## Check List # 2: For Adoption of a Zoning Ordinance in Michigan

Original version: (2006)  
Last revised: (January 14, 2014)

This is a step-by-step procedure for planning, land use and zoning. This particular checklist (# X) is for adoption of a \_ Michigan. This checklist is designed to provide a list of steps – in order – which leads to a well-planned and zoned community. This outline is based on Public Act 110 of 2006, as amended, (being the Michigan Planning Enabling Act, M.C.L. 125.3801 et. seq.), and recommendations of Kurt H. Schindler, ACIP, and Bradley Neumann, AICP, both of MSU Extension, and intergovernmental coordination and plan content “best planning practices” derived from a proposed Coordinated Planning Act developed by the Michigan Chapter of the American Planning Association. In the check list, most of the items marked “optional” are derived from the proposed Coordinated Planning Act, not the current statute.

There are also separate procedural checklists for performing other zoning and planning functions. They are listed in Appendix B.

The Michigan Planning Enabling Act is a new statute, that changes how various planning procedures are done, and provides new duties and power to many planning commissions in the state. The purpose of this act was to create a single set of procedures to follow regardless of whether planning is being done by a city, village, township, or by a county. After September 1, 2008 (the effective date of the act) only the procedures in the Michigan Planning Enabling Act should be used as the act replaces the following statutes.

This is a checklist was developed by experts on the topic(s) covered within MSU Extension. Its intent and use is to assist Michigan communities making public policy decisions on these issues. This work refers to university-based peer reviewed research, when available and conclusive, and based on the parameters of the law as it relates to the topic(s) in Michigan. This document is written for use in Michigan and is based only on Michigan law and statute. One should not assume the concepts and rules for zoning or other regulation by Michigan municipalities and counties apply in other states. In most cases they do not. This is not original research or a study proposing new findings or conclusions.

This is a step-by-step procedure for planning, land use and zoning. This particular checklist (#2) is for adoption of a new zoning ordinance in Michigan. It is designed to provide a list of steps -- in order -- which leads to a well-planned and zoned community. This outline is based on Public Act 110 of 2006, as amended, (being the Michigan Zoning Enabling Act, M.C.L. 125.3101 et. seq.), and recommendations of Kurt H. Schindler, MSU Extension land use team member. This version of the checklists includes to the Michigan Zoning Enabling Act through February 12, 2008 (P.A. 12 of 2008).

There are also separate procedural checklists for performing other zoning and planning functions. They are listed in the box on page 2.

The Michigan Zoning Enabling Act is a new statute, that changes how various zoning procedures are done. The entire purpose of this act was to create a single set of procedures to follow regardless if zoning is being done in a city, village, township, or county. After July 1, 2006 (the effective date of the act) only the procedures in the Michigan Zoning Enabling Act should be used (and the following statutes must not be used any more). Even if local zoning has a different procedure, the procedures in the Michigan Zoning Enabling Act have to be used starting July 1, 2006.

Within a year (July 1, 2007) local zoning has to be amended to reflect the procedures in the Michigan Zoning Enabling Act. This act replaces the following statutes. Only for matters that took place before July 1, 2006 should the old statutes be referenced:

- P.A. 183 of 1943, as amended, (being the County Zoning Act, M.C.L. 125.201 et seq.) See MSU Extension's *Land Use Series* "Checklist # C2; For Adoption of a County Zoning Ordinance in Michigan".
- P.A. 184 of 1943, as amended, (being the Township Zoning Act, M.C.L. 125.271 et seq.) See MSU Extension's *Land Use Series* "Checklist # T2; For Adoption of a Township Zoning Ordinance in Michigan".
- P.A. 207 of 1921, as amended, (being the City and Village Zoning Act, M.C.L. 125.581 et seq.) See MSU Extension's *Land Use Series* "Checklist # M2; For Adoption of a City and Village Zoning Ordinance in Michigan".

For any step of this process, the Michigan State University Extension members of the MSU Land Use Team can assist with sample materials; coordinating efforts between the township, county, and the state; and providing guidelines.

This outline is not designed as a substitute for reading and understanding the Michigan Zoning Enabling Act. This outline is not a substitute for legal advice. There is no substitute for hiring an attorney. **Do not attempt** to adopt or amend an ordinance without an attorney.

## Michigan State University Extension Land Use Series

It is **important** to document each step of the process in planning and zoning a community. Keep detailed minutes, affidavits of publication and mailing, open meeting notices, letters of transmittal, and communications all on file, so years from now they are still available.

This checklist is divided into three columns. The first column has a place to check when the task is done, and a place to check when the documentation has been placed in a permanent file. The second column is the step, or task, to complete in order to adopt a proper plan/zoning ordinance, or amendment to either. The third column is what should be included in a permanent file to document the work that has been done. Sometimes the middle column is further divided into two steps. The heading will indicate which one should be followed in your community's case. It is always a matter of doing one or the other, never both.

This check list is intended to be linear, with each step being done in order, and most requiring the previous step to be done before starting the next.
