

DEPARTMENT OF FOOD SCIENCE AND HUMAN NUTRITION  
COLLEGE OF AGRICULTURE AND NATURAL RESOURCES

## Application

### Admission Review for Dietetics Program

I wish to be considered for admission to the upper level (junior/senior) of the **Dietetics Program** at the end of \_\_\_\_\_ (semester/year).

*I understand that enrollment in the dietetics major is limited; that the Bachelor of Science Degree in Dietetics is a professional degree which requires acceptance into a competitive internship in order to complete the requirements for eligibility to take the registered dietitian examination; and that a minimum cumulative grade-point average of 2.5 is necessary to be considered for admission, but does not guarantee admission.*

#### Which of the following are you requesting?

- \_\_\_ Major change to Dietetics
- \_\_\_ Dietetics as an additional major
- \_\_\_ Dietetics as a 2<sup>nd</sup> degree program

**Are there special circumstances about which you'd like the selection committee to know? If so, describe here:**
