1. The purpose of the program is to provide members with an opportunity to learn about the relationship between live animal evaluation and carcass composition and quality.
2. Entry in the contest will be limited to ten (10) entries. If more than 10 participants submit their entry forms, selection of the 10 participants will be based on a combined factor of exhibitor's age plus number of years in the beef project.
3. Eligible animals include any of the 4-H project beef registered in a given member's name. **Note:** Any and all potential carcass animals were required to be ear-tagged and registered in the St. Joseph County MSU Extension office by **June 5, 2025**.
4. All animals intended for entry in the Carcass Contest **MUST** be taken off feed and water following the evening feeding on Friday, September 5, 2025.
5. The 4-H Carcass Beef Contest will take place according to the following schedule:
  - **Live Beef Weigh-in/Drop off:** Saturday, September 6, 2025, from **10:00 - 11:00 a.m.** at the fairgrounds in Centreville. All animals entered in the Carcass Beef Contest **MUST** be delivered to the fairgrounds by **11:00 a.m.** for weigh-in.
  - **Carcass Steer Evaluation Workshop:** Tuesday, September 9, 2025, at **7:00 p.m.** at Bontrager's Custom Meat Processing, 53541 Correll Rd., Leonidas, MI 49066. **Special Note:** All 4-H Beef/Dairy Beef Project members and leaders, and all other interested persons are **welcome** and **invited** to attend the Carcass Evaluation Workshop, since an important goal of this contest is to provide as many 4-H members as possible with an opportunity to learn about beef carcass evaluation.

6. **Attention!** All 4-H members participating in the Carcass Beef Contest are required to attend the Carcass Beef Evaluation Workshop in order to receive a premium and any associated awards. Any member who fails to meet this requirement will have his/her animal disqualified from the contest.
7. Minimum Weight Rule: Carcass beef animals (steer or heifer) must weigh a minimum of 1,000 lbs. for market beef and 1,100 lbs. for dairy market beef at weigh-in at the fairgrounds on Saturday, September 6, 2025, to be eligible to compete.
8. Cleanliness of Beef: All beef must be CLEAN (meaning free of caked-on manure/dirt) in order to be entered in the contest. If your animal's coat condition meets these criteria, then it does not need a bath unless you want to give it one. However, if your animal's coat condition is such that it has caked-on manure/dirt, then it definitely needs to be washed in order to be entered in the contest. If in doubt, bathe!!!
9. **Securing Of Beef:** Animals entered in the contest **MUST** be broken to lead.
10. The animals will be slaughtered and the carcasses prepared (for judging) at Bontrager's Custom Meat Processing.
11. Each member making an entry in this contest is responsible for arranging for a "private treaty" sale of his/her steer before it is delivered to the fairgrounds on Saturday, September 6, for weigh-in. **Exception:** The **Champion** and **Reserve Champion** beef carcasses **MUST** be sold in the 4-H Large Animal Sale on Thursday, September 18, 2025. Therefore, when you make arrangements for a "private treaty" sale of your carcass animal, it must be with the buyer's understanding that the animal will be sold in the Large Animal Sale if it wins Champion or Reserve Champion honors.
12. It is also the member's responsibility to inform the buyer of the carcass that he/she is responsible for the slaughter and processing costs (which will be directly payable by the buyer to Bontrager's Custom Meat Processing).

The "Processing (Cut) Sheet" which can be found at [https://www.canr.msu.edu/st\\_joseph/4-h/4\\_h\\_fair#carcass](https://www.canr.msu.edu/st_joseph/4-h/4_h_fair#carcass) must be filled out completely and signed by the buyer. Give the buyer one (1) completed copy to keep, and turn a second copy in on Saturday, September 6, 2025, prior to unloading your steer for weigh-in.
