have. The judge may also choose to brief the handlers on the course during this period.

- D. **Judging.** The judge's orders will be "Are you ready?" followed by "Forward." No other orders are necessary.
- E. **Qualifying scores and general scoring.** To qualify, dog and handler must receive a minimum score of 70 points out of a possible perfect score of 100. Scoring for all levels is based on a maximum score of 100-points. Times will be used only to break ties for placements. The maximum number of points that can be deducted for any station is 10, except for a non-qualifying performance.
- F. **Space Requirements.** The ring sizes for rally shall be 40 by 50 feet to 50 by 60 feet or any combination of the sizes in between. The floor covering or ground surface must be the same as would be suitable for a traditional Obedience ring.

SECTION 683 – DOG OBEDIENCE (TROPHIES)

Obedience will be judged Saturday July 26, 8:30am
at Glenn Stock Arena

PREMIUMS FOR SECTION 683
(Except When Designated Otherwise)
1st \$3.00 2nd \$2.00 3rd \$1.00

RULES – READ CAREFULLY

Per State dog show dress code, No bare midriffs. Flat shoes, such as tennis shoes are recommended. No flip flops or open toed shoes. No Denim of any color or Spandex! Skirts/dresses should be **Mid-thigh length**; Dress slacks may also be worn. Dress shirts, ties, and dress slacks are acceptable. Suit coats can be worn but are not required, especially in hot weather. When wearing a tie, a tie tack should be worn, to hold the tie close to the shirt, so it doesn't get in the way.

- A. Dogs must have 6-foot nylon or leather leash and choker collar or buckle collar with no tags
- B. **Standardized Judging-** Standardized judging is of paramount importance. Judges are not permitted to inject their own

variations into the exercises but must see that each handler and dog executes the various exercises exactly as described in these regulations. A handler who is familiar with these regulations should be able to enter the ring under any Judge Without having to inquire how the Judge wishes to have any exercise performed, and without being confronted with some unexpected requirements.

- C. **Standard of perfection-** The Judge must carry a mental picture of the theoretically perfect performance in each exercise and score each dog and handler against this visualized standard, which shall combine the utmost in willingness, enjoyment and precision on the part of the dog, and naturalness, gentleness, and smoothness in the handling. Speed is not to be considered as the equivalent to willingness and enjoyment. Lack of willingness and enjoyment on the part of the dog must be penalized as well as roughness of handling. There shall be no less than ½ point or multiple of ½ point deductions.
- D. **Qualifying Performances-** A judge's certification on the score sheet of a Qualifying score for any dog constitutes their certification to the Monroe County Fair Dog Superintendent that on this occasion has performed all the required exercises at least in accordance with the minimum standards. A qualifying score must never be awarded to a dog whose performance has not met the minimum requirements, nor the dog that shows fear or resentment, or that relieves itself at any time while in the ring for judging. Nor a dog whose handler disciplines it or abuses it on the grounds or carries or offers food in the ring. The judge must not give a qualifying score for any exercise if they decide that it would be contrary to the best interest of the sport if all dogs in the class were to perform in the same way.
- E. **Judge's directions.** The judge's orders and signals should be given to the handlers in a clear and understandable manner, and in such a way that the work of the dog is not disturbed. Before starting each exercise, the judge shall ask: "Are you ready?" At the end of each exercise, the judge shall say "Exercise Finished." Each dog must be worked and judged separately except for the Group exercises. The judging of an exercise will begin when the judge gives the first order, not before.
- F. **No Added Requirements-** No judge shall require any dog or handler to do anything, nor penalize a dog or handler for failing to do anything, that is not required by these regulations.
- G. **A and B classes and Different Breeds-** The same methods and standards must be used for judging and scoring A and B Classes, and judging and scoring the work of dogs of different breeds. "A" Classes are for first and second year handlers. "B" classes are for Experienced dogs, for that level, OR Experienced handlers, for the level.
- H. **Interference and Double Handling-** A judge who is aware of any assistance, interference or attempts to control a dog from outside the ring, must act promptly to stop such double handling or interference, and shall penalize the dog substantially, or if, In the judge's opinion, circumstances warrant, shall give the dog a score of zero for the exercise during which the aid was received.
- I. **Rejudging-** if a dog has failed in a particular part of an exercise, it shall not ordinarily be rejudged or given a second

chance. If, in the judge's opinion, the dog's performance was prejudiced by peculiar and unusual conditions, the judge may at their discretion rejudge the dog on the entire exercise. Should the judge find it necessary to rejudge a dog or dogs from the Group exercises, the dog or dogs shall be rejudged with the next scheduled group within that class. Should there be no further group within that class, the dog or dogs to be rejudged shall immediately do the exercise alone. The dog or dogs involved will be rejudged only on the exercise in question.

- J. **Ties**-In case of a tie for any prize in the Regular classes each dog shall be tested again individually, by having it perform the entire Sub Novice Heel exercise, if a Sub Novice dog is involved. Otherwise, the tied dogs shall perform the entire Novice Heel exercise individually. The original scores shall not change.
- K. **Judge's book and Score sheets**- Scores for the Group exercises and total scores must be entered in the official judge's book immediately after each group of dogs has been judged. No score may be changed except to correct a mathematical error or if a score has been entered in the wrong column. All final scores must be entered in the judge's book before prizes are awarded. Judges shall use separate score sheets and these are to be made available to the exhibitors at the end of the class or after the Superintendent has recorded the scores in the books.
- L. **Announcement of scores**- The judge shall not disclose any score or partial score to contestants or spectators until they have completed the judging of the entire class "nor shall they permit anyone else to do so. Immediately following the Group Exercises for any of the Sub Novice classes the judge shall then inform all handlers whether they qualified. After all the scores are recorded for the class, the judge shall call for the available dogs that were shown in the class to be brought into the ring. Before awarding the prizes, the judge shall inform the spectators of the maximum number of points for a perfect score, announce the score of each prize winner and then announce to the handlers the score of each dog shown in their ring.
- M. **Explanations and Errors**- The judge is not required to explain their scoring and need not enter into a discussion with any contestant who appears to be dissatisfied. However, after prizes have been awarded and the judge's book turned in, the judge is encouraged, but not required to discuss the scoring with the exhibitors. Any interested person who thinks that there may have been a mathematical error or an error in identifying a dog may report the facts to one of the Stewards, or the Superintendents immediately so the matter may be checked.
- N. **Handicapped Handlers**- Judges may modify the specific requirements of these Regulations for the handlers to the extent necessary to permit physically handicapped handlers to compete. Dogs handled by such handlers shall be required to perform all parts of the exercises described in these regulations and shall be penalized for failure to perform any part of an exercise.
- O. **Use of Leash**- All dogs shall be kept on leash except when in the ring. Dogs should be brought into the ring and taken out of the ring on leash. Dogs should be on leash in the ring when brought in to receive awards and when waiting in the ring before and after group exercises. The leash shall be left on the judge's table or other designated place, between the individual exercises.
- P. **Heel Position**- The heel position as used in these regulations, whether the dog is sitting, standing, lying down, or moving at heel, means that the dog shall be straight in line, at the handler's left side, and as close as practical to the handler's left leg without crowding. The area from the dog's head to shoulder shall be in line with the handler's left hip.
- Q. **Hands**-In all exercises in which the dog is required to "heel free" one of the options below shall be followed (1) the handler's arms and hands shall move naturally at the handler's sides while in motion and shall hang naturally at the handler's side while not in motion, or (2) the right hand and arm must move naturally, while the left hand shall be held against and centered in front of the body, in the area of the waist. The left forearm shall be carried, as much as possible against the body. In all exercises in which the dog is required to come to or return to the handler and sit in front, the handler's arms and hands shall hang naturally at their sides while the dog is coming in and until the dog has sat in front. A substantial deduction shall be made if a handler's arms and hands are not hanging naturally at their sides while the dog is coming in and until the dog has sat in front.
- R. **Commands or signals**- A single command or signal only, maybe given by the handler, and any extra command or signal must be penalized except whenever the regulations specify "command and/or signal" the handler may give one, the other or both command and signal simultaneously. Signals must be inaudible, and the handler must not touch the dog. Any unusual noise or motion may be considered a signal and may be penalized. Whistling or use of a whistle is prohibited. The dog's name may be used once immediately before any verbal command. The dog that responds to its name without waiting for the verbal command shall be scored as having anticipated the command and be penalized. Commands that are excessively loud shall be penalized. An extra command or signal in any non-principal part of an exercise does not constitute a failing score.
- S. **Additional Commands**- If a handler gives an additional command or signal not permitted by regulations, either when no command or signal is permitted, or simultaneously with or following a permitted command or signal, the dog shall be scored as it has failed completely to perform that particular part of the exercise.
- T. **Praise**- Praise and petting are allowed between and after exercises, but points must be deducted from the total score for a dog that is not under reasonable control while being praised. At no time should the praise resemble a possible correction or discipling. A handler shall not carry or offer food in the ring. There shall be a substantial penalty for any dog that is picked up or carried at any time in the ring.
- U. **Handling between exercises**- In the Novice class the dog may be guided gently by the collar between exercises to get it into the proper position for an exercise. No other physical guidance, such as placing the dog in position with hands or straightening the dog with the knees or feet is not permitted and shall be substantially penalized. In all the classes above Novice, there shall be a substantial penalty for any dog that

is physically guided at any time or that is not readily controllable. Posing for examination and holding for measurement are permitted. Imperfections in heeling between exercises will not be judged. Minor penalties shall be imposed for a dog that does not respond promptly to its handlers' commands or signals before or between exercises in the Open, Pre Utility and Utility classes.

- V. **Training and disciplining in the ring**-The judge shall not permit any handler to train their dog in the ring by excessive verbal commands or by moving toward the dog to correct it. A handler who disciplines their dog in the ring shall not receive a qualifying score. Any abuse of a dog in the ring must be immediately reported by the judge to the 4-H Dog Superintendents.
- W. **Training on the grounds**- There shall be no intensive or abusive training of dogs on the grounds or premises and a 4-H sanctioned trial. No practice rings or areas shall be allowed at such events. All dogs shall be kept on leash except when in the ring. In the event of an attack on a person or another dog the 4-H Superintendents must be notified immediately. An Aggressive dog committee meeting could be called.
- X. **Abuse of Dogs**-The 4-H Dog Superintendents shall investigate any reports of abuse of dogs or severe disciplining of dogs on the grounds or premises of an Event. A person conducting themselves in such a manner or in another manner prejudicial to the best interest of 4-H or dog sports or fails to comply with the requirements of these regulations shall be dealt with promptly, during the trial if possible. The offender must be notified of the specific charges against them and must be given an opportunity to be heard in their own defense.

SECTION 686 – DOG SHOWMANSHIP

Showmanship will be judged Saturday, July 26, 8:30 am
at Glenn Stock Arena

PREMIUMS FOR SECTION 686 (Except When Designated Otherwise)

1st \$3.00 2nd \$2.00 3rd \$1.00

RULES – READ CAREFULLY

- The purpose of Showmanship**-The purpose of showmanship is to demonstrate teamwork between the handler and the dog, showcasing your skills as a handler. Regardless of the breed of dog, you learn the skills required to present your dog and bring out its finest qualities. Your presentation is being judged, not the dog's conformation. You learn breed characteristics for the breed your dog represents. You learn

the anatomy and physiology of the dog, and how to move as one with your dog. In 4-H the purpose of showmanship is also to test your knowledge about dogs and responsible dog ownership.

- B. **Preparing for Showmanship-** the dog is judged on both its performance in the ring and its appearance and grooming and not its conformation. In addition to obeying commands to gait, stand, and turn, he must look alert, be well groomed, and allow strangers to touch it. Because the dog is being judged on condition, grooming and temperament, as well as the way it moves, showing in this class requires as much careful preparation as does showing in an obedience class. When competing in a showmanship class, bathing the dog before the show is not your only concern. Conditioning a dog's coat, body and mind takes careful preparation. A dog that is not physically fit or is afraid does not present a positive image. You are being judged as a team in showmanship. The dog is a tool to show off your skill as a handler. There should be smooth coordination between the two of you. Grandiose gestures or jerky movements distract the judge's eye from seeing you and your dog at your best.
- C. **Per State dog show dress code,** Flat shoes, such as tennis shoes are recommended. No flip flops or open toed shoes. No Denim of any color or Spandex! Skirts/dresses should be **mid-thigh** length; Dress slacks may also be worn. Dress shirts, ties, and dress slacks are acceptable. Suit coats can be worn but are not required, especially in hot weather. When wearing a tie, a tie tack should be worn, to hold the tie close to the shirt, so it doesn't get in the way. (See general dog rules)

- Dogs must be at least one year old to compete in the agility class.
- All Dogs entered in Agility MUST show obedience until at least 3 qualifying scores in Novice Obedience have been received.

CLASSES

In 4-H, agility supplies 4-H members and their dogs with something fun to do. It also helps to build confidence and teamwork between the members and their dogs. These traits should carry over to Obedience, Rally and Junior Showmanship rings. Taking part in 4-H agility will encourage handlers to work harder on their Obedience training. As they reach higher levels of competition, the members will be required to have greater control of their dogs off leash. Although training for agility should always remain fun for both handler and dog, safety and safe use of equipment should be top priority. Members should help their dogs gradually develop the high level of concentration that agility requires, guiding them in a positive manner.

All 4-H participants – youth, families, volunteers, and Extension staff – who participate in or attend any activity or event sponsored by the Michigan State University Extension 4-H Youth Development Program are expected to uphold the values of the Michigan 4-H program. All 4-H youth participants must conduct themselves according to the following standards that apply to all Michigan 4-H programs, including virtual programs, and interactions such as social media and internet engagement.
- 2. Create a Welcoming Environment for All. Encourage everyone to fully participate in 4-H. Recognize that all people have skills and talents that can help others and improve the community. Though we will not always agree, we must disagree respectfully. When we disagree, try to understand why. Our first priority is to create a safe, inclusive space for learning, sharing and collaboration that is welcoming to people from diverse backgrounds, cultures, and perspectives. Diversity includes, but is not limited to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
- 3. Bring Your Best Self. Conduct yourself in a manner that reflects honesty, integrity, self-control, and self direction. Accept the results and outcomes of 4-H activities and programs with grace and empathy for other participants. Accept the final opinions of judges and evaluators. Be open to new ideas, suggestions, and opinions of others.
- 4. Obey the Law. Obey the laws of the locality, state and nation and Michigan State University and Extension policies and guidelines. Commit no illegal acts. Do not possess, offer to others, or use alcohol, illegal drugs, marijuana, or tobacco products, which include e-pens, e-pipes, e-hookah, e-cigars, JUULs, vapes, vape pens or other electronic nicotine delivery systems. Do not attend 4-H activities under the influence of alcohol or illegal substances. Do not possess or use weapons or firearms except as expressly permitted as part of supervised 4-H shooting sports programming. This includes dangerous or unauthorized materials such as explosives or similar items.
- 5. Honor Diversity – Yours and Others'. Respect and uphold the rights and dignity of all persons with whom you interact as part of Michigan 4-H.
- 6. Create a Safe Environment. Be kind and compassionate toward others. Be considerate and courteous of all persons and their property. Do not carelessly or intentionally harm or intimidate anyone in any way (verbally, mentally, physically, or emotionally). Do not insult, harass, or bully others or engage in other hostile behaviors, including sexual harassment, sexual assault or sexual abuse. Abstain from sexual behavior and intimate physical/sexual contact in either public or private situations at an MSU Extension youth 4-H activity or event.
- 7. Be a Team Player. Work cooperatively with all individuals involved in 4-H programs and activities. Be responsive to the reasonable requests of the person in charge such as volunteers and staff. Respect the integrity of the group and the group's decisions..
- 8. Humane Treatment of Animals. Treat animals humanely and provide appropriate animal care.
- 9. Participate Fully. Participate in and contribute to planned programs, be on time and follow through on assigned tasks/responsibilities in a manner that fosters the safety, well-being, and quality of the educational experience for self and others. Have fun!
- 10. Be A Positive Role Model. Act in a mature, responsible manner, recognizing you are role models for others and that you are representing both yourself and the Michigan State University Extension 4-H Youth Development Program. Be responsible for your behavior, use positive language, and uphold the highest standards of conduct at all 4-H activities.

SECTION 2: HORSE/PONY/MINI PROJECT REGISTRATION

I. MAY FORM REGISTRATION PROCEDURE

- A. Registration packet must be turned in on the date designated by the Monroe County 4-H Extension Office. Packet and/or online registration form must contain:
 1. Registration form completed on both sides.
 2. A picture of the project animal that clearly shows most of its markings is required. A photo from the Coggins is acceptable, whether in color or black and white.
 3. Copy of current negative Coggins.
 4. Copy of rabies vaccinations (veterinary receipt or proof of purchase).
 5. For out of state horses a health certificate no older than 20 days is required at all shows including fair. You will be asked to provide this during check in.
- B. Members may show up to 2 total animals at the fair. 1 mini and 1 big horse. Minis in the Yearling Challenge do not apply. **Subject to change based on stall availability.**
 1. The first horse/miniature horse will be designated as the Primary/Premium Horse. This Primary/Premium horse/miniature will be the project that competes in premium classes (e.g., Showmanship, Horsemanship, Equitation, etc.).
 2. All members must register each project animal on a separate form; forms are available through the 4-H Club Leader, Extension Office, Online, or from a Superintendent.
 3. A backup horse may be signed up during the May 1st enrollment. The purpose of identifying a backup horse is to have an alternative available to replace the primary horse in the event that the primary horse is deemed unsafe, injured, or deceased and needs to be replaced for fair participation.
 - a) The use of a backup horse at fair is subject to board approval
 - b) At fair, a backup horse is not eligible for championship classes and will be given an "R" at the end of their back number. It is the riders responsibility to comply with this rule.

4. Backup horses are eligible for state competition if the primary horse is deemed unsafe, injured, or deceased.
 5. All primary/premium animals are required to participate in at least one 4-H horse show event in order to attend the fair.
- C. Each 4-H member must designate a riding seat on their fair class sign up form: English, Western, Gymkhana, Ranch, or Miniature horse (no change permitted once submitted).
1. Exhibitors must participate in their premium showmanship and one (1) additional premium class (equitation, ranch pattern, horsemanship, or barrels) at the Monroe County Fair. Miniature horse exhibitors must show in showmanship and in-hand trail.
 - a) Failure to participate in both premium classes will result in disqualification from state show eligibility. Additionally, the exhibitor will be removed from their remaining classes at the fair, and their horse will be removed from the fairgrounds, unless the horse is being shared with another youth. Refer to the Fair Premium Livestock Rules for the corresponding Monroe County Fair Rule.
 2. State and award points will be accumulated based on the participant's level. Members must show their project animal at the Monroe County Fair to be eligible to compete at the Michigan State 4-H Horse/Mini Show. If the primary horse is injured prior to the state show, the backup horse may be used to show at state. However, the backup horse must be registered as a 4-H project and shown at the fair if the change is made before the fair.
- D. Horse/Pony/Mini Project members, except for Cloverbuds, are strongly encouraged to own their animal; however, it is permissible for a member to manage, but not own, an animal. In either case, ownership or management must be established prior to the May 1st deadline. Management means the youth member is responsible for at least fifty (50) percent of the daily care, feeding, and training. The club leader will determine whether a member has met the management requirements.
- E. Only individuals registered for 4-H, who have completed their fair entry by the deadlines set by the Extension Office, are eligible to exhibit at the Monroe County Fair. No exceptions will be made.
- II. DECEASED, SICKNESS, INJURY, THEFT, OR UNSAFE PROCEDURES
- A. Exhibitors may request horse/pony changes in person to the 4-H Horse and Pony Board if the request is made before the July meeting. Any horse/pony changes arising after the July meeting will be addressed on a case-by-case basis by the superintendents and executive board. Approval for a horse change is based on the death, sickness, or unsoundness of the horse (veterinarian note required). An unsafe horse may also be grounds for a horse change.
1. Changing a horse/pony after the annual form is submitted will result in the member being ineligible for champion classes.
 2. As stated in the Fair Premium Catalog: Livestock that is identified as ill, diseased, dangerous, or injured, or any other animals, can be released by the Monroe County Fair-appointed veterinarian or by the majority vote of the following individuals: the superintendent of the species in question, two other species superintendents or assistant superintendents, or the Youth Division General Livestock Superintendent, Monroe County Fair Association General Livestock Superintendent, and the County 4-H Program Coordinator. The owners of any equine assume the risk of their animal staying on the Monroe County Fairgrounds and will not find the Fair Board, show staff, superintendents, or any person associated with 4-H liable for said animal.
- III. SHARING OF PROJECT ANIMAL
- A. Each member must show their own project horse/pony/mini, not another member's.
 - B. Members of an immediate family (siblings and step-siblings) may register and show the same animal if at different levels (If they are in the same level, youth cannot show in the same classes with the exception of showmanship).
 - C. Walk/Trot and Cloverbud members may share a project animal with any member in their 4-H club and must sign up as so on the Horse & Pony registration forms.
 - D. In the event both qualify for a championship class, only one may exhibit (this decision must be made by the member's family, and notification is given to the booth).
 - E. Backup horses will follow the same rules for sharing as stated above.
- IV. PONY
