Objectives of the 4-H Horse Project

To develop leadership, initiative, self-reliance, and sportsmanship.

To experience the pride and responsibility of owning a horse or pony and to learn care, feeding, management, and how to maintain the health of the animal.

To learn safety precautions to prevent injuries to themselves, to others, and to their mounts.

To prepare for citizenship responsibilities by working together in groups and supporting community projects and activities.

To appreciate horseback riding as a healthy and wholesome form of recreation as well as to gain an appreciation of our conservation and natural resources through horseback riding.

NOTE: 4-H members are urged to own their own horses, but it is not required. Records should be kept and reports made in accordance with county or area requirements.

WHY KEEP RECORDS?

When was your horse wormed? What did your horse eat last month? How much bedding do you use?

Careful record-keeping helps to answer these and other "hard-to-answer" questions at a moment's notice.

Properly kept records will give you a clear picture of what you have done in your horse project work. In fact, at the end of the year, you will have solid facts rather than haphazard "guesstimates."

Keep this record as a part of your 4-H 1192, **Member's Personal 4-H Record**, which provides space for a complete record of your 4-H projects and activities. This information is helpful if you ever apply for 4-H awards or a 4-H scholarship.

REMEMBER—records are not only for your benefit . . . they are the key to your horse's future!
